

**MIAMI-DADE COUNTY PUBLIC SCHOOLS
2019 STATE LEGISLATIVE PROGRAM**

MISSION/GOAL STATEMENT

The Florida Legislature should establish a five-year strategic plan to restore, stabilize, and increase funding through the Florida Education Finance Program (FEFP) to achieve at least the national average in per pupil expenditures to provide the highest quality education and to enable all of our students to be empowered to lead productive and fulfilling lives as lifelong learners and responsible citizens.

2019 LEGISLATIVE PRIORITIES

FUNDING:

Increase the state's investment in K-12 education by increasing the **Base Student Allocation (BSA)** by five percent annually to allow school districts to enhance teacher salaries by implementing the following strategies:

- Discontinue the policy of rolling back the Required Local Effort rate;
- Reinvest current state funding for Best and Brightest in the BSA; and
- Ensure the Funding Compression established during the 2018 legislative session sunsets on June 30, 2019.

Ensure that any changes to the District Cost Differential take into account cost differences integral to educational institutions' operations reflecting such costs as average teacher salaries, health insurance for employees, property insurance per FTE, housing and transportation costs per FTE.

Oppose any further compression of the Discretionary Millage.

Fully fund the cost of requiring a School Resource Officer at each public school as required by law.

Increase funding for mental health services for students and safety infrastructure needs.

Provide school districts with greater flexibility of its use of Title I funds by separating the indirect cost from the 10 percent allowable administrative set-aside and increasing the allowable educational services set-aside to 10 percent.

Extend the authorization of the locally-voted levy for operating purposes from four years to 10 years.

GOVERNANCE:

Oppose legislation that subverts district governance of constitutionally-elected local school boards and elected or appointed superintendents to supervise all public schools.

CAPITAL FUNDING:

Support the state fully funding charter school capital outlay.

Ensure that sharing school board's Local Discretionary Capital Outlay levy revenue with charter schools is permissible and not required for school districts.

Protect taxpayers' interest by attaching a proprietary interest equal to the value of the allocation from the local discretionary capital outlay levy revenue provided to charter schools, and prohibit charter operators from personal enrichment from public funds.

TEACHER/PERSONNEL SHORTAGE:

Implement and fund strategies such as teacher fellowships and loan forgiveness programs to encourage and attract talented students to enter the field of education.

Allow school districts to re-employ teachers, other instructional personnel, substitute teachers, and school police officers after one month of retirement without penalty to the employee's pension.

Include Pre-K teachers in the list of instructional personnel eligible to extend the Deferred Retirement Option Program to 96 months.

Recommend the State absorb the cost of candidates taking the Florida Teacher Certification Exam (FTCE).

ADDITIONAL ISSUES

FUNDING

Require advertising a tax increase only when the cumulative tax millage is greater than the prior levy and not simply because the ad valorem tax basis generates more proceeds.

Fund programs taken by students beyond the 1.0 FTE cap or 25 hours a week such as dual enrollment or virtual classes outside the traditional school day and year.

Provide school districts flexibility in the delivery of the additional 180 hours of instruction for the lowest 300 elementary schools to include summer school, Saturday school, afterschool or any combination of these strategies.

Allocate funds directed to provide supplemental services and support to at-risk students.

- Provide a waiver from the passage of the English Language Arts (ELA) requirement for ELL students who have passed all other high school graduation requirements and have been enrolled in school less than two consecutive years;
- Include the performance of ELL students enrolled in school for more than two years for accountability on the Florida Standards Assessment (FSA); and
- Define goals for ELL and Exceptional Student Education (ESE) subgroups based on achieving learning gains on state assessments as opposed to achieving proficiency.

Replace the current VPK assessment with a developmentally appropriate on-going assessment tool to timely measure children's progress and development, to inform the teachers and parents, and to evaluate the program's effectiveness.

Streamline registration, certification of attendance and transfers of students to maximize operational efficiency and facilitate appropriate funding for students served in VPK.

CHARTER SCHOOLS:
