WHEREAS, in September 2015, at the recommendation of the Mayor’s Blue Ribbon Panel on North Beach and after an appropriate Request for Qualifications had been issued, the City Commission entered into an agreement with Dover, Kohl and Partners, Inc. to prepare a master plan for the North Beach district of the City; and

WHEREAS, on October 19, 2016, and pursuant to City Resolution No. 2016-29608, the Mayor and City Commission adopted the North Beach Master Plan developed by Dover, Kohl and Partners Inc. after significant public input; and

WHEREAS, the North Beach Master Plan identifies the Town Center area as being in need of redevelopment and revitalization; and

WHEREAS, the North Beach Master Plan recommended increasing the FAR to 3.5 for the Town Center zoning districts (TC-1, TC-2, and TC-3) within the Town Center district areas; and

WHEREAS, the goal of the recommendation is to enable the design and construction of larger buildings within the Town Center, and to encourage the development of 71st Street as a “main street” for the North Beach area; and

WHEREAS, City Charter Section 1.03(c), requires that any increase in zoned FAR for any property in the City must be approved by a majority vote of the electors of the City of Miami Beach; and

WHEREAS, on November 7, 2017, and pursuant to Resolution No. 2016-29608, the following ballot question was submitted to the City’s voters:

FAR Increase For TC-1, TC-2 and TC-3 to 3.5 FAR –

Floor area ratio (FAR) is the measure the City utilizes to regulate the overall size of a building. Should the City adopt an ordinance increasing FAR in the Town Center (TC) zoning districts (Collins and Dickens Avenues to Indian Creek Drive between 69 and 72 Streets) to 3.5 FAR from current FAR of 2.25 to 2.75 for the TC-1 district; from 2.0 for the TC-2 district; and from 1.25 for the TC-3 district; and

WHEREAS, the ballot question was approved by 58.64 percent of the City’s voters; and

WHEREAS, on May 16, 2018, the City Commission adopted Comprehensive Plan Amendment “Miami Beach 18-1ESR” as ordinance no. 2018-4189, providing for an FAR of 3.5, for properties with a PF, TC-1, TC-2, and TC-3 future land use designation that are located within the North Beach Town Center Revitalization Overlay; and

WHEREAS, on May 16, 2018, the City Commission adopted ordinance no. 2018-4190 which amended the Land Development Regulations to provide for an FAR of 3.5 for properties with a TC-1, TC-2, and TC-3 zoning designation for the properties located within the area described in the FAR increase ballot question approved on November 7, 2017; and

WHEREAS, the City of Miami Beach seeks to adopt regulations to ensure that the FAR increase results in redevelopment that encourages alternative modes of transportation to single occupancy vehicles; including, but not limited to walking, bicycling, and public transportation; and

WHEREAS, the City of Miami Beach seeks to adopt regulations to limit large-scale retail establishments in order to prevent the potential traffic impact of an overconcentration of such uses; and

WHEREAS, due to the advent of online retailing, economic conditions are changing, and impacting traditional retailers; and

WHEREAS, the City of Miami Beach seeks to allow uses that will be viable into the future due to changing economic conditions; and

WHEREAS, the City of Miami Beach seeks to streamline development review process to facilitate economic development and the revitalization of the North Beach Town Center; and

WHEREAS, the City of Miami Beach has the authority to enact laws which promote the public health, safety, and general welfare of its citizens; and

WHEREAS, the amendments set forth below are necessary to accomplish the above objectives and consistent with the vote of the electorate.

NOW THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA.

SECTION 1. Chapter 114, “General Provisions,” Section 114-1, “Definitions,” is hereby amended as follows:

Chapter 114 - GENERAL PROVISIONS

Sec. 114-1. Definitions.

The following words, terms and phrases when used in this subpart B, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*

*

Co-Living shall mean a small multi-family residential dwelling unit that includes sanitary facilities and provides access to kitchen facilities; however, such facilities may be shared by multiple units. Additionally, co-living buildings shall contain amenities that are shared by all users.

* * *

Neighborhood Fulfillment Center shall mean a retail establishment where clients collect goods that are sold off-site, such as with an internet retailer. Additionally, the establishment provides a hub where goods can be collected and delivered to clients' homes or places of business by delivery persons that do not use cars, vans, or trucks. Such facilities are limited to 35,000 square feet.

* * *

Live-Work shall mean residential dwelling unit that contains a commercial or office component which is limited to a maximum of ~~fifty-seventy percent~~ (570%) of the dwelling unit area.

SECTION 2. Chapter 142, "Zoning Districts and Regulations," Article II, "District Regulations," is hereby amended to establish Division 21, "Town Center – Central Core (TC-C) District as follows:

DIVISION 21. TOWN CENTER – CENTRAL CORE (TC-C) DISTRICT

Sec. 142-740. – Purpose and Intent.

The overall purpose of the Town Center – Central Core (TC-C) District is to:

- (a) Encourage the redevelopment and revitalization of the North Beach Town Center.
- (b) Promote development of a compact, pedestrian-oriented town center consisting of a high-intensity employment center, mixed-use areas, and residential living environments with compatible office uses and neighborhood-oriented commercial services;
- (c) Permit uses that will be able to provide for economic development in light of changing economic realities due to technology and e-commerce;
- (d) Promote a diverse mix of residential, educational, commercial, and cultural and entertainment activities for workers, visitors and residents;
- (e) Encourage pedestrian-oriented development within walking distance of transit opportunities at densities and intensities that will help to support transit usage and town center businesses;
- (f) Encourage neighborhood-oriented retail and prevent an excessive concentration of large-scale retail that has the potential to significantly increase regional traffic congestion.
- (g) Provide opportunities for live/work lifestyles and increase the availability of affordable office and commercial space in the North Beach area.
- (h) Promote the health and well-being of residents by encouraging physical activity, waterfront access, alternative transportation, and greater social interaction;

- (i) Create a place that represents a unique, attractive and memorable destination for residents and visitors;
- (j) Enhance the community's character through the promotion of high-quality urban design;
- (k) Promote high-intensity compact development that will support the town center's role as the hub of community-wide importance for business, office, retail, governmental services, culture and entertainment;
- (l) Encourage the development of workforce and affordable housing; and
- (m) Improve the resiliency and sustainability of North Beach.

Sec. 142-745. –Street Frontage, Design, and Operations Requirements.

The development regulations and street frontage requirements for the TC-C district are as follows:

(a) The following regulations shall apply to all frontages:

(1) **Tower Regulations.** The tower shall be considered the portion of a building located above 55 feet, excluding allowable height exceptions as defined in section 142-1161. Towers shall comply with the following:

- a. That portion of a tower located within 50 feet of a public right-of-way shall not exceed 165 feet in length between the two furthest points of the exterior face of the tower.
- b. The minimum horizontal separation between multiple towers located on the same site, including balconies, shall be 60 feet.

- (2) **Setback Design.** The minimum setback shall be designed to function as an extension of the adjacent public sidewalk unless otherwise noted in the regulations of this zoning district.
- (3) **Clear Pedestrian Path.** A minimum 10 foot wide “Clear Pedestrian Path,” free from obstructions, including but not limited to outdoor cafes, sidewalk cafes, landscaping, signage, utilities, and lighting, shall be maintained along all frontages as follows:
- a. The Clear Pedestrian Path may only utilize public sidewalk and setback areas.
 - b. Pedestrians shall have 24-hour access to the Clear Pedestrian Path.
 - c. The Clear Pedestrian Paths shall be well lit and consistent with the City’s lighting policies.
 - d. The Clear Pedestrian Paths shall be designed as an extension of the adjacent public sidewalk.
 - e. The Clear Pedestrian Path shall be delineated by in-ground markers that are flush with the Path, differing pavement tones, pavement type, or other method to be approved by the Planning Director or designee.
 - f. An easement to the City providing for perpetual public access shall be provided for portions of the Clear Pedestrian Path that fall within the setback area.
- (4) **Balconies.** Balconies may encroach into required setbacks above a height of 15 feet up to the applicable distance indicated for allowable habitable encroachments in Table A.
- (5) **Articulation.** Facades with a length of 240 feet or greater shall be articulated so as to not appear as one continuous façade, subject to design review criteria.
- (6) **Windows.** All windows shall be a minimum of double-pane hurricane impact glass.
- (7) **Street trees.** In addition the requirements of Chapter 126, street trees shall require the installation of an advanced structural soil cells system (Silva Cells or approved equal) and other amenities (irrigation, up lighting, porous aggregate tree place finish) in tree pits.
- (8) **Commercial, Hotel, and Access to Upper Level Frontages.** In addition to other requirements for specific frontage types and other requirements in the City Code, frontages for commercial, hotel, and access to upper level frontage shall be developed as follows:
- a. The habitable space shall be directly accessible from the Clear Pedestrian Path.
 - b. Such frontages shall contain a minimum of 70 percent clear glass windows with views into the habitable space.
 - c. A shade structure that projects for a minimum depth of 5 feet into the setback beyond the building facade, shall be provided at a height between 15 feet and 25 feet. Said shade structure may consist of an eyebrow or similar structure.

Additionally, an allowable habitable encroachment such as balconies or parking deck may take the place of the shade structure.

- d. No more than 35 percent of the required habitable space along the ground floor of a building frontage shall be for Access to Upper Levels, unless waived by the Design Review Board.

(9) **Residential Frontages.** In addition to other requirements for specific frontage types and other requirements in the City Code, residential frontages shall be developed as follows:

- a. Ground floor residential units shall have private entrances from the Clear Pedestrian Path.
- b. ~~Live work units shall only be permitted where there are private entrances from the Clear Pedestrian Path.~~
- c. Where there are ground floor residential units, the building may be recessed from the setback line up to an additional to five (5) feet in order to provide private gardens or porches that are visible and accessible from the street.
- d. A shade structure over the private garden or porch may be provided.
- e. Private access stairs, ramps, and lifts to the ground floor units may be located within the area of the private garden or porches.
- f. Fencing and walls for such private gardens or porches may encroach into the required setback up to the applicable distance indicated for allowable encroachments in Table A at grade; however, it shall not result in a Clear Pedestrian Path of less than ten (10) feet. Such fencing and walls shall not be higher than four (4) feet from grade.

(10) **Off-Street Parking Facilities.** In addition to requirements for specific frontage types and other requirements in the City Code, off-street parking facilities shall be built as follows:

- a. Parking facilities shall be entirely screened from view from public rights of way and Clear Pedestrian Paths. Parking garages shall be architecturally screened or lined with habitable space.
- b. Parking garages may only encroach into the required setback between a height 25 feet and 55 feet up to the applicable distance indicated for allowable habitable encroachments in Table A.
 - 1. Habitable space for residential, commercial, or hotel uses may be placed within the allowable habitable encroachment in order to screen the parking garage from view of the public right-of-way.
- c. Portions of parking decks that encroach into the required setback or that are located in levels directly below habitable space shall have a minimum floor to ceiling height of nine (9) feet.

- d. Portions of parking decks that encroach into the required setback or that are located in levels directly below habitable space shall have horizontal floor plates.
- e. Rooftop and surface parking shall be screened from view from surrounding towers through the use of solar carports or landscaping.

(11) **Utilities.** In addition to other requirements for specific frontage types and other requirements in the City Code, facilities for public utilities shall be built as follows:

- a. For new construction, local electric distribution systems and other lines/wires shall be buried underground. They shall be placed in a manner that avoids conflicts with street tree plantings.
- b. Long-distance power transmission lines not otherwise buried shall be placed on poles for above-ground distribution pursuant to the following restrictions:
 - a. Poles shall be located in the area of Allowable Encroachments into Setbacks; however, they may not obstruct Clear Pedestrian Paths.
 - b. Poles shall be located no closer than 50 feet from the radius of the intersection of two streets.
 - c. Poles shall be separated by the longest distance possible that allows the lines to operate safely.
 - d. Poles shall be architecturally and artistically treated.

(12) **Loading.** Where loading is permitted, it shall be designed as follows, in addition to the requirements for driveways:

- a. Loading shall at a minimum be setback behind the area required to be habitable for each Street Class designation.
- b. Loading for non-residential uses that are on lots over 45,000 square feet shall provide for loading spaces that do not require vehicles to reverse into or out of the site, unless waived by the Design Review Board.
- c. Driveways for parking and loading shall be combined, unless waived by the Design Review Board.
- d. Loading areas shall be closed when not in use.
- e. Garbage rooms shall be noise-baffled, enclosed, and air-conditioned.
- f. Trash containers shall be located in loading areas.
- g. Trash containers shall utilized rubber tired wheels.
- h. Delivery trucks shall not be allowed to idle in the loading areas

