PROGRESS REPORT

At the April 30th meeting, the Board discussed the recent history of the establishment, including disturbances in and around the property during a high impact, spring break weekend. The Board requested that the applicant develop a plan of action which could be implemented during such high impact events. Such plan may include increased staffing and additional security personnel to monitor and control the operations and crowds both inside and outside. As of the writing of this report, the applicant has not submitted such plan.

Attached is a copy of the CUP, along with the relevant conditions identified below, which lead to the scheduling of the progress report. Additionally, the April 9th Cure Letter is attached along with supporting documentation.

4. The following shall apply to the operation of the entire facility:
 - d. Patrons shall be allowed to queue on the sidewalk on Española Way in an orderly manner, only when maximum occupancy levels, as determined by the Fire Marshal, have been reached. Stanchions shall delineate the area. Security staff shall monitor the crowds to ensure that they do not interfere with the free-flow of pedestrians on the public sidewalk.

9. • The Planning Board shall maintain jurisdiction of this Conditional Use Permit. The applicant shall appear before the Planning Board for a progress report within 90 days from the issuance of the BTR. The Board reserves the right to modify the Conditional Use approval at the time of a progress report in a non-substantive manner, to impose additional conditions to address possible problems and to determine the timing and need for future progress reports. This Conditional Use is also subject to modification or revocation under City Code Sec. 118-194 (c).
10. The Planning Board shall retain the right to call the owner or operator back before them and make modifications to this Conditional Use Permit should there be valid complaints about loud, excessive, unnecessary, or unusual noise, as determined by Code Compliance. Nothing in this provision shall be deemed to limit the right of the Planning Board to call back the owner or operator for other reasons and for other modifications of this Conditional Use Permit.
14. A violation of Chapter 46, Article IV, "Noise," of the Code of the City of Miami Beach, Florida (a/k/a "noise ordinance"), as may be amended from time to time, shall be deemed a violation of this Conditional Use Permit and subject to the remedies as described in section 118-194, Code of the City of Miami Beach, Florida.

The establishment and operation of this Conditional Use shall comply with all the aforementioned conditions of approval; non-compliance shall constitute a violation of the Code of the City of Miami Beach, Florida, and shall be subject to enforcement procedures set forth in Section 114-8 of said Code and such enforcement procedures as are otherwise available. Any failure by the applicant to comply with the conditions of this Order shall also constitute a basis for consideration by the Planning Board for a revocation of this Conditional Use.

As of the writing of this report, staff found the following open violations specific to the operation of the subject establishment:

1. CC2019-07113 03/23/19 Obstructing the sidewalk (Patrons obstructing the sidewalk)
2. CC2019-07182 03/29/19 Failing to Comply with BTR (ATM at location which is not on the business tax receipt.)

SUMMARY

STAFF RECOMMENDATION

Staff recommends that the Planning Board consider the issue of noncompliance and set a revocation/modification hearing for July 23, 2019.

Re: PB2192

Dear Sir/Madam:

A Conditional Use Permit to operate was issued to Senor Frogs, LLC on August 26, 2014. It has come to the Planning Department's attention that violations have been issued by the Code Compliance Department regarding the operation of the venue. These include, but are not limited to, disorderly conduct, noise violations, and failing to maintain areas adjacent to the facility free of trash and in a sanitary manner.

Therefore, in light of the inconsistencies with the following conditions of approval contained in the Conditional Use Permit and the pending code violations **you are requested to appear at the April 30th, Planning Board hearing** for a verbal progress report:

- 9 The Planning Board shall maintain jurisdiction of this Conditional Use Permit. Within ninety (90) days of the issuance of the TCO or CO for the project, or the date of commencement of operation of the establishment, whichever is later, the operator shall make a progress report to the Planning Board. The Board reserves the right to modify the conditions of this approval at the time of a progress report, in a non-substantive manner, including modifications to the hours of operation, to impose additional conditions to address possible problems and to determine the timing and need for future progress reports. This Conditional Use is also subject to modification or revocation under City Code Sec. 118-194 (c).
- 10 The Planning Board shall retain the right to call the owner or operator back before them and make modifications to this Conditional Use Permit should there be valid complaints about loud, excessive, unnecessary, or unusual noise, as determined by Code Compliance. Nothing in this provision shall be deemed to limit the right of the Planning Board to call back the owner or operator for other reasons and for other modifications of this Conditional Use Permit. The conditions of approval for this Conditional Use Permit are binding on the applicant, the property owners, operators, and all successors in interest and assigns
- 5 The following shall apply to the operation of the entire facility:

- d. Patrons shall be allowed to queue on the sidewalk on Española Way in an orderly manner, only when maximum occupancy levels, as determined by the Fire Marshal, have been reached. Stanchions shall delineate the area. Security staff shall monitor the crowds to ensure that they do not interfere with the free-flow of pedestrians on the public sidewalk.
- 14 A violation of Chapter 46, Article IV, "Noise," of the Code of the City of Miami Beach, Florida (a/k/a "noise ordinance"), as may be amended from time to time, shall be deemed a violation of this Conditional Use Permit and subject to the remedies as described in section 118-194, Code of the City of Miami Beach, Florida.
- 17 The establishment and operation of this Conditional Use shall comply with all the aforementioned conditions of approval; non-compliance shall constitute a violation of the Code of the City of Miami Beach, Florida, and shall be subject to enforcement procedures set forth in Section 114-8 of said Code and such enforcement procedures as are otherwise available. Any failure by the applicant to comply with the conditions of this Order shall also constitute a basis for consideration by the Planning Board for a revocation of this Conditional Use.

The attached summary of violations and calls for services include the following warnings, violations and open offenses that are still showing in the City's records as of this writing:

1. **CC2019-07113 03/23/19** Obstructing the sidewalk
2. **CC2019-07182 03/29/19** Failing to comply with BTR

Please be advised that at the time of the progress report, in accordance with the provisions of the City Code, Section 118-194(3), the Planning Board may consider setting a public hearing for the purpose of examining the noncompliance issues and initiate modification/revocation proceedings. Should the Planning Board consider setting a public hearing for the purpose of examining the noncompliance issues and initiate modification/revocation proceedings, this issue may be placed on the next available meeting of the Board.

If a future public hearing is set, the board may consider the issue of noncompliance and the possible modification or revocation of the approval. Based on substantial competent evidence, the board may consider revoking the approval, modifying the conditions thereof, or imposing additional or supplemental conditions.

If you have any questions, please do not hesitate to contact Mr. Alejandro Garavito at (305) 673-7000 ext. 6164.

I continued the inspection and walked the surrounding area and the only music that was loud and excessive was from Senor Frogs. I then approached the establishment and spoke to the Asst General Manager Guillermo Garcia about the complaint and where the music was heard from. We both walked across the street in front of 1435 Collins Ave and could hear the loud and excessive music. AGM Guillermo Garcia agreed that the music was excessively loud.
