Re: HPB18-0240 – Supplemental Letter of Intent Regarding Collins Park Hotel Located at 2000 Park Avenue, Miami Beach, Florida

Dear Tom:

This firm represents CG Sunny Isles, LLC, CG Sunny Isles I, LLC, and CG Sunny Isles II, LLC (collectively the “Applicant”), in connection with the properties located at 2000 Park Avenue (Collins Park), 2030 Park Avenue (Adams), 430 21st Street (Tyler), 450 21st Street (Lord Charles), 2035 Washington Avenue (Gamshire)¹, 435 20th Street (Sun King #1), and 425 20th Street (Sun King #2) (collectively, the “Property”). Please consider this letter the Applicant’s supplemental letter of intent to include updated detailed plans for the restoration and replication of the historic lobbies of the Collins Park Hotel, Adams Hotel and Tyler Hotel, waiver for parking credits, and sub-contractor credentials as requested by the HPB in November 2018.

Description of the Development Approval. The Applicant obtained approvals from the Historic Preservation Board (HPB File No. 7320 on 9/11/2012, 11/20/2012, & 5/13/2014), Planning Board (PB File No. 2083 on 11/28/2012 and 5/5/2014), the Board of Adjustment (BOA File Nos. 3605 & 3609 on 10/5/2012 and 11/2/2012, respectively, and 5/2/2014) and the Floodplain Management Board (FPMB File No. FP13-05 on 10/4/2013) (See Composite Exhibit A), for partial demolition, renovation, and restoration of the existing buildings, including rooftop additions and a new 5-story ground level addition, uniting their unique character into one cohesive hotel with 293 units to be called the Collins Park Hotel. These approvals were imperative to rescue these buildings from certain lapse into dereliction and permanent loss, especially in light of multiple prior

¹ The Lord Charles and the Gamshire buildings are located on the same parcel.

arson incidents that severely damaged many of the buildings. Through these approvals and corresponding building permit, the Applicant is in the process of renovating the historic buildings and bringing back a vibrant hotel to this long-dormant area of Collins Park.

The Applicant most recently obtained approval from the Historic Preservation Board in November of 2018, File No. HPB18-0240, for after-the-fact increased scope of demolition and a waiver of nonconforming setbacks. See attached Order. The HPB continued a portion of application, specifically requesting greater details for restoration and replication of the three notable historic lobbies (Collins Park, Adams and Tyler) which are the subject of the upcoming hearing.

The Applicant is committed to bring back the splendor of these buildings and the historic lobbies through dedicated analysis of original building permit records, historic resources report, historical photographs and other applicable documents. In order to restore these historic structures to the greatest extent possible, the architect has truly utilized all the resources available, scouring through numerous records to painstakingly replicate as many details as possible. The research has been followed up by meetings with Planning staff to ensure that every detail is as accurate as possible to capture the historic features. However, the Applicant has not stopped there, and has hired renowned millworker McKenzie Craft to bring these historical details to life.

McKenzie Craft. As part of their commitment to top-quality restoration and renovation, the Applicant has hired award-winning, local design, build, and custom fabrication firm McKenzie Craft. McKenzie has been active in the historical improvement of Miami Beach working on project such as 852 Collins and the Julia Hotel. In addition, McKenzie is currently working on the restoration of The Clay Hotel, Ritz-Carlton, and the Anglers Hotel. See a pamphlet of their credentials included with the supplemental application packet.

The comprehensive project will preserve and restore as much of the historic buildings as is feasible and in accordance with the approvals. With any historical project, some adjustments must be made to account for required accessibility and to preserve the structural integrity of the buildings.

Collins Park Lobby. The Collins Park lobby will serve as the main entrance for the entire project and in 2012, as part of HPB File No. 7320, the HPB approved changes to the historic layout to support that function. As you walk in to the Collins Park there is a small red door on the far end that accessed an elevator. As originally approved, this elevator has been shifted to the left in order provide direct access to the internal courtyard of the hotel and create a view of the property straight through the lobby. The supplemental

Thomas Mooney, Director
January 18, 2019
Page 3

plans with details for replication of the historic lobby maintain this openness and connectivity.

Adams Hotel Lobby. As originally designed, the Adams Hotel had varying floor levels on the ground floor and today's ADA accessibility regulations require appropriate access to all levels. As such, the beautiful Adams Hotel lobby is being improved to enhance the ADA accessibility of the building. The minor changes notably include new stairs and a raised platform by the elevator core located west of the reception desk. As a result of the required ADA improvements, the circular, compass-like terrazzo floor mural has been slightly adjusted.

Tyler Hotel Lobby. The Tyler Hotel lobby features a few small changes that the HPB approved in 2012. The curved wall by the free-standing column on the eastern end of the lobby will be slightly modified to the north in order to include structural support necessary for the second floor stairs and upper levels of the building. As a consequence of the additional support, the terrazzo design in the main area has been modestly shifted, but will be restored as close to the original as possible. The ceiling plan has been adjusted accordingly and will match with the floor area below to maintain the historical symmetry of the lobby.

Conclusion. The approved renovation of and additions to this Property will allow for the adaptive reuse of the entire Property for hotel purposes. The Applicant has gone to great lengths to ensure that the renovation and replication of the historic exteriors and public interiors of seven historic buildings, will restore them to their former glory and revive this area of Collins Park after decades of dormancy. We look forward to your favorable recommendation. If you have any questions or comments, please call me at 305-377-6236.

Sincerely,

Matthew Amster

HISTORIC PRESERVATION BOARD
City of Miami Beach, Florida

MEETING DATE: November 9, 2018

FILE NO: HPB18-0240

PROPERTY: 2000 Park Avenue, 2030 Park Avenue, 425 20th Street, 435 20th Street, 430 21st Street, 450 21st Street & 2035 Washington Avenue

APPLICANTS: CG Sunny Isles, LLC, CG Sunny Isles I, LLC and CG Sunny Isles II, LLC

LEGAL: That Part of the North 124.91 Feet of Block G Lying West of the East 225 Feet of Block G (2035 Washington Avenue & 450 21st Street), the North 125 Feet of the West 100 Feet of the East 225 Feet of Block G (430 21st Street), the North 125 Feet of the East 125 Feet of Block G (2030 Park Avenue), the South 125 Feet of the East 125 Feet of Block G (2000 Park Avenue), the South 125 Feet of the West 50 Feet of the East 175 Feet of Block G (425 20th Street), the South 125 Feet of the West 50 Feet of the East 225 Feet of Block G (435 20th Street), of the Miami Beach Improvement Company, Ocean Front Property Resubdivision, Plat Book 6, Page 102, as Recorded in the Public Records of Miami-Dade County, Florida.

IN RE: The application for modifications to a previously issued Certificate of Appropriateness for the partial demolition, renovation, and restoration of the existing 2 and 3-story buildings on the subject site, including the construction of roof-top additions and a new 5-story ground level addition, as part of a new hotel development. Specifically, the applicants are requesting after-the-fact approval for an increased scope of demolition and a waiver in accordance with Section 118-395(b)(2)(d)(2) of the City Code.

SUPPLEMENTAL ORDER

The City of Miami Beach Historic Preservation Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

I. Certificate of Appropriateness

- A. The subject site is located within the Museum Local Historic District.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted:
 - 1. Is not consistent with the Certificate of Appropriateness Criteria 'a' in Section 118-564(a)(1) of the Miami Beach Code.
 - 2. Is not consistent with Certificate of Appropriateness Criteria 'a', 'c' & 'h' in Section 118-564(a)(2) of the Miami Beach Code.

Page 2 of 8
HPB18-0240

Meeting Date: November 9, 2018

3. Is not consistent with Certificate of Appropriateness Criteria 'c' & 'e' in Section 118-564(a)(3) of the Miami Beach Code.
 4. Is not consistent with Sea Level Rise and Resiliency Review Criteria (1) & (5) in Section 133-50(a) of the Miami Beach Code.
 5. Is consistent with Certificate of Appropriateness Criteria for Demolition in Section 118-564(f)(4) of the Miami Beach Code.
- C. The project would be consistent with the criteria and requirements of section 118-564 if the following conditions are met:
1. Revised elevation, site plan and floor plan drawings shall be submitted and, at a minimum, such drawings shall incorporate the following:
 - a. The final details, including measured drawings, with cross-sections, finishes and material samples, for all significant architectural features within the public interior spaces of the Collins Park Hotel (2000 Park Avenue), the Adams Hotel (2030 Park Avenue) and the Tyler Hotel (430 21st Street), shall be submitted subject to the review and approval by the Historic Preservation Board at a future, supplemental hearing date.
 - b. The applicant shall submit qualifications and quality of work examples (samples of workmanship, background on subcontractors to do historic restoration, drawings, and details, if possible) for the contractor and/or subcontractor responsible for the restoration/reconstruction work for the public interior spaces of the Collins Park, Adams and Tyler hotels, subject to the review and approval by the Historic Preservation Board.
 - c. The lobby of the Collins Park Hotel shall be recreated to the greatest extent possible, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board; at a minimum, detailed drawings shall be provided for the recreation of the following elements:
 - i. The recreation of the patterned terrazzo floor and baseboard, marble clad reception desk, marble wainscoting and chair rail, marble door surround, wooden key rack, wall niches and decorative tray ceilings.
 - d. The exterior architectural features of the Collins Park Hotel shall be recreated to the greatest extent possible, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board; at a minimum, detailed drawings shall be provided for the recreation of the following elements:
 - i. The recreation of the main entry doors including the 'radio wave' metal work, the transom with the '2000' metalwork address and the cast stone surround.

Page 3 of 8
HPB18-0240
Meeting Date: November 9, 2018

- ii. The recreation of the central upper façade, including the vertical stucco bands, the cast stone chevron panels, the glass block at the roof level, the decorative fluting along the parapet, the railings of the faux balconies and the original 'Collins Park' sign.
- iii. The restoration or recreation of the ground level planters.
- iv. The recreation of the horizontal banding between windows and the copper shields on the sides of the building facing Park Avenue and 20th Street.
- e. The lobby of the Adams Hotel shall be recreated to the greatest extent possible, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board; at a minimum, detailed drawings shall be provided for the recreation of the following elements:
 - i. The recreation of the patterned terrazzo floor, filled and polished natural coral stone clad reception desk, fluted engaged columns, recessed lighting cove, niches and wooden key rack.
- f. The exterior architectural features of the Adams Hotel shall be recreated to the greatest extent possible, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board; at a minimum, detailed drawings shall be provided for the recreation of the following elements:
 - i. The restoration of the tower element including the recreation of the weathervane.
 - ii. The recreation of the terrazzo rose compass in the courtyard.
 - iii. The recreation of the original 'Adams Hotel' sign.
 - iv. The restoration and/or recreation of raised square medallions
 - v. The recreation of the ground level planters.
- g. The lobby of the Tyler Hotel shall be recreated to the greatest extent possible, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board; at a minimum, detailed drawings shall be provided for the recreation of the following elements:
 - i. The recreation of the patterned terrazzo floor, filled and polished natural coral stone clad reception desk, natural coral stone fireplace, natural coral stone baseboard, decorative columns and tray ceiling.
- h. The exterior architectural features of the Tyler Hotel shall be recreated to the greatest extent possible, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions

Page 4 of 8
 HPB18-0240
 Meeting Date: November 9, 2018

from the Board; at a minimum, detailed drawings shall be provided for the recreation of the following elements:

- i. The restoration or recreation of the natural coral stone front terrace.
 - ii. The restoration or recreation of the natural coral stone front door surround.
 - iii. The restoration or recreation of the filled and honed coral stone cladding.
- i. The lobbies and primary facades of the Lord Charles and Gamshire apartment building shall be restored / recreated to the greatest extent possible, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - j. The exterior architectural features of the Sun King #1 building shall be recreated to the greatest extent possible consistent with available historic documentation and the plans previously approved by the Board, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board; at a minimum, detailed drawings shall be provided for the recreation of the following elements:
 - i. The recreation of the porch structures with fluted wooden columns.
 - ii. The restoration of the window openings along 20th Street.
 - iii. The restoration / recreation of the stucco details including the fluted vertical stucco bands, window surrounds some with stucco keystone, quoining, cornice moldings and cartouche.
 - k. The exterior front approximately 46'-0" of the Sun King #2 building shall be reconstructed consistent with available historical documentation and the plans previously approved by the Board, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
2. A progress report shall be given to the Board within 120 days of the date of this order, at which time the Board has requested a statement from the general contractor regarding the approved after-the-fact demolition and a construction update for the project.
 3. In accordance with Section 118-395(b)(2) of the City Code, the requirement pertaining to an existing structure's setbacks, is hereby waived.
 4. The Board shall consider a waiver In accordance with Section 118-395(b)(2) of the City Code, to retain the existing structure's parking credits, at a future meeting, provided however, all other conditions relating to complete restoration of the public interiors of the Collins Park site, the Adams site, and Tyler site are approved to the satisfaction of the Board.

Page 5 of 8
HPB18-0240
Meeting Date: November 9, 2018

In accordance with Section 118-537, the applicant, the owner(s) of the subject property, the City Manager, Miami Design Preservation League, Dade Heritage Trust, or an affected person may appeal the Board's decision on a Certificate of Appropriateness to a special master appointed by the City Commission.

II. Variance(s)

- A. No request for variances has been filed as a part of the application.

The decision of the Board regarding variances shall be final and there shall be no further review thereof except by resort to a court of competent jurisdiction by petition for writ of certiorari.

III. General Terms and Conditions applying to both 'I. Certificate of Appropriateness' and 'II. Variances' noted above.

- A. A copy of all pages of the recorded Supplemental Final Order shall be scanned into the plans submitted for building permit, and shall be located immediately after the front cover page of the permit plans.
- B. The Supplemental Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
- C. The Supplemental Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
- D. The previous Final Orders dated September 11, 2012 and November 20, 2012 shall remain in full force and effect, except to the extent modified herein.
- E. A recycling/salvage plan shall be provided as part of the submittal for a demolition/building permit, in a manner to be reviewed and approved by staff.
- F. Where one or more parcels are unified for a single development, the property owner shall execute and record a unity of title or a covenant in lieu of unity of title, as may be applicable, in a form acceptable to the City Attorney.
- G. All applicable FPL transformers or vault rooms and backflow prevention devices shall be located within the building envelope with the exception of the valve (PIV) which may be visible and accessible from the street. The proposed backflow preventer facing Michigan Avenue shall be relocated.
- H. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.

Page 6 of 8
HPB18-0240
Meeting Date: November 9, 2018

- I. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
- J. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
- K. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
- L. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.
- M. There shall be **no issuance** of a Temporary Certificate of Occupancy, final Certificate of Occupancy or Certificate of Completion by the City until the completion of the restoration/reconstruction of the public interior spaces, including all significant architectural elements of the public interior of the Collins Park Hotel, Adams Hotel and Tyler Hotel in accordance with the approved plans.
- N. Upon the issuance of a final Certificate of Occupancy or Certificate of Completion, as applicable, the project approved herein shall be maintained in accordance with the plans approved by the board, and shall be subject to all conditions of approval herein, unless otherwise modified by the Board. Failure to maintain shall result in the issuance of a Code Compliance citation, and continued failure to comply may result in revocation of the Certificate of Occupancy, Completion and Business Tax Receipt.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended and adopted by the Board, that the application is GRANTED for the above-referenced project subject to those certain conditions specified in Paragraph I, II, III of the Findings of Fact, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans "Collins Park Hotel", as prepared by Kobi Karp, Architecture, Interior Design & Planning, dated September 7, 2018, as approved by the Historic Preservation Board, as determined by staff.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order. No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order, have been met.

The issuance of the approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate

Page 7 of 8
 HPB18-0240
 Meeting Date: November 9, 2018

handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required. When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original approval was granted, the application will expire and become null and void, unless the applicant makes an application to the Board for an extension of time, in accordance with the requirements and procedures of Chapter 118 of the City Code; the granting of any such extension of time shall be at the discretion of the Board. If the Full Building Permit for the project should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the application will expire and become null and void.

In accordance with Chapter 118 of the City Code, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations of the City Code. Failure to comply with this **Order** shall subject the application to Chapter 118 of the City Code, for revocation or modification of the application.

Dated this 9 day of November, 2018

Personally known to me or Produced ID:

(Signature of Notary Public)

Notary Public, State of Florida at Large
Printed Name: Teresa Maria

My Commission Expires: (Seal) 12-2-13

This document contains 11 pages.

- A. The subject structures are classified as 'Contributing' in the Miami Beach Historic Properties Database and are located within the Museum Historic District.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted is consistent with the Certificate of Appropriateness Criteria in Section 118-564(a)(1) of the Miami Beach Code, is not consistent with Certificate of Appropriateness Criteria 'a', & 'b' in Section 118-564(a)(2) of the Miami Beach Code, is not consistent with Certificate of Appropriateness Criteria 'b' & 'h' in Section 118-564(a)(3) of the Miami Beach Code, and is consistent with Certificate of Appropriateness Criteria for Demolition in Section 118-564(f)(4) of the Miami Beach Code.
- C. The project would be consistent with the criteria and requirements of section 118-564 if the following conditions are met:
 - 1. Revised elevations, site plan and floor plan drawings shall be submitted to and approved by staff; at a minimum, such drawings shall incorporate the following:
 - a. The proposed enclosed rooftop bar counters located on the Gamshire and Sun King #2 and the proposed enclosed bar counter located within the ground level courtyard shall be further detailed and returned to the Board for review and approval on October 9, 2012.
 - b. The design of all elevated bridge connections shall be open, not enclosed, and all ground level connections between buildings shall be designed to be as transparent as possible, in a manner to be reviewed and approved by staff.
 - c. Glass railings shall not be permitted. The design for all new exterior railings shall be further studied and detailed to include a combination of stainless steel stanchions and "open" cable railings. Where new roof-top railings are proposed, such railings shall be setback from the perimeter of the existing roofs in order to minimize the appearance of such railings as viewed from street level, in a manner to be reviewed and approved by staff.
 - d. All proposed property gates shall be designed in a manner compatible with the architecture of the historic buildings, subject to staff review and approval.
 - e. The design for the front entrance canopy for the Collins Park Hotel shall be simplified, subject to staff review and approval.
 - f. The design for all new balconies proposed for the courtyard elevations shall be further refined in a manner compatible with the historic architecture, and shall be differentiated for each of the historic buildings, subject to staff review and approval.
 - g. Where balconies are proposed for the courtyard elevations, the length of the balconies shall be increased to comfortably accommodate more than one person, in a manner to be reviewed and approved by staff.

- h. The design of all roof-top structures and additions shall be further developed and detailed in a manner to be reviewed and approved by staff. Any proposed privacy dividers, and cabana structures shall be indicated on the plans and detailed for further review and approval. The design for the proposed mechanical area proposed above Sinking #1 shall be provided, subject to staff review and approval.
 - i. The original planters adjacent to the northeast corner of the Adams building shall be recreated to the greatest extent possible, in a manner to be approved by staff.
 - j. The proposed new terraces at the first level along Washington Avenue, shall not be continuous and shall contain a separation of at least five (5') feet between hotel rooms in order to allow for the placement of additional landscaping, in a manner to be reviewed and approved by staff.
 - k. The proposed recording studio within the original Lord Charles Apartment building shall be relocated to a more appropriate internal portion of the site.
 - l. An identification marker of the proposed new structure or new addition to an existing structure, including the name of the design architect and year of construction, shall be required. The design, dimensions, material and location of such marker shall be consistent with the prototype B (oval), adopted for approval by the Board and shall be submitted to and approved by staff, prior to the issuance of a Building Permit. Such marker shall be two (2) square feet in size, consist of a stainless steel, brushed aluminum or similar finish and utilize an Arial font with routed out or engraved black letters.
 - m. All existing construction chain link and barbed wire fencing surrounding the site shall be removed. Any new construction fencing shall consist of solid plywood with an artistic mural along all street fronts, subject to the review and approval of staff.
 - n. All roof-top fixtures, air-conditioning units and mechanical devices shall be clearly noted on a revised roof plan and shall be architecturally screened from view.
 - o. Prior to the issuance of a Certificate of Occupancy, the project Architect shall verify, in writing, that the subject project has been constructed in accordance with the plans approved by the Planning Department for Building Permit.
2. A revised landscape plan, prepared by a Professional Landscape Architect, registered in the State of Florida, and corresponding site plan, shall be submitted to and approved by staff. The species type, quantity, dimensions, spacing, location and overall height of all plant material shall be clearly delineated and subject to the review and approval of staff. At a minimum, such plan shall incorporate the following:
- a. Where feasible, canopy trees shall be required along all street frontages and in the central courtyard.

- b. A fully automatic irrigation system with 100% coverage and an automatic rain sensor in order to render the system inoperative in the event of rain. Right-of-way areas shall also be incorporated as part of the irrigation system.
 - c. The utilization of root barriers and/or structural soil, as applicable, shall be clearly delineated on the revised landscape plan.
 - d. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all backflow preventers and all other related devices and fixtures; such fixtures and devices shall not be permitted within any required yard or any area fronting a street or sidewalk. The location of backflow preventers, siamese pipes or other related devices and fixtures, if any, and how they are screened with landscape material from the right-of-way, shall be clearly indicated on the site and landscape plans and shall be subject to the review and approval of staff.
 - e. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all applicable FPL transformers or vault rooms; such transformers and vault rooms, and all other related devices and fixtures, shall not be permitted within any required yard or any area fronting a street or sidewalk. The location of any exterior transformers, and how they are screened with landscape material from the right-of-way, shall be clearly indicated on the site and landscape plans and shall be subject to the review and approval of staff.
 - f. Prior to the issuance of a Certificate of Occupancy, the Landscape Architect for the project architect shall verify, in writing, that the project is consistent with the site and landscape plans approved by the Planning Department for Building Permit.
- 3. All building signage shall be consistent in type, composed of flush mounted, non-plastic, individual letters and shall require a separate permit. Any illuminated letters shall be composed of reverse channel letters only.
 - 4. The final exterior surface color scheme, including color samples, shall be subject to the review and approval of staff and shall require a separate permit.
 - 5. A traffic mitigation plan, which addresses all roadway Level of Service (LOS) deficiencies relative to the concurrency requirements of the City Code, if required, shall be submitted prior to the issuance of a Building Permit and the final building plans shall meet all other requirements of the Land Development Regulations of the City Code.
 - 6. Revised drawings, with corresponding color photographs, that are separate from the construction documents, drawn to scale and clearly documenting the existing conditions of the subject building, shall be submitted. Such drawings and photographs shall include all four elevations and interior floor plans of the building, as well as a site plan.
 - 7. An historic analysis of the existing site, inclusive of a photographic and written description of the history and evolution of the original and existing building on site, shall be submitted to and approved by staff and installed, prior to the issuance of a Certificate

of Occupancy (C.O.) or Temporary Certificate of Occupancy (T.C.O.); such historic analysis shall be displayed prominently within the public areas of EACH retail structure, in a location to be determined by staff.

8. All new and altered elements, spaces and areas shall meet the requirements of the Florida Accessibility Code (FAC).
9. The project shall comply with any landscaping or other sidewalk/street improvement standards as may be prescribed by a relevant Urban Design Master Plan approved prior to the completion of the project and the issuance of a Certificate of Occupancy.
10. The applicant may be required to submit a separate analysis for water and sewer requirements, at the discretion of the Public Works Director, or designee. Based on a preliminary review of the proposed project, the following may be required by the Public Works Department:
 - a. A traffic and neighborhood impact study shall be conducted as a means to measure a proposed development's impact on transportation and neighborhoods. The study shall address all roadway Level of Service (LOS) deficiencies relative to the concurrency requirements of the City Code, and if required, shall be submitted prior to the issuance of a Building Permit. The final building plans shall meet all other requirements of the Land Development Regulations of the City Code. The developer shall refer to the most recent City of Miami Beach's Traffic and Neighborhood Impact Methodology as issued by the Public Works Department.
 - b. Remove/replace sidewalks, curbs and gutters on all street frontages, if applicable. Unless otherwise specified, the standard color for city sidewalks is red, and the standard curb and gutter color is gray.
 - c. Mill/resurface asphalt in rear alley along property, if applicable.
 - d. Provide underground utility service connections and on-site transformer location, if necessary.
 - e. Provide back-flow prevention devices on all water services.
 - f. Provide on-site, self-contained storm water drainage for the proposed development.
 - g. Meet water/sewer concurrency requirements including a hydraulic water model analysis and gravity sewer system capacity analysis as determined by the Department and the required upgrades to water and sewer mains servicing this project.
 - h. Payment of City utility impact fees for water meters/services.
 - i. Provide flood barrier ramps to underground parking or minimum slab elevation to be at highest adjacent crown road elevation plus 8".

- j. Right-of-way permit must be obtained from Public Works.
 - k. All right-of-way encroachments must be removed.
 - l. All planting/landscaping in the public right-of-way must be approved by the Public Works and Parks Departments.
11. A drawn plan and written procedure for the proposed demolition shall be prepared and submitted by a Professional Structural Engineer, registered in the State of Florida, which fully ensures the protection of the public safety, as well as the protection of all existing structures adjacent to the subject site during the course of demolition.
12. The Certificate of Appropriateness for Demolition shall only remain in effect for the period of time that there is an active Certificate of Appropriateness for the associated new construction on the subject property.
13. The Applicant agrees to the following operational conditions for any and all permitted hotel and accessory uses and shall bind itself, lessees, permittees, concessionaires, renters, guests, users, and successors and assigns and all successors in interest in whole or in part to comply with the following operational and noise attenuation requirements and/or limitations.
- a. RESTAURANT CONDITIONS
 - i. No ground floor accessory restaurant use shall operate between 2:00 A.M. and 6:00 A.M., seven (7) days a week. Ground floor outdoor restaurant seating located within 60 feet of any street shall cease operation at 12:00 A.M., seven (7) days a week. This shall not apply to room service.
 - b. ROOFTOP CONDITIONS
 - i. The applicant shall ensure through appropriate contracts, assignments and management rules that these restrictions are enforced. Owner agrees to include the rules and regulations set forth in these conditions in any contract or assignment.
 - ii. Rooftop facilities, inclusive of any pool or spa and pool or spa deck, shall be for the exclusive use of registered hotel guests and their invitees, except that the general public shall be permitted on the rooftop of the new 5-story building, subject to review and approval by staff for a total occupancy of 299 or fewer for the public areas of the hotel. Alternatively, if the Code of the City of Miami Beach is amended in the future to conditionally permit Neighborhood Impact Establishments (NIE) in the RM-2 Zoning District, then the Applicant may seek approval for a NIE from the City of Miami Beach Planning Board for a total occupancy of 300 or more occupants for the public areas of the hotel. No bar counter shall be placed on the roof or on any terraces, private decks or balconies at

any time except the proposed enclosed bar counters to be placed on the rooftop of the Gamshire and the Sun King #2, subject to the review and approval of the Historic Preservation Board at a later date.

- iii. All food served on the rooftop or on exterior public areas of the hotel shall be prepared in the hotel kitchens. All patron use of assembly areas of the rooftop shall cease Sunday through Thursday at 12:00 A.M., and Friday through Saturday at 2:00 A.M. and staff clean up shall cease by one (1) hour past these times. The hotel rules and practices shall require that any rooftop pool or spa be closed from 2:00 A.M. to 8:00 A.M.
- iv. Owner agrees to install sound attenuating design elements throughout the property in order to minimize any spillover of sound to adjacent properties, in a manner consistent with the limits and requirements of the City Code. Rooftop lighting fixtures shall be designed to deflect light from spilling over to adjacent and nearby properties.
- v. All roof-top fixtures, air-conditioning units and mechanical devices shall be screened from view. In addition, Owner agrees to install an exhaust system for the kitchen that will substantially reduce all grease and smoke that would otherwise escape to the surrounding area. Finally, Owner agrees to install the fan in connection with the kitchen exhaust system within the interior of the building in order to reduce noise levels at the exhaust outlet.
- vi. All stair towers, elevators, and mechanical equipment shall be appropriately designed, screened and detailed in a manner consistent with the building's design, subject to the review and approval of staff.

c. NOISE CONDITIONS

- i. The Historic Preservation Board (HPB) or the Planning Director shall retain the right to call the owners and/or operators back before the HPB, at the expense of the owners and/ or operators, to impose and/or modify the hours of operation, and the placement or use on the property of exterior loudspeakers, fixed or portable, or amend or impose other conditions, should there be a valid violation (as determined by Code Compliance) about loud, excessive, unnecessary, or unusual noise or other conditions of this approval. An adverse adjudication of a violation against the owner or operator is not necessary for the board to have jurisdiction over the matter under this condition. This condition vests jurisdiction independent of any other condition hereof.
- ii. A violation of Chapter 46, Article IV, "Noise," of the Code of the City of Miami Beach, Florida (a/k/a "noise ordinance"), as amended, shall be deemed a violation of this approval and subject the approval to modification in accordance with the procedures for modification of prior approvals as provided for in the Code, and subject the applicant to the review provided for in the first sentence of this subparagraph.

- iii. No outdoor bar counters shall be permitted on the premises.
- iv. No speakers, except as may be required for fire or building code/Life Safety Code purposes and those associated with the distributed sound system for the within the landscape areas or at floor level, may be permitted on the ground floor and rooftops, subject to the review and approval of the Historic Preservation Board at a later date.
- v. Except as may be required for fire or building code/Life Safety Code purposes, no loudspeakers shall be affixed to or otherwise located on the exterior of the premises.
- vi. In addition to rooftop facilities, use of any pool or spa and pool or spa deck, courtyards and open air portions of the public areas of the hotel premises, as well as all terraces, private decks, and balconies associated with hotel units, shall be for the exclusive use of registered hotel guests and their invitees, except that the general public shall be permitted on the rooftop of the new 5-story building and at ground level outdoor areas adjacent to the restaurant located in the Sun King #2, subject to the review and approval by staff for a total occupancy of 299 or fewer for the public areas of the hotel. Alternatively, if the Code of the City of Miami Beach is amended in the future to conditionally permit Neighborhood Impact Establishments (NIE) in the RM-2 Zoning District, then the Applicant may seek approval for a NIE from the City of Miami Beach Planning Board for a total occupancy of 300 or more occupants for the public areas of the hotel. No bar counter shall be placed on the roof or on any terraces, private decks or balconies at any time. No bar counter shall be placed on any of these areas at any time except the proposed enclosed bar counters to be placed on the rooftop of the Gamshire and the Sun King #2, subject to the review and approval of the Historic Preservation Board at a later date.
- vii. The hotel rules and practices shall prohibit registered guests, visitors, invitees and others using the hotel facilities or otherwise on the premises, from operating audio amplification equipment, inclusive of loudspeakers, radio receivers, television sets, musical instruments, or other machines or devices for the producing or reproducing of sound, that produces noise that is plainly audible at any apartment unit in the adjacent and nearby properties.
- viii. Notwithstanding the occupancy and seat counts shown on the plans submitted, calculations for required parking and concurrency for the project shall be determined by the Planning Department prior to approval of a building permit. Such parking and traffic calculations shall be based upon both the number of hotel rooms, and, additionally, the intensity of the proposed accessory restaurant as measured by the number of seats in dining areas, and by the square footage of the liquor service areas not included in the areas for which seats are calculated as provided for in this subparagraph.

d. OPERATIONAL CONDITIONS

- i. All trash containers shall utilize rubber wheels, or the path for the trash containers shall consist of a surface finish that reduces noise, in a manner to be reviewed and approved by staff.
 - ii. Adequate trash room space, air conditioned and noise baffled, shall be provided, in a manner to be approved by the Planning and Public Works Departments. Doors shall remain closed and secured when not in active use.
 - iii. Garbage dumpster covers shall be closed at all times except when in active use and garbage pickups and service deliveries shall not take place between 7PM and 8AM.
 - iv. Outdoor cooking anywhere on the premises is prohibited. Kitchen and other cooking odors will be contained within the premises. All kitchens and other venting shall be chased to the roof and venting systems shall be employed as necessary to minimize or dissipate smoke, fumes and odors.
 - v. Equipment and supplies shall not be stored in areas visible from streets, alleys or nearby buildings.
14. At the time of completion of the project, only a **Final** Certificate of Occupancy (CO) or **Final** Certificate of Completion (CC) may be applied for; the staging and scheduling of the construction on site shall take this into account. All work on site must be completed in accordance with the plans approved herein, as well as by the Building, Fire, Planning, CIP and Public Works Departments, inclusive of all conditions imposed herein, and by other Development Review Boards, and any modifications required pursuant to field inspections, prior to the issuance of a CO or CC. This shall not prohibit the issuance of a Partial or Temporary CO, or a Partial or Temporary CC.
 15. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
 16. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
 17. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
 18. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended by the Board, that the Certificate of Appropriateness is GRANTED for the above-referenced project subject to those certain conditions specified in paragraph C of the Findings of Fact (Condition Nos. 1-18, inclusive) hereof, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans approved by the Historic Preservation Board, as determined by staff, "2360 Collins Park Hotel", as prepared by Kobi Karp Architecture Interior Design Planning, dated August 2012.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order. No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order, have been met.

The issuance of a Certificate of Appropriateness does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required. When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original Certificate of Appropriateness was granted, the Certificate of Appropriateness will expire and become null and void. If the Full Building Permit for the project should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the Certificate of Appropriateness will expire and become null and void.

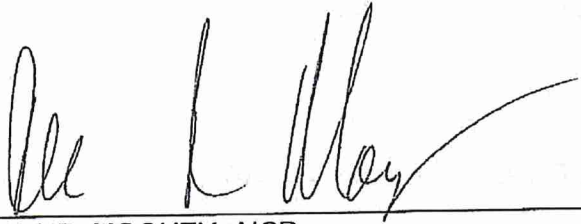

In accordance with Section 118-561 of the City Code, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations of the City Code. Failure to comply with this Order shall subject the Certificate of Appropriateness to Section 118-564, City Code, for revocation or modification of the Certificate of Appropriateness.

Dated this 28th day of SEPTEMBER, 2012.

and which are part of the record for this matter:

- A. The subject structures are classified as 'Contributing' in the Miami Beach Historic Properties Database and are located within the Museum Historic District.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted is consistent with the Certificate of Appropriateness Criteria in Section 118-564(a)(1) of the Miami Beach Code, is not consistent with Certificate of Appropriateness Criteria 'b', & 'h' in Section 118-564(a)(2) of the Miami Beach Code, is consistent with Certificate of Appropriateness Criteria in Section 118-564(a)(3) of the Miami Beach Code, and is consistent with Certificate of Appropriateness Criteria for Demolition in Section 118-564(f)(4) of the Miami Beach Code.
- C. The project would be consistent with the criteria and requirements of section 118-564 if the following conditions are met:
 1. Revised elevation, site plan and floor plan drawings shall be submitted; at a minimum, such drawings shall incorporate the following:
 - a. The final design and details of the proposed surface materials and finishes, including samples for the bar enclosures and canopy construction, shall be submitted, in a manner to be reviewed and approved by staff, including any proposed changes in deck materials.
 - b. The final design and details of all exterior lighting shall be provided, in a manner to be reviewed and approved by staff. Exterior lighting shall be designed in a manner to not have an adverse overwhelming impact upon the historic hotel structures or the surrounding historic district.
 - c. The design of all elevated bridge connections shall be open, not enclosed, and all ground level connections between buildings shall be designed to be as transparent as possible, in a manner to be reviewed and approved by staff.
 - d. Glass railings shall not be permitted. The design for all new exterior railings shall be further studied and detailed to include a combination of stainless steel stanchions and "open" cable railings. Where new roof-top railings are proposed, such railings shall be setback from the perimeter of the existing roofs in order to minimize the appearance of such railings as viewed from street level, in a manner to be reviewed and approved by staff.
 - e. All proposed property gates shall be designed in a manner compatible with the architecture of the historic buildings, subject to staff review and approval.
 - f. The design for the front entrance canopy for the Collins Park Hotel shall be simplified, subject to staff review and approval.
 - g. The design for all new balconies proposed for the courtyard elevations shall be further refined in a manner compatible with the historic architecture, and shall be

differentiated for each of the historic buildings, subject to staff review and approval.

- h. Where balconies are proposed for the courtyard elevations, the length of the balconies shall be increased to comfortably accommodate more than one person, in a manner to be reviewed and approved by staff.
 - i. The design of all roof-top structures and additions shall be further developed and detailed in a manner to be reviewed and approved by staff. Any proposed privacy dividers, and cabana structures shall be indicated on the plans and detailed for further review and approval. The design for the proposed mechanical area proposed above Sun King #1 shall be provided, subject to staff review and approval.
 - j. The original planters adjacent to the northeast corner of the Adams building shall be recreated to the greatest extent possible, in a manner to be approved by staff.
 - k. The proposed new terraces at the first level along Washington Avenue, shall not be continuous and shall contain a separation of at least five (5') feet between hotel rooms in order to allow for the placement of additional landscaping, in a manner to be reviewed and approved by staff.
 - l. The proposed recording studio within the original Lord Charles Apartment building shall be relocated to a more appropriate internal portion of the site.
 - m. An identification marker of the proposed new structure or new addition to an existing structure, including the name of the design architect and year of construction, shall be required. The design, dimensions, material and location of such marker shall be consistent with the prototype B (oval), adopted for approval by the Board and shall be submitted to and approved by staff, prior to the issuance of a Building Permit. Such marker shall be two (2) square feet in size, consist of a stainless steel, brushed aluminum or similar finish and utilize an Arial font with routed out or engraved black letters.
 - n. All existing construction chain link and barbed wire fencing surrounding the site shall be removed. Any new construction fencing shall consist of solid plywood with an artistic mural along all street fronts, subject to the review and approval of staff.
 - o. All roof-top fixtures, air-conditioning units and mechanical devices shall be clearly noted on a revised roof plan and shall be architecturally screened from view.
 - p. Prior to the issuance of a Certificate of Occupancy, the project Architect shall verify, in writing, that the subject project has been constructed in accordance with the plans approved by the Planning Department for Building Permit.
2. A revised landscape plan, prepared by a Professional Landscape Architect, registered in the State of Florida, and corresponding site plan, shall be submitted to and approved by staff. The species type, quantity, dimensions, spacing, location and overall height of all

plant material shall be clearly delineated and subject to the review and approval of staff. At a minimum, such plan shall incorporate the following:

- a. Where feasible, canopy trees shall be required along all street frontages and in the central courtyard.
 - b. A fully automatic irrigation system with 100% coverage and an automatic rain sensor in order to render the system inoperative in the event of rain. Right-of-way areas shall also be incorporated as part of the irrigation system.
 - c. The utilization of root barriers and/or structural soil, as applicable, shall be clearly delineated on the revised landscape plan.
 - d. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all backflow preventers and all other related devices and fixtures; such fixtures and devices shall not be permitted within any required yard or any area fronting a street or sidewalk. The location of backflow preventers, siamese pipes or other related devices and fixtures, if any, and how they are screened with landscape material from the right-of-way, shall be clearly indicated on the site and landscape plans and shall be subject to the review and approval of staff.
 - e. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all applicable FPL transformers or vault rooms; such transformers and vault rooms, and all other related devices and fixtures, shall not be permitted within any required yard or any area fronting a street or sidewalk. The location of any exterior transformers, and how they are screened with landscape material from the right-of-way, shall be clearly indicated on the site and landscape plans and shall be subject to the review and approval of staff.
 - f. Prior to the issuance of a Certificate of Occupancy, the Landscape Architect for the project architect shall verify, in writing, that the project is consistent with the site and landscape plans approved by the Planning Department for Building Permit.
3. All building signage shall be consistent in type, composed of flush mounted, non-plastic, individual letters and shall require a separate permit. Any illuminated letters shall be composed of reverse channel letters only.
 4. The final exterior surface color scheme, including color samples, shall be subject to the review and approval of staff and shall require a separate permit.
 5. A traffic mitigation plan, which addresses all roadway Level of Service (LOS) deficiencies relative to the concurrency requirements of the City Code, if required, shall be submitted prior to the issuance of a Building Permit and the final building plans shall meet all other requirements of the Land Development Regulations of the City Code.
 6. Revised drawings, with corresponding color photographs that are separate from the construction documents, drawn to scale and clearly documenting the existing conditions

of the subject building, shall be submitted. Such drawings and photographs shall include all four elevations and interior floor plans of the building, as well as a site plan.

7. An historic analysis of the existing site, inclusive of a photographic and written description of the history and evolution of the original and existing building on site, shall be submitted to and approved by staff and installed, prior to the issuance of a Certificate of Occupancy (C.O.) or Temporary Certificate of Occupancy (T.C.O.); such historic analysis shall be displayed prominently within the public areas of EACH retail structure, in a location to be determined by staff.
8. All new and altered elements, spaces and areas shall meet the requirements of the Florida Accessibility Code (FAC).
9. The project shall comply with any landscaping or other sidewalk/street improvement standards as may be prescribed by a relevant Urban Design Master Plan approved prior to the completion of the project and the issuance of a Certificate of Occupancy.
10. The applicant may be required to submit a separate analysis for water and sewer requirements, at the discretion of the Public Works Director, or designee. Based on a preliminary review of the proposed project, the following may be required by the Public Works Department:
 - a. A traffic and neighborhood impact study shall be conducted as a means to measure a proposed development's impact on transportation and neighborhoods. The study shall address all roadway Level of Service (LOS) deficiencies relative to the concurrency requirements of the City Code, and if required, shall be submitted prior to the issuance of a Building Permit. The final building plans shall meet all other requirements of the Land Development Regulations of the City Code. The developer shall refer to the most recent City of Miami Beach's Traffic and Neighborhood Impact Methodology as issued by the Public Works Department.
 - b. Remove/replace sidewalks, curbs and gutters on all street frontages, if applicable. Unless otherwise specified, the standard color for city sidewalks is red, and the standard curb and gutter color is gray.
 - c. Mill/resurface asphalt in rear alley along property, if applicable.
 - d. Provide underground utility service connections and on-site transformer location, if necessary.
 - e. Provide back-flow prevention devices on all water services.
 - f. Provide on-site, self-contained storm water drainage for the proposed development.
 - g. Meet water/sewer concurrency requirements including a hydraulic water model analysis and gravity sewer system capacity analysis as determined by the

Department and the required upgrades to water and sewer mains servicing this project.

- h. Payment of City utility impact fees for water meters/services.
 - i. Provide flood barrier ramps to underground parking or minimum slab elevation to be at highest adjacent crown road elevation plus 8".
 - j. Right-of-way permit must be obtained from Public Works.
 - k. All right-of-way encroachments must be removed.
 - l. All planting/landscaping in the public right-of-way must be approved by the Public Works and Parks Departments.
11. A drawn plan and written procedure for the proposed demolition shall be prepared and submitted by a Professional Structural Engineer, registered in the State of Florida, which fully ensures the protection of the public safety, as well as the protection of all existing structures adjacent to the subject site during the course of demolition.
12. The Certificate of Appropriateness for Demolition shall only remain in effect for the period of time that there is an active Certificate of Appropriateness for the associated new construction on the subject property.
13. The Applicant agrees to the following operational conditions for any and all permitted hotel and accessory uses and shall bind itself, lessees, permittees, concessionaires, renters, guests, users, and successors and assigns and all successors in interest in whole or in part to comply with the following operational and noise attenuation requirements and/or limitations.
- a. RESTAURANT CONDITIONS
 - i. No ground floor accessory restaurant use shall operate between 2:00 A.M. and 6:00 A.M, seven (7) days a week. Ground floor outdoor restaurant seating located within 60 feet of any street shall cease operation at 12:00 A.M., seven (7) days a week. This shall not apply to room service.
 - b. ROOFTOP CONDITIONS
 - i. The applicant shall ensure through appropriate contracts, assignments and management rules that these restrictions are enforced. Owner agrees to include the rules and regulations set forth in these conditions in any contract or assignment.
 - ii. Rooftop facilities, inclusive of any pool or spa and pool or spa deck, shall be for the exclusive use of registered hotel guests and their invitees, except that the general public shall be permitted on the rooftop of the new 5-story building, subject to review and approval by staff for a total

TBM

occupancy of 299 or fewer for the public areas of the hotel. Alternatively, if the Code of the City of Miami Beach is amended in the future to conditionally permit Neighborhood Impact Establishments (NIE) in the RM-2 Zoning District, then the Applicant may seek approval for a NIE from the City of Miami Beach Planning Board for a total occupancy of 300 or more occupants for the public areas of the hotel. No bar counter shall be placed on the roof or on any terraces, private decks or balconies at any time except the proposed enclosed bar counters to be placed on the rooftop of the Gamshire and the Sun King #2.

- iii. All food served on the rooftop or on exterior public areas of the hotel shall be prepared in the hotel kitchens. All patron use of assembly areas of the rooftop shall cease Sunday through Thursday at 12:00 A.M., and Friday through Saturday at 2:00 A.M. and staff clean up shall cease by one (1) hour past these times. The hotel rules and practices shall require that any rooftop pool or spa be closed from 2:00 A.M. to 8:00 A.M.
- iv. Owner agrees to install sound attenuating design elements throughout the property in order to minimize any spillover of sound to adjacent properties, in a manner consistent with the limits and requirements of the City Code. Rooftop lighting fixtures shall be designed to deflect light from spilling over to adjacent and nearby properties.
- v. All roof-top fixtures, air-conditioning units and mechanical devices shall be screened from view. In addition, Owner agrees to install an exhaust system for the kitchen that will substantially reduce all grease and smoke that would otherwise escape to the surrounding area. Finally, Owner agrees to install the fan in connection with the kitchen exhaust system within the interior of the building in order to reduce noise levels at the exhaust outlet.
- vi. All stair towers, elevators, and mechanical equipment shall be appropriately designed, screened and detailed in a manner consistent with the building's design, subject to the review and approval of staff.

c. NOISE CONDITIONS

- i. The Historic Preservation Board (HPB) or the Planning Director shall retain the right to call the owners and/or operators back before the HPB, at the expense of the owners and/ or operators, to impose and/or modify the hours of operation, and the placement or use on the property of exterior loudspeakers, fixed or portable, or amend or impose other conditions, should there be a valid violation (as determined by Code Compliance) about loud, excessive, unnecessary, or unusual noise or other conditions of this approval. An adverse adjudication of a violation against the owner or operator is not necessary for the board to have jurisdiction over the matter under this condition. This condition vests jurisdiction independent of any other condition hereof.