- i. Notwithstanding the foregoing, hybrid or electric vehicles may commence loading at 5 am instead of 6 am on weekdays.
 - j. Loading for commercial and hotel uses with vehicles of two (2) axles or less may occur between the hours of 6 am and 11 pm on weekdays and 9 am and 11 pm on weekends. Notwithstanding the foregoing, hybrid or electric vehicles may commence loading at 5 am instead of 6 am on weekdays.
 - k. Required off-street loading may be provided on another site within the TC-C district and or within 1,500 feet of the site, provided it is not located in a residential district.
- (b) **70th Street Frontage.** The property line between southern boundary of Lots 6 and 7 of Blocks 11 through 14 of “Normandy Beach South” according to the plat thereof as recorded in Plat Book 21 at Page 54 and the northern boundary of Lots 1 and 12 of Blocks D, E, and H of “Atlantic Heights Corrected” according to the plat thereof as recorded in Plat Book 9 at Page 54 and of Lots 1 and 6 of Block J of “Atlantic Heights” according to the plat thereof as recorded in Plat Book 9 at Page 14, is hereby defined as the “70th Street Frontage.”
- (c) **Street Class Designation.** For the purposes of establishing development regulations for adjacent properties and public rights of way, streets and frontages shall be organized into classes as follows:
- (1) Class A frontages are the following:
 - a. 71st Street
 - b. 72nd Street
 - c. Collins Avenue
 - d. Indian Creek Drive
 - (2) Class B frontages are the following:
 - a. Abbott Avenue
 - b. Dickens Avenue
 - c. 69th Street
 - (3) Class C frontages are the following:
 - a. Carlyle Avenue
 - b. Harding Avenue

c. Byron Avenue

(4) Class D frontages are the following:

a. 70th Street Frontage

(d) **Hierarchy of Frontages.** For the purposes of conflicts, Class A frontages shall be the highest class frontage; Class B frontages shall be the second (2nd) highest class frontage; Class C frontages shall be the third (3rd) highest class frontage; and Class D shall be the fourth (4th) highest class frontage. Where requirements for frontages of different classes overlap and conflict, the regulations for the higher class frontage shall control over the regulations for the lower class frontage.

(e) **Class A.** In addition to other requirements in the City Code, Class A frontages shall be developed as follows:

(1) Facades shall have a minimum of height of 35 feet.

(2) Buildings shall have a minimum of three (3) floors located along a minimum of 90 percent of the length of the setback line pursuant to the following regulations:

a. The building may be recessed from the setback line in order to provide active public plazas that have no floor area located above the plaza.

b. Except where required for driveways and utility infrastructure, the ground floor shall contain habitable space with a minimum depth of 50 feet from the building façade.

c. The habitable space on the ground floor shall be for commercial and hotel uses, and to provide access to uses on upper floors of the building.

d. The second (2nd) and third (3rd) floors shall contain habitable space for residential, hotel, or commercial uses with a minimum depth of 25 feet from the building façade.

e. Ground floor and surface parking shall be setback a minimum of 50 feet from the building façade and be concealed from view from the Clear Pedestrian Path.

(3) Driveways and vehicle access to off-street parking and loading shall be prohibited on a Class A frontage, unless it is the only means of egress to the site. Permitted drive-ways on Class A frontages shall be limited by the following:

a. If a driveway is permitted it shall be limited to 22 feet in width and be incorporated into the façade of the building.

b. Driveways shall be spaced no closer than 60 feet apart.

c. Driveways shall consist of mountable curbs that ensure a continuation of the ten (10) foot Clear Pedestrian Paths.

(4) Off-street loading shall be prohibited on a Class A frontage, unless it is the only means of egress to the site.