- ii. A violation of Chapter 46, Article IV, "Noise," of the Code of the City of Miami Beach, Florida (a/k/a "noise ordinance"), as amended, shall be deemed a violation of this approval and subject the approval to modification in accordance with the procedures for modification of prior approvals as provided for in the Code, and subject the applicant to the review provided for in the first sentence of this subparagraph.
- iii. No outdoor bar counters shall be permitted on the premises.
- iv. No speakers, except as may be required for fire or building code/Life Safety Code purposes and those associated with the distributed sound system for ambient, background music only, which does not interfere with normal conversation, within the landscape areas or at floor level of the ground floor and rooftops may be permitted
- v. In addition to rooftop facilities, use of any pool or spa and pool or spa deck, courtyards and open air portions of the public areas of the hotel premises, as well as all terraces, private decks, and balconies associated with hotel units, shall be for the exclusive use of registered hotel guests and their invitees, except that the general public shall be permitted on the rooftop of the new 5-story building and at ground level outdoor areas adjacent to the restaurant located in the Sun King #2, subject to the review and approval by staff for a total occupancy of 299 or fewer for the public areas of the hotel. Alternatively, if the Code of the City of Miami Beach is amended in the future to conditionally permit Neighborhood Impact Establishments (NIE) in the RM-2 Zoning District, then the Applicant may seek approval for a NIE from the City of Miami Beach Planning Board for a total occupancy of 300 or more occupants for the public areas of the hotel. No bar counter shall be placed on the roof or on any terraces, private decks or balconies at any time, except the proposed enclosed bar counters to be placed on the rooftop of the Gamshire and the Sun King #2.
- vi. The hotel rules and practices shall prohibit registered guests, visitors, invitees and others using the hotel facilities or otherwise on the premises, from operating audio amplification equipment, inclusive of loudspeakers, radio receivers, television sets, musical instruments, or other machines or devices for the producing or reproducing of sound, that produces noise that is plainly audible at any apartment unit in the adjacent and nearby properties.
- vii. Notwithstanding the occupancy and seat counts shown on the plans submitted, calculations for required parking and concurrency for the project shall be determined by the Planning Department prior to approval of a building permit. Such parking and traffic calculations shall be based upon both the number of hotel rooms, and, additionally, the intensity of the proposed accessory restaurant as measured by the number of seats in dining areas, and by the square footage of the liquor service areas not included in the areas for which seats are calculated as provided for in this subparagraph.

d. OPERATIONAL CONDITIONS

- i. All trash containers shall utilize rubber wheels, or the path for the trash containers shall consist of a surface finish that reduces noise, in a manner to be reviewed and approved by staff.
 - ii. Adequate trash room space, air conditioned and noise baffled, shall be provided, in a manner to be approved by the Planning and Public Works Departments. Doors shall remain closed and secured when not in active use.
 - iii. Garbage dumpster covers shall be closed at all times except when in active use and garbage pickups and service deliveries shall not take place between 7PM and 8AM.
 - iv. Outdoor cooking anywhere on the premises is prohibited. Kitchen and other cooking odors will be contained within the premises. All kitchens and other venting shall be chased to the roof and venting systems shall be employed as necessary to minimize or dissipate smoke, fumes and odors.
 - v. Equipment and supplies shall not be stored in areas visible from streets, alleys or nearby buildings.
 - vi. Deliveries shall take place at the loading zones on 21st Street or 20th Street, as needed, and carefully supervised and coordinated, as proposed by the applicant.
 - vii. Trash pick-up shall take place at the loading zone on 20th Street and the operation shall be carefully managed, as proposed by the applicant.
 - viii. No patrons shall queue on public rights-of-way
 - ix. The occupancy content for each venue and amenity would be as determined by the Fire Marshall.
 - x. No accessory use shall have music, whether live or recorded, whether amplified or non-amplified, which is played at a volume that is defined as entertainment, i.e., louder than ambient background music (defined as a sound level that does not interfere with normal conversation), as proposed by the applicant.
14. At the time of completion of the project, only a **Final** Certificate of Occupancy (CO) or **Final** Certificate of Completion (CC) may be applied for; the staging and scheduling of the construction on site shall take this into account. All work on site must be completed in accordance with the plans approved herein, as well as by the Building, Fire, Planning, CIP and Public Works Departments, inclusive of all conditions imposed herein, and by other Development Review Boards, and any modifications required pursuant to field

inspections, prior to the issuance of a CO or CC. This shall not prohibit the issuance of a Partial or Temporary CO, or a Partial or Temporary CC.

15. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
16. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
17. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
18. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended by the Board, that the Certificate of Appropriateness is GRANTED for the above-referenced project subject to those certain conditions specified in paragraph C of the Findings of Fact (Condition Nos. 1-18, inclusive) hereof, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans approved by the Historic Preservation Board, as determined by staff, "Collins Park Hotel", as prepared by Kobi Karp Architecture, Interior Design & Planning, dated August 2012.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order. No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order, have been met.

The issuance of a Certificate of Appropriateness does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required. When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original Certificate of Appropriateness was granted, the Certificate of Appropriateness will expire and become null and void. If the Full Building Permit for the project should expire for any reason (including but not limited to construction not commencing and

Page 11 of 11
HPB File No. 7320
Meeting Date: November 20, 2012

continuing, with required inspections, in accordance with the applicable Building Code), the Certificate of Appropriateness will expire and become null and void.

In accordance with Section 118-561 of the City Code, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations of the City Code. Failure to comply with this Order shall subject the Certificate of Appropriateness to Section 118-564, City Code, for revocation or modification of the Certificate of Appropriateness.

Dated this 10th day of December, 2012.

IN RE: The Application for a one (1) year Extension of Time for a previously issued Certificate of Appropriateness for the for the partial demolition, renovation, and restoration of the existing two (2) and three (3) story buildings on the subject site, including the construction of roof-top additions and a new 5-story ground level addition, as part of a new hotel development.

ORDER

The applicant, CG Sunny Isles, LLC., filed an application with the City of Miami Beach Planning Department for a Certificate of Appropriateness.

The City of Miami Beach's Historic Preservation Board makes the following FINDING OF FACT based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

The applicant stated, among other things, that there were delays encountered in the

Handwritten signature or mark.

permitting process. The foregoing constitutes good cause for granting a one (1) year extension of time to the requirement that a Full Building Permit be obtained within eighteen (18) months of the original Certificate of Appropriateness.

IT IS HEREBY ORDERED, based upon the foregoing finding of fact and the staff report and analysis, which is adopted herein, including the recommendation, that a one (1) year extension of time to obtain a full building permit (which one year period shall run from the expiration date of the original approval, which was March 11, 2014) is GRANTED for the above-referenced project conditioned upon the following, to which the applicant has agreed:

1. A full building permit, not a foundation or shell permit, for the project shall be obtained by March 11, 2015.
2. Construction shall commence and continue in accordance with the applicable Building Code.
3. This extension of time shall run concurrent with any other extensions of time that may be provided to the property owner as a result of actions of non-City authorities with jurisdiction over such matters.
4. The subject site and existing site shall be maintained in good, clean, and secure conditions at all times.
5. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
6. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
7. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance as set forth in this Order and the Order for the September 11, 2012, approval have been met. The issuance of a Certificate of Appropriateness does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order and the Final Order for the September 11, 2012 meeting. If a Full Building Permit is not issued by March 11, 2015, the Certificate of Appropriateness will expire and become null and void. If the Full Building Permit should expire for any reason

Page 3 of 3
HPB File No. 7320
Meeting Date: May 13, 2014

(including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the Certificate of Appropriateness will expire and become null and void.

Dated this 20th day of MAY, 2014.

IN RE: The application by CG Sunny Isles, LLC, CG Sunny Isles I, LLC, and CG Sunny Isles II, LLC, requesting a Conditional Use Permit pursuant to Section 130-38 (4) of the City Code, to build a valet-only mechanical parking garage in a single basement level with 77 spaces (38 mechanical lifts and 1 additional space) located in the new 5-story building proposed to be constructed as part of the redevelopment and restoration of 7 historic buildings to function as one hotel with 305 units.

**LEGAL
DESCRIPTION:** See Exhibit A

MEETING DATE: November 28, 2012

CONDITIONAL USE PERMIT

CG Sunny Isles, LLC, CG Sunny Isles I, LLC, and CG Sunny Isles II, LLC (collectively, the Applicant) filed an application with the Planning Director for a Conditional Use Permit pursuant to Section 130-38(4) of the City Code, to build a valet-only mechanical parking garage in a single basement level with 77 spaces (38 mechanical lifts and 1 additional space) located in the new 5-story building proposed to be constructed as part of the redevelopment and restoration of 7 historic buildings to function as one hotel with 305 units.

The Planning Board of the City of Miami Beach makes the following FINDINGS OF FACT, based upon the evidence, information, testimony, and materials presented at the public hearing and which are part of the record for this matter:

That the property in question is located in the RM-2 Residential Multifamily Medium Intensity zoning district;

That the intended Use is consistent with the Comprehensive Plan for the area in which the property is located;

That the majority of surrounding uses are residential multifamily and condominiums;

That the intended use or construction will not result in an impact that will exceed the thresholds for the levels of service as set forth in the Comprehensive Plan;

That structures and uses associated with the request are consistent with the Ordinance;

That the public health, safety, morals, and general welfare will not be adversely affected if the Applicant complies with the conditions stated herein;

That necessary safeguards will be provided for the protection of surrounding property, persons, and neighborhood values if the following conditions are met.

IT IS THEREFORE ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony, and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which is adopted herein, including the staff recommendations, that the modifications to the Conditional Use Permit be GRANTED, as provided below:

1. This Conditional Use Permit is issued to CG Sunny Isles, LLC, CG Sunny Isles I, LLC, and CG Sunny Isles II, LLC, collectively, the Applicant, as owners of the property. Any change of operator or 50% (fifty percent) or more stock ownership, partnership interest, or the equivalent, shall require review and approval by the Planning Board as a modification to this Conditional Use Permit. Subsequent owners and operators shall be required to appear before the Board to affirm their understanding of the conditions listed herein.
2. The subject parking garage shall consist of 77 spaces, as proposed. Prior to the issuance of a building permit for the project, the Applicant shall submit an operational plan and narrative for the operation of the mechanical parking system and the parking garage area as a whole. This operational plan and narrative shall be subject to the review and approval of staff and, at a minimum, shall satisfy the following:
 - a) The garage shall be in operation 24 hours per day, seven days a week, as proposed by the Applicant. There shall be security personnel of at least one person on-site monitoring the garage operation 24 hours a day, seven days a week. The structure, operation, procedures, maintenance, service response procedures, remote technical service team, local on-site service team, and spare parts inventory shall be in accordance with manufacturer's specifications, and as detailed in the operations plan, as proposed by the Applicant.
 - b) The facility shall maintain adequate backup generators sufficient to power the car elevators. The generators shall be maintained in proper operating condition. The location of the generators shall be submitted for the review and approval by staff to ensure that any negative impacts associated with the operation or testing of the equipment are minimized. The generators shall be installed in accordance with Code requirements regarding minimum flood plain criteria.
 - c) A traffic and access management plan for the one-way access drive into the parking garage area shall be provided, and shall be subject to the review and approval of staff.
 - d) An emergency procedure that includes a quick-response service contract with the mechanical lifts and manual operations service provider shall be implemented, as proffered by the Applicant.
 - e) Repair personnel for the mechanical lifts shall be on call 24 hours per day, seven days per week.
 - f) Warning signs prohibiting horn honking or car alarm sounding shall be posted prominently by the Applicant or valet operator, and valet attendants shall be instructed to observe them strictly.

- g) Valet storage of vehicles in the mechanical parking garage shall be exclusively for the hotel use, as proposed by the Applicant.
 - h) A delivery and refuse plan, including all delivery access points and routes, as well as the location of all trash and refuse areas, shall be provided and shall be subject to the review and approval of staff.
- 3. As part of the Building Permit plans for the hotel project, the Applicant shall submit revised architectural drawings, which shall be subject to the review and approval of staff; at a minimum, such plans shall satisfy the following:
 - a) The final details and plans for the proposed mechanical parking system shall be made part of the building permit plans for the hotel project and shall be subject to the review and approval of staff. Such plans shall comply with all applicable regulations and requirements of the City Code.
 - b) Details of the signals, striping, gate arms, signage, and all other design and operational features and fixtures associated with the one-way access drive to the basement level shall be provided, and shall be subject to the review and approval of staff.
 - c) Site and floor plan drawings, illustrating final design details and dimensions of the proposed pick up/drop off driveway at the SE corner of the site (Collins Park Hotel Building), shall be submitted and shall be subject to the review and approval of staff. All guest check-in and check-out shall occur at the main lobby of the Collins Park Hotel, and all valet drop-off and pick-up shall occur at the circular driveway located at the main entrance of the Collins Park Hotel.
 - d) The Applicant shall install any sound attenuating design devices that may be required, throughout the property, in order to minimize any spillover of sound to adjacent properties, which may be generated by the mechanical parking system or the driveway access to the basement parking area, in a manner consistent with the requirements of the City Code and subject to the review and approval of staff.
- 4. As part of the Building Permit plans for the hotel project, the Applicant shall submit a bicycle parking plan, which shall be subject to the review and approval of staff; at a minimum, such plan shall satisfy the following:
 - a) The site plan shall clearly indicate the location, design, and quantity of all exterior bike racks. Such bike racks shall be located within those areas of the property that are easily accessible by the public and/or guests of the hotel. The final design details, dimensions, location and quantity of exterior bike racks shall be subject to the review and approval of staff. Such plans shall also comply with all applicable regulations and requirements of the City Code.
 - b) Bicycle parking for employees shall be provided either within one or more of the existing structures, or within the basement parking area. The dimensions, location, and quantity of bikes shall be subject to the review and approval of staff. Such plans shall comply with all applicable regulations and requirements of the City Code.

5. Pursuant to Section 130-251 of the City Code, a declaration of restrictive covenants, running with the land, and stipulating that a valet operator shall be provided for such parking for so long as the use continues, shall be provided by the Applicant in a form acceptable to the City Attorney and the Planning Director, and recorded in the official records of Miami Dade County. Such covenant shall be fully executed and recorded prior to the issuance of a building permit.
6. The accessory uses for the hotel, as proposed by the Applicant, shall be operated in accordance with the following:
 - a) Café at ground floor of The Adams: Open to hotel guests and their guests only, 7:00 AM – 10:00 PM, 7 days a week.
 - b) Library at ground floor of The Gamshire: Open to hotel guests and their guests only, 24 hours/7 days a week.
 - c) Screening Room at ground floor of The Tyler: Open to hotel guests and their guests only, 24 hours/7 days a week.
 - d) Restaurant and indoor bar at the ground floor of Sun King #2: Open to the general public. Indoor area open from 6:00 AM – 2:00 AM, 7 days a week and outdoor area open from 6:00 AM – 12:00 AM, 7 days a week. Outdoor seating located within 60 feet of any street shall follow the outdoor area hours and seating located beyond 60 feet of any street shall follow the indoor hours.
 - e) Rooftops at Collins Park and The Adams: Open to hotel guests and their guests only, Sunday through Thursday 6:00 AM – 12:00 AM, Friday and Saturday 6:00 AM – 2:00 AM.
 - f) Rooftop Lounge at Lord Charles & The Gamshire: Open to hotel guests and their guests only, Sunday through Thursday 6:00 AM – 12:00 AM, Friday and Saturday 6:00 AM – 2:00 AM.
 - g) Rooftop Lounge at Sun King #2: Open to hotel guests and their guests only, Sunday through Thursday 6:00 AM – 12:00 AM, Friday and Saturday 6:00 AM – 2:00 AM.
 - h) Rooftop Lounge at new 5-story building: Open to the general public, Sunday through Thursday 6:00 AM – 12:00 AM, Friday and Saturday 6:00 AM – 2:00 AM.
7. The Planning Board shall retain the right to call the owner or operator, both now and in the future, back before the Board and modify this Conditional Use should there be valid complaints or violations (as determined by Code Compliance) about loud, excessive, unnecessary, or unusual noise, as related to the Mechanical Parking System, as well as the entire parking operation as a whole.
8. The Applicant shall address the following Concurrency and Parking requirements:
 - a) A Method of Transportation (MOT) shall be submitted to Public Works Department staff for review and approval prior to the issuance of a building permit. The MOT shall address any traffic flow disruption due to construction activity on the site.

- b) Prior to the issuance of a building permit, the Applicant shall participate in a Transportation Concurrency Management Area Plan (TCMA Plan), if deemed necessary, by paying its fair share cost, as may be determined as determined by the Concurrency Management Division.
 - c) A final concurrency determination shall be conducted prior to the issuance of a Building Permit. Mitigation fees and concurrency administrative costs, if required, shall be paid prior to the issuance of any Building Permit.
 - d) Prior to the issuance of a Building Permit, calculations for required parking for the project shall be determined by the Planning Department. Such parking calculations shall be based upon both the number of hotel rooms, and the intensity of the proposed accessory uses. A final determination for the required parking shall be conducted prior to the issuance of a Certificate of Occupancy or Business Tax Receipt, whichever comes first. If required, a one-time fee in lieu of providing the required parking on site or in combination with an annual fee, as determined by staff, shall be paid prior to the issuance of the Certificate of Occupancy.
9. The Applicant is subject to all conditions of BOA Order No. 3605 and BOA Order No. 3609, as may be amended, and with all conditions of HPB Order No. 7320, as may be amended, as well as any other lawful orders, now in effect or hereafter issued, by the Historic Preservation Board, the Design Review Board, and/or the Board of Adjustment.
 10. The Applicant, operator and/or owner, both now and in the future, shall abide by all the documents and statements submitted with this application, as well as all conditions of this Order.
 11. The Planning Board shall maintain jurisdiction of this Conditional Use Permit. If deemed necessary, at the request of the Planning Director, the Applicant shall provide a progress report to the Board. The Board reserves the right to modify the Conditional Use approval at the time of a progress report in a non-substantive manner, to impose additional conditions to address problems and to determine the timing and need for future progress reports. This Conditional Use is also subject to modification or revocation under City Code Sec. 118-194 (c).
 12. The conditions of approval for this Conditional Use Permit are binding on the Applicant, the property owners, operators, and all successors in interest and assigns.
 13. Any substantial modifications to the plans submitted and approved as part of this application, as determined by the Planning Director or designee, may require the Applicant to return to the Board for approval of the modified plans.
 14. The Applicant shall obtain a full building permit within 18 months from the date of the meeting at which the original CUP was issued, and the work shall proceed in accordance with the Florida Building Code. Extensions of time for good cause, not to exceed a total of one year for all extensions, may be granted by the Planning Board, in accordance with the requirements and procedures in the land Development Regulations.
 15. The Applicant shall resolve all outstanding violations and fines on the property, if any, prior to the issuance of a building permit for the project.

16. A violation of Chapter 46, Article IV, "Noise," of the Code of the City of Miami Beach, Florida (a/k/a "noise ordinance"), as may be amended from time to time, shall be deemed a violation of this Conditional Use Permit and subject to the remedies as described in section 118-194 of the City Code.
17. This Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the Order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
18. Within a reasonable period of time after receipt of the executed Conditional Use Permit, the Applicant, at its sole expense, shall record it in the Public Records of Miami-Dade County, and return the recorded instrument to the Planning Department. No building permit, certificate of occupancy, or certificate of completion shall be issued until this requirement has been satisfied.
19. The establishment and operation of this Conditional Use shall comply with all the aforementioned conditions of approval; non-compliance shall constitute a violation of the City Code, and shall be subject to enforcement procedures set forth in Section 114-8 of the Code and such other enforcement procedures as are permitted by law. Any failure by the Applicant to comply with the conditions of this Order shall also constitute a basis for consideration by the Planning Board for a revocation of this Conditional Use.
20. Nothing in this Order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

Dated this 24th day of January, 2013

FILE NO. 2083

IN RE: The application by CG Sunny Isles, LLC, CG Sunny Isles I, LLC, and CG Sunny Isles II, LLC requesting a one-year extension of time to obtain a full building permit for a previously issued Conditional Use approval for the construction of a valet-only mechanical parking garage located within a new 5-story structure, which is part of the redevelopment and restoration of seven historic buildings. The applicants are also requesting a modification to the existing Conditional Use Permit in order to reduce the number of parking spaces, pursuant to Article IV Section 118 of the Miami Beach City Code.

**LEGAL
DESCRIPTION:** See "Exhibit A"

MEETING DATE: May 5, 2014

MODIFIED CONDITIONAL USE PERMIT

The applicant, CG Sunny Isles, LLC, CG Sunny Isles I, LLC, and CG Sunny Isles II, LLC filed an application with the Planning Director requesting a one-year extension of time to obtain a full building permit for a previously issued Conditional Use approval for the construction of a valet-only mechanical parking garage located within a new 5-story structure, which is part of the redevelopment and restoration of seven historic buildings. The applicant is also requesting a modification to the existing Conditional Use Permit in order to reduce the number of parking spaces, pursuant to Article IV Section 118 of the Miami Beach City Code. Notice of the request was given as required by law and mailed out to owners of property within a distance of 375 feet of the exterior limits of the property upon which the application was made.

The Planning Board of the City of Miami Beach makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the of the record for this matter:

That the property in question is located in the RM-2 Residential Multifamily Medium Intensity zoning district;

That the use is consistent with the Comprehensive Plan for the area in which the property is located;

That the intended use or construction will not result in an impact that will exceed the thresholds for the levels of service as set forth in the Comprehensive Plan;

That structures and uses associated with the request are consistent with the Land Development Regulations;

That the public health, safety, morals, and general welfare will not be adversely affected if the Applicant complies with the conditions stated herein;

That necessary safeguards will be provided for the protection of surrounding property, persons, and neighborhood values.

IT IS THEREFORE ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony, and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which is adopted herein, including the staff recommendations, that the modifications to the Conditional Use Permit be GRANTED, as provided below:

1. The requested one year extension of time to obtain a full building permit is granted.
2. This Conditional Use Permit is issued to CG Sunny Isles, LLC, CG Sunny Isles I, LLC, and CG Sunny Isles II, LLC, collectively the applicant, as owner of the property. Any change of operator or 50% (fifty percent) or more stock ownership, partnership interest, or the equivalent, shall require review and approval by the Planning Board as a modification to this Conditional Use Permit. Subsequent owners and operators shall be required to appear before the Board to affirm their understanding of the conditions listed herein.
3. The subject parking garage shall consist of ~~77~~ 71 spaces, as proposed. Prior to the issuance of a building permit for the project, the Applicant shall submit an operational plan and narrative for the operation of the mechanical parking system and the parking garage area as a whole. This operational plan and narrative shall be subject to the review and approval of staff and, at a minimum, shall satisfy the following:
 - a) The garage shall be in operation 24 hours per day, seven days a week, as proposed by the applicant. There shall be security personnel of at least one person on-site monitoring the garage operation 24 hours a day, seven days a week. The structure, operation, procedures, maintenance, service response procedures, remote technical service team, local, on-site service team, and spare parts inventory shall be in accordance with manufacturer's specifications, and as detailed in the operations plan, as proposed by the applicant.
 - b) The facility shall maintain adequate backup generators sufficient to power the car elevators. The generators shall be maintained in proper operating condition. The location of the generators shall be submitted for the review and approval by staff to ensure that any negative impacts associated with the operation or testing of the equipment are minimized. The generators shall be installed in accordance with Code requirements regarding minimum flood plain criteria.
 - c) A traffic and access management plan for the one-way access drive into the parking garage area shall be provided, and shall be subject to the review and approval of staff.
 - d) An emergency procedure that includes a quick-response service contract with mechanical lifts and manual operations service provider shall be implemented proffered by the applicant.

[Handwritten signature]

- e) Repair personnel for the mechanical lifts shall be on call 24 hours per day seven days per week.
 - f) Warning signs prohibiting horn honking or car alarm sounding shall be posted prominently by the applicant or valet operator, and valet attendants shall be instructed to observe them strictly.
 - g) Valet storage of vehicles in the mechanical parking garage shall be exclusively for the hotel use, as proposed by the applicant.
 - h) A delivery and refuse plan, including all delivery access points and routes, as well as the location of all trash and refuse areas, shall be provided and shall be subject to the review and approval of staff.
4. As part of the Building Permit plans for hotel project, the applicant shall submit revised architectural drawings, which shall be subject to the review and approval of staff; at a minimum, such plans shall satisfy the following:
- a) The final details and plans for the proposed mechanical parking system shall be made part of the building permit plans for the hotel project and shall be subject to the review and approval of staff. Such plans shall comply with all applicable regulations and requirements of the City Code.
 - b) Details of the signals, striping, gate arms, signage and all other design and operational features and fixtures associated with the one-way access drive to the basement level shall be provided, and shall be subject to the review and approval of staff.
 - c) Site and floor plan drawings, illustrating final design details and dimensions of the proposed pick up/drop off driveway at the SE corner of the site (Collins Park Hotel Building), shall be submitted and shall be subject to the review and approval of staff. All guest check-in and check-out shall occur at the main lobby of the Collins Park Hotel, and all valet drop-off and pick-up shall occur at the circular driveway located at the main entrance of the Collins Park Hotel.
 - d) The applicant shall install any sound attenuating design devices that may be required, throughout the property, in order to minimize any spillover of sound to adjacent properties, which may be generated by the mechanical parking system or the driveway access to the basement parking area, in a manner consistent with the requirements of the City Code and subject to the review and approval of staff.
5. As part of the Building Permit plans for hotel project, the applicant shall submit a bicycle parking plan, which shall be subject to the review and approval of staff; at a minimum, such plan shall satisfy the following:
- a) The site plan shall clearly indicate the location, design and quantity of all exterior bike racks. Such bike racks shall be located within those areas of the property that are easily accessible by the public and/or guests of the hotel. The final design details, dimensions, location and quantity of exterior bike racks shall be subject to the review and approval of staff. Such plans shall also comply with all applicable regulations and requirements of the City Code.

- b) Bicycle parking for employees shall be provided either within one or more of the existing structures, or within the basement parking area. The dimensions, location and quantity of bikes shall be subject to the review and approval of staff. Such plans shall comply with all applicable regulations and requirements of the City Code.
6. Pursuant to Section 130-251 of the City Code, a declaration of restrictive covenants, running with the land, and stipulating that a valet operator shall be provided for such parking for so long as the use continues, shall be provided by the applicant in a form acceptable to the City Attorney and the Planning Director, and recorded in the official records of Miami Dade County. Such covenant shall be fully executed and recorded prior to the issuance of a building permit.
7. The accessory uses for the hotel, as proposed by the applicant, shall be operated in accordance with the following:
- a) Café at ground floor of The Adams: Open to hotel guests and their guests only, 7:00 AM – 10:00 PM, 7 days a week.
 - b) Library at ground floor of The Gamshire: Open to hotel guests and their guests only, 24 hours 7 days a week.
 - c) Screening Room at ground floor of The Tyler: Open to hotel guests and their guests only, 24 hours 7 days a week.
 - d) Restaurant and indoor bar at the ground floor of Sun King #2: Open to the general public. Indoor area open from 6:00 AM – 2:00 AM, 7 days a week and outdoor area open from 6:00 AM – 12:00 AM, 7 days a week. Outdoor seating located within 60 feet of any street shall follow the outdoor area hours and seating located beyond 60 feet of any street shall follow the indoor hours.
 - e) Rooftops at Collins Park and The Adams: Open to hotel guests and their guests only, Sunday – Thursday 6:00 AM – 12:00 AM, Friday & Saturday 6:00 AM – 2:00 AM.
 - f) Rooftop Lounge at Lord Charles & The Gamshire: Open to hotel guests and their guests only, Sunday – Thursday 6:00 AM – 12:00 AM, Friday & Saturday 6:00 AM – 2:00 AM.
 - g) Rooftop Lounge at Sun King #2: Open to hotel guests and their guests only, Sunday – Thursday 6:00 AM – 12:00 AM, Friday & Saturday 6:00 AM – 2:00 AM.
 - h) Rooftop Lounge at new 5-story building: Open to the general public, Sunday – Thursday 6:00 AM – 12:00 AM, Friday & Saturday 6:00 AM – 2:00 AM.
8. The Planning Board shall retain the right to call the owner or operator, both now and in the future, back before the Board and modify this Conditional Use should there be valid complaints or violations (as determined by Code Compliance) about loud, excessive, unnecessary, or unusual noise, as related to the Mechanical Parking System, as well as the entire parking operation as a whole.

9. The applicant shall address the following Concurrency and Parking requirements:
- a) A Method of Transportation (MOT) shall be submitted to Public Works Department staff for review and approval prior to the issuance of a building permit. The MOT shall address any traffic flow disruption due to construction activity on the site.
 - b) Prior to the issuance of a building permit, the applicant shall participate in a Transportation Concurrency Management Area Plan (TCMA Plan), if deemed necessary, by paying its fair share cost, as may be determined as determined by the Concurrency Management Division.
 - c) A final concurrency determination shall be conducted prior to the issuance of a Building Permit. Mitigation fees and concurrency administrative costs, if required, shall be paid prior to the issuance of any Building Permit.
 - d) Prior to the issuance of a Building Permit, calculations for required parking for the project shall be determined by the Planning Department. Such parking calculations shall be based upon both the number of hotel rooms, and the intensity of the proposed accessory uses. A final determination for the required parking shall be conducted prior to the issuance of a Certificate of Occupancy or Business Tax Receipt, whichever comes first. If required, a one-time fee in lieu of providing the required parking on site or in combination with an annual fee, as determined by staff, shall be paid prior to the issuance of the Certificate of Occupancy.
10. The applicant is subject to all conditions of BOA Order No. 3605 and BOA Order 3609, as may be amended, and with all conditions of HPB Order No. 7320, as may be amended, as well as any other lawful orders, now in effect or hereafter issued, by the Historic Preservation Board, the Design Review Board, and/or the Board of Adjustment.
11. The applicant, operator and/or owner, both now and in the future, shall abide by all the documents and statements submitted with this application, as well as all conditions of this Order.
12. The Planning Board shall maintain jurisdiction of this Conditional Use Permit. If deemed necessary, at the request of the Planning Director, the applicant shall provide a progress report to the Board. The Board reserves the right to modify the Conditional Use approval at the time of a progress report in a non-substantive manner, to impose additional conditions to address problems and to determine the timing and need for future progress reports. This Conditional Use is also subject to modification or revocation under City Code Sec. 118-194 (c).
13. The conditions of approval for this Conditional Use Permit are binding on the applicant, the property owners, operators, and all successors in interest and assigns.
14. Any substantial modifications to the plans submitted and approved as part of this application, as determined by the Planning Director or designee, may require the applicant to return to the Board for approval of the modified plans.
15. The applicant shall obtain a full building permit within ~~48 months from the date of the meeting at which the original CUP was issued~~ 30 months from the original approval date on November 28, 2012, and the work shall proceed in accordance with the Florida Building Code. ~~Extensions of time for good cause, not to exceed a total of one year, may be granted by the Planning Board, in accordance with the requirements of~~

and procedures in the land Development Regulations.

16. The applicant shall resolve all outstanding violations and fines on the property, if any, prior to the issuance of a building permit for the project.
17. A violation of Chapter 46, Article IV, "Noise," of the Code of the City of Miami Beach, Florida (a/k/a "noise ordinance"), as may be amended from time to time, shall be deemed a violation of this Conditional Use Permit and subject to the remedies as described in section 118-194, of the City Code.
18. This order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
19. ~~Within a reasonable period of time after receipt of the executed Conditional Use Permit, the applicant, at its sole expense, shall record it in the Public Records of Miami-Dade County, and return the recorded instrument to the Planning Department. The executed Conditional Use Permit shall be recorded in the Public Records of Miami-Dade County, Florida at the expense of the applicant and returned to the Planning Department.~~ No building permit, certificate of occupancy, or certificate of completion shall be issued until this requirement has been satisfied.
20. The establishment and operation of this Conditional Use shall comply with all the aforementioned conditions of approval; non-compliance shall constitute a violation of the City Code, and shall be subject to enforcement procedures set forth in Section 114-8 of the Code and such other enforcement procedures as are permitted by law. Any failure by the applicant to comply with the conditions of this Order shall also constitute a basis for consideration by the Planning Board for a revocation of this Conditional Use.
21. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

File No. 3605 and 3609**

CONSOLIDATED ORDER

The applicant, CG Sunny Isles, LLC, CG Sunny Isles I, LLC, CG Sunny Isles II, LLC, filed applications with the Planning Department for variances in order to permit the renovation of the existing hotels, as follows:

1. A variance to waive the required minimum hotel unit size: 15% of the hotel units shall be between 300-335 s.f. and 85% of units shall be 335 s.f. or larger, in order to retain 81 hotel units at less than 300 s.f. (the smallest at 220 s.f., 41% of units), 68 hotel units between 300 and 335 s.f. (35% of units) and 46 units exceeding 335 s.f. (24% of units).
2. A variance to waive 10'-0" of the minimum required drive width of 22'-0" for two-way drive in order to build a 12'-0" wide two-way drive for the all valet underground garage.
3. A variance to waive 12'-8" of the minimum required interior side yard setback of 18'-0" in order to build the rooftop addition to the Sunking 1 at 5'-4" from the west property line, following the existing building line.
4. A. A variance to exceed by 4'-0 ½" the maximum allowable projection of 3'-1 ½" into the interior side yard at the south side in order to build balconies and terraces extending 7'-2" into the south required interior south yard of the Gamshire and Lord Charles, following the existing building line.

B. A variance to exceed by 3'-7" the maximum allowable projection of 2'-7" for a terrace into the side yard facing the street in order to provide terraces projecting 6'-2" into the west yard of the Gamshire.

Notice of the request for variance was given as required by law and mailed to owners of property within a distance of 375 feet of the exterior limits of the property on which application was made.

THE BOARD FINDS that the property in question is located in the RM-2 Zoning District.

THE BOARD FURTHER FINDS, based upon evidence, testimony, information and documentation presented to the Board, and portions of the staff report and recommendations, as applicable, which are incorporated herein by this reference, that with regard to the requested variances when conditioned as provided for in this Order:

That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district;

That the special conditions and circumstances do not result from the action of the applicant;

That granting the variance requested will not confer on the applicant any special privilege that is denied by this Ordinance to other lands, buildings, or structures in the same zoning district;

That literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of this Ordinance and would work unnecessary and undue hardship on the applicant;

That the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure;

That the granting of the variance will be in harmony with the general intent and purpose of this Ordinance and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare; and

That the granting of this request is consistent with the comprehensive plan and does not reduce the levels of service as set forth in the plan.

IT IS THEREFORE ORDERED, by the Board, that the variances be APPROVED as requested and set forth above; with the following conditions to which the applicant has agreed:

1. A Unity of Title or a Covenant in Lieu per Section 118-5 shall be submitted and recorded subject to the review and approval of the City Attorney, prior to obtaining a full building permit for the project.
2. Parking shall be valet only, and appropriate operational controls, such as two-way radios, shall be used by valet operators to ensure safe ingress and egress to underground parking.

3. Substantial modifications to the plans submitted and approved as part of the application, as determined by the Planning Director or designee, may require the applicant to return to the Board for approval of the modified plans, even if the modifications do not affect variances approved by the Board.
4. A landscape plan for the entire site, prepared by a Professional Landscape Architect, inclusive of street trees as per the City of Miami Beach Master Street Tree Plan, shall be submitted to and approved by staff as part of the building permit.
5. The applicant shall comply with all conditions imposed by the Public Works Department.
6. All improvements in the public right-of-way associated with the subject project shall be subject to the final review and approval of the Planning Department Director, Public Works Director, and the Parks and Recreation Department Director, and shall require an agreement, subject to the review and approval of the City Attorney, providing for the assumption of maintenance and liability obligations by the Applicant, and its successors and assigns, executed and recorded before the issuance of a building permit.
7. The applicant shall obtain a full building permit within eighteen months (18) months from the date of this hearing. If the full building permit is not obtained within the specified time limits, the applicant shall, prior to expiration of such period, apply to the Board for an extension of time. At the hearing on such application, the Board may deny or approve the request and modify the above conditions or impose additional conditions. Failure to comply with this order shall subject the variance to Section 118-356, City Code, for revocation or modification of the variance.
8. The conditions on this Order are binding on the applicant, the property's owners and all successors in interest and assigns.
9. This order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
10. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code, except to the extent of the variance granted herein.
11. This Order shall be recorded, at the expense of the applicant, in the Public Records of Miami-Dade County; the original or a certified copy shall be provided to the Planning Department prior to the issuance of a Building Permit.

PROVIDED, the applicant shall build substantially in accordance with the plans approved by the Board of Adjustment, as determined by staff, entitled "Collins Park Hotel", as

Board of Adjustment Consolidated Order: Meetings of October 5, 2012 and November 2, 2012
File No. 3605 and 3609: CG Sunny Isles, LLC, CG Sunny Isles I, LLC, and CG Sunny Isles II, LLC
2000 & 2030 Park Avenue, 2035 Washington Avenue, 425 & 435 20th Street, and 430 21st Street, Miami Beach
Page 4 of 4

prepared by Kobi Karp, dated August 7, 2012, modified in accordance with the conditions set forth in this Order and staff review and approval.

The applicant shall have a full building permit for the work contemplated herein issued by the Building Department on or before May 2, 2014 (within eighteen months of the date of this hearing) as per the above conditions. If the full building permit is not obtained within the specified time limits, the applicant shall apply to the Board for an extension of time prior to expiration of such period; otherwise, this Order will expire, and become null and void, unless the issuance of such permit is stayed by an appeal of this Order to a court of competent jurisdiction.

This Order does not constitute a building permit, but upon presentation of a recorded copy of this Order to the Planning Department, a permit shall be processed and approved (subject to compliance with the conditions hereof) in accordance with and pursuant to the ordinances of the City of Miami Beach.

FILE NOS. 3605 and 3609

IN RE: The applications for a one (1) year extension of time to obtain a full building permit for multiple variances associated with the renovation of the existing hotels.

MEETING DATE: May 2, 2014

EXTENSION OF TIME ORDER

The applicants, CG Sunny Isles, LLC., CG Sunny Isles I, LLC., and CG Sunny Isles II, LLC., filed an application with the Planning Department to request a one (1) year extension of time to obtain a full building permit for multiple variances associated with the renovation of the existing hotels.

The City of Miami Beach Board of Adjustment makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

The applicant stated, among other things, that due to the magnitude of the project, there were delays in the preparation of the construction documents. The forgoing constitutes good cause for granting a one (1) year extension of time to the requirement that a Full Building Permit be obtained within (18) months of the original hearing date of October 5, 2012 for File No. 3605 and November 2, 2012 for file No. 3609.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, that the request for extension of time is GRANTED for the above-referenced project, conditioned upon the following, to which the applicant has agreed.

1. A Full Building Permit, not a foundation or shell permit, for the project shall be obtained by April 5, 2015 for File No. 3605 and May 2, 2015 for File No. 3609.
2. Construction shall commence and continue in accordance with the applicable Building Code.
3. This extension of time shall run concurrent with any other extensions of time that may be provided to the property owner as a result of actions of non-City authorities with jurisdiction over such matters.
4. The subject site and existing site shall be maintained in good, clean, and secure conditions at all times.

5. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
6. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance as set forth in this Order and the Orders for the original hearing date of October 5, 2012 for File No. 3605 and November 2, 2012 for file No. 3609, have been met.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order and the original Final Order for the October 5, 2012 meeting for File No. 3605 and Final Order for the November 2, 2012 meeting for File No. 3609. If the Full Building Permit is not issued by April 5, 2015 for File No. 3605 and May 2, 2015 for File No. 3609, this Order will expire and become null and void. If the Full Building Permit should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code, this Order will expire and become null and void.

**BEFORE THE FLOOD PLAIN MANAGEMENT BOARD
OF THE CITY OF MIAMI BEACH, FLORIDA**

MEETING DATE: OCTOBER 4, 2013

FILE NO: FP13-05

**IN RE: CG SUNNY ISLES LLC
2000-2030 PARK AVENUE, 425-435 20TH STREET, 430-450 21ST
STREET AND 2035 WASHINGTON AVENUE
MIAMI BEACH, FLORIDA**

ORDER

The Applicant, CG SUNNY ISLES LLC, has requested a variance from the Floodplain Management Board pursuant to Section 54-54 of the Miami Beach City Code. The variance sought relates to substantial improvements of historic structure of the existing buildings located at 2000 Park Avenue, 2030 Park Avenue, 430 21st Street, 2035 Washington Avenue, 435 20th Street and 425 20th Street. Under the terms of the City's Flood Plain Management Ordinance Section 54-48, and applicable Code of Federal Regulations (CFR) 44-CFR Section 60-3, all new construction and substantial improvements of non-residential structure must have the Lowest Floor Elevated to the Base Flood Elevation (BFE) of + 8.00 FT NGVD.

Notice of the request for variance was given as required by the law and mailed to owners of property within a distance of 375 feet of the exterior limits of the property on which the application was made.

The Applicant submitted evidence regarding the site of the proposed activity, the historic characteristics of the structure and its contribution to the Miami Beach Historic District, and the adverse impact of compliance with the terms of the City's Flood Plain Management Ordinance and the applicable Code of Federal Regulation (CFR). Upon full and complete consideration of the submittal and the evidence and arguments of counsel, the Board hereby finds and determines:

1. The Board conducted a meticulous review of the criteria of the City Code and

[Handwritten signature]

FEMA'S regulations with regard to the requested variance. The Board recognizes that the grant of any such variance should be rare and should only be granted after a full and complete examination of all of the applicable criteria. The record of this proceeding and the transcript of the hearing in this matter reflect the extensive review of these factors conducted by the staff of the City and the Board. The record and transcript of the hearing in this matter are incorporated by reference herein.

2. Good and sufficient cause for the granting of the variance was shown by the Applicant and its experts and in the documentary submittal made to the Board.
3. Failure to grant the variance would result in exceptional hardship to the Applicant. The Board finds that the hardship shown is unique to the property of the Applicant and is not identically shared by other properties in this area, although certain, but not all, of the factors shown by the Applicant may be common to some other properties. Taken as a whole and cumulatively, this site is unique and the Applicant's hardship exceptional.
4. Granting of the variance would not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.
5. The variance is the minimum necessary so as not to destroy the historic character and design of the existing structure.
6. The Board finds that the application and variance sought was unique and distinguishing in the following ways:
 - a. Location of the historic structure on project site;
 - b. Design integration between new project and historic structure; and
 - c. Adverse impacts on the historic structure would result from FEMA Compliance.
7. The Applicant has demonstrated compliance with all required factors and criteria set forth in Section 54-54 of the Miami Beach City Code governing the variance.

IT IS THEREFORE ORDERED, by the BOARD, that the variance as requested and as set forth shall be approved with the following conditions:

1. Lobbies of the existing historic structures shall be designed and constructed as wet or dry flood-proofing in accordance with FEMA Technical Bulletins 7-93, 3-93 and 1-2008. If any of the lobby floors cannot be preserved in place for structural issues, the applicant shall replace the slab with a hydrostatic slab, replicate the historic flooring and install floor barriers to protect openings.
2. All construction material below 9.0 Ft NGVD shall be flood resistant as prescribed

2

by FEMA Technical Bulletin 2-2008. Provide sufficient pumps to remove water from the basement in a flood event with corresponding standby generator, along with a sufficient drainage well.

3. All exiting habitable areas floor shall be elevated above BFE+1 Ft (9.0 Ft NGVD) or shall be designed and constructed as dry-flood-proofed to an elevation of BFE+1 Ft (9.0 Ft NGVD) as shown on the submitted drawings.
4. All new structures shall be elevated or dry-flood-proofed to an elevation of BFE+1 Ft (9.0 Ft NGVD) in accordance with FBC 2010 and ASCE 24-05.
5. All electrical and mechanical equipments shall be elevated at or above BFE+1 Ft (9.0 Ft NGVD).
6. The basement shall be used for non-residential occupancy and shall be designed and constructed as dry-flood-proofing to an elevation of 9.0 Ft NGVD.
7. Adequate drainage for the site shall be provided and storm-water run-off shall be contained within the property.
8. Elevator(s) shall be designed and installed in accordance with FEMA Technical Bulletin 4-2008.
9. All exteriors openings below 9.0 Ft NGVD shall be protected by flood barriers to an elevation of BFE+1 Ft (9.0 Ft NGVD), except the areas that will be designed as wet-flood-proofing.
10. A storage room on premises shall be provided to store flood barriers as needed.
11. Flood Emergency and Maintenance Plans shall be prepared and submitted in accordance with FEMA Technical Bulletin 3-93 and ASCE-24-05 Section 6.2.3 prior to obtaining a building permit and Final Building Inspection Approval.

PROVIDED, the Applicant shall build in accordance with the plans submitted as part of this file and as approved by the Flood Plain Management Board. The Applicant shall take all necessary steps to have a building permit issued by the Building Department within a period of eighteen (18) months from the date of this Order or it shall become null and void. This Order does not constitute a permit, but upon presentation of this Order to the Building Department, a permit shall be approved and processed in accordance with and pursuant to the ordinances of the City of Miami Beach.

STREET AND 2035 WASHINGTON AVENUE
MIAMI BEACH, FLORIDA

NOTICE TO APPLICANT

The Applicant, CG SUNNY ISLES LLC, hereby acknowledges and is notified that: (i) the issuance of a variance to construct a structure below the base flood elevation will result in increased premium rates for flood insurance up to amounts as high as \$25 for \$100 of insurance coverage; (ii) such construction below the base flood elevation increases risks to life and property; (iii) FEMA'S base flood elevation (BFE) for the site of the applicant's project is +8.00 FT NGVD and the lowest basement floor elevation of the applicant's proposed structure is -7.17 Ft NGVD; and (iv) the cost of flood insurance for the project will be commensurate with the increased risk resulting from the reduced lowest floor elevation.

Please note the following information:

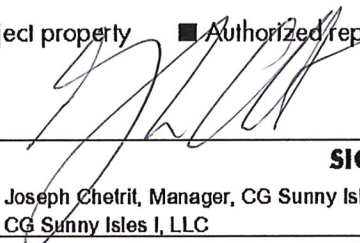

- A separate disclosure of interest form must be submitted with this application if the applicant or owner is a corporation, partnership, limited partnership or trustee.
- All applicable affidavits must be completed and the property owner must complete and sign the "Power of Attorney" portion of the affidavit if they will not be present at the hearing, or if other persons are speaking on their behalf.
- To request this material in alternate format, sign language interpreter (five-day notice is required), information on access for persons with disabilities, and accommodation to review any document or participate in any City sponsored proceedings, call 305.604.2489 and select (1) for English or (2) for Spanish, then option 6; TTY users may call via 711 (Florida Relay Service).

Please read the following and acknowledge below:

- Applications for any board hearing(s) will not be accepted without payment of the required fees. All checks are to be made payable to the "City of Miami Beach".
- Public records notice – All documentation submitted for this application is considered a public record subject to Chapter 119 of the Florida Statutes and shall be disclosed upon request.
- In accordance with the requirements of Section 2-482 of the code of the City of Miami Beach, any individual or group that will be compensated to speak or refrain from speaking in favor or against an application being presented before any of the City's land use boards, shall fully disclose, prior to the public hearing, that they have been, or will be compensated. Such parties include: architects, engineers, landscape architects, contractors, or other persons responsible for project design, as well as authorized representatives attorneys or agents and contact persons who are representing or appearing on behalf of a third party; such individuals must register with the City Clerk prior to the hearing.
- In accordance with Section 118-31. – Disclosure Requirement. Each person or entity requesting approval, relief or other action from the Planning Board, Design Review Board, Historic Preservation Board or the Board of Adjustment shall disclose, at the commencement (or continuance) of the public hearing(s), any consideration provided or committed, directly or on its behalf, for an agreement to support or withhold objection to the requested approval, relief or action, excluding from this requirement consideration for legal or design professional service rendered or to be rendered. The disclosure shall: (I) be in writing, (II) indicate to whom the consideration has been provided or committed, (III) generally describe the nature of the consideration, and (IV) be read into the record by the requesting person or entity prior to submission to the secretary/clerk of the respective board. Upon determination by the applicable board that the forgoing disclosure requirement was not timely satisfied by the person or entity requesting approval, relief or other action as provided above, then (I) the application or order, as applicable, shall immediately be deemed null and void without further force or effect, and (II) no application form said person or entity for the subject property shall be reviewed or considered by the applicable board(s) until expiration of a period of one year after the nullification of the application or order. It shall be unlawful to employ any device, scheme or artifice to circumvent the disclosure requirements of this section and such circumvention shall be deemed a violation of the disclosure requirements of this section.
- When the applicable board reaches a decision a final order will be issued stating the board's decision and any conditions imposed therein. The final order will be recorded with the Miami-Dade Clerk of Courts. The original board order shall remain on file with the City of Miami Beach Planning Department. Under no circumstances will a building permit be issued by the City of Miami Beach without a copy of the recorded final order being included and made a part of the plans submitted for a building permit.