- (5) On-street loading shall be prohibited on Class A frontages.
- (6) Ground floor utility infrastructure, including as may be required by Florida Power and Light (FPL) shall be prohibited on a Class A frontage, unless it is the only means of egress to the site. Permitted utility infrastructure shall be developed as follows:
- a. Permitted utility infrastructure shall be concealed from the public view and be placed within or behind the line of the façade if access from the street is required.
- (7) ~~In addition to the requirements of section 126-6(a)(1), street trees shall be provided at a maximum average spacing of 20 feet on center,~~ have a minimum clear trunk of eight (8) feet, an overall height of 22 feet, and a minimum caliper of six (6) inches at time of planting. Additionally, the following shall apply:
- a. Street trees shall be up-lit.
 - b. If such street trees cannot be planted the applicant/property owner shall contribute double the sum required in Section 126-7(2) into the City's Tree Trust Fund.
- (f) **Class B.** In addition to other requirements in the City Code, Class B frontages shall be developed as follows:
- (1) Facades shall have a minimum of height of 35 feet.
 - (2) Buildings shall have a minimum of one (1) floor located along a minimum of 90 percent of the length of the setback line pursuant to the following regulations:
 - a. The building may be recessed from the setback line in order to provide active public plazas that have no floor area located above the plaza.
 - b. Except where required for driveways and utility infrastructure, the ground floor shall contain habitable space for residential, hotel, or commercial uses with a minimum depth of 45 feet from the building façade for the minimum required length along the setback line.
 - (3) Driveways and vehicle access to off-street parking and loading shall be prohibited unless it is the only means of egress to the site or if the only other means of egress is from a Class A street. Permitted drive-ways on Class B frontages shall be limited by the following:
 - a. The prohibition on driveways may be waived by the Design Review Board on blocks that are over 260 feet in length; however, such driveways shall be limited to 12 feet in width.
 - b. Driveways shall be limited to 22 feet in width and be incorporated into the façade of the building.
 - c. Driveways shall be spaced no closer than 60 feet apart on a single parcel.
 - d. Driveways shall consist of mountable curbs that ensure a continuation of the ten (10) foot Clear Pedestrian Paths.

- (4) Off-street loading shall be prohibited on Class B frontages, unless it is the only means of egress to the site, or if the only other means of egress is from a Class A street.
- (5) On-Street Loading shall be prohibited on Class B frontages.
- (6) Ground floor utility infrastructure, including as may be required by Florida Power and Light (FPL) shall be prohibited on a Class B frontage, unless it is the only means of egress to the site or if the only other means of egress is from a Class A street. Permitted utility infrastructure shall be developed as follows:
- a. Permitted utility infrastructure shall be concealed from the public view and be placed within or behind the line of the façade if access from the street is required.
- (7) In addition to the requirements of section 126-6(a)(1), street trees shall be provided at a maximum average spacing of 20 feet on center, have a minimum clear trunk of six (6) feet, an overall height of 16 feet, and a minimum caliper of four (4) inches at time of planting. Additionally, the following shall apply:
- a. Street trees shall be up-lit.
- b. If such street trees cannot be planted the applicant/property owner shall contribute 1.5 times the sum required in Section 126-7(2) into the City's Tree Trust Fund.
- (g) **Class C.** In addition to other requirements in the City Code, Class C frontages shall be developed as follows:
- (1) Facades shall have a minimum of height of 35 feet.
- (2) Buildings shall have a minimum of one (1) floor located along a minimum of 85 percent of the length of the setback line pursuant to the following regulations:
- a. The building may be recessed from the setback line in order to provide active public plazas that have no floor area located above the plaza.
- b. Where there are ground floor residential units, the building may be recessed from the setback line up to five (5) feet in order to provide private gardens or porches that are visible and accessible from the street.
- c. Except where required for driveways and utility infrastructure, the ground floor shall contain habitable space for residential, hotel, or commercial uses with a minimum depth of 20 feet from the building façade for the minimum required length along the setback line.
- d. Ground floor and surface parking shall be setback a minimum of 20 feet from the building façade and shall be concealed from view from the Clear Pedestrian Path.
- (3) Driveways on Class C frontages shall be limited as follows:
- a. Driveways shall be limited to 24 feet in width and be incorporated into the façade of the building.

- b. Driveways shall be spaced no closer than 30 feet apart, unless waived by the Design Review Board.
 - c. Driveways shall consist of mountable curbs that ensure a continuation of the ten (10) foot Clear Pedestrian Paths.
- (4) Ground floor utility infrastructure, including as may be required by Florida Power and Light (FPL) shall be concealed from the public view and be placed within or behind the line of the façade if access from the street is required.
- (5) Columns to support allowable habitable encroachments are permitted below the encroachment, provided they are no more than 2 feet wide and spaced a minimum of 20 feet apart. The columns may split the "Clear Pedestrian Path" into two (2) narrower "Clear Pedestrian Paths" with a combined width of 10 feet, provided that both paths are in compliance with American with Disabilities Act (ADA) clearance requirements.
- (h) **Class D.** In addition to other requirements in the City Code, Class D frontages shall be developed as follows:
- (1) The Class D frontage is intended to provide a comfortable pedestrian path that connects Indian Creek Drive to Collins Avenue; therefore, the minimum setback area shall contain Clear Pedestrian Path that provides access from the perpendicular Clear Pedestrian Paths which are intersected.
 - (2) Facades shall have a minimum of height of 20 feet.
 - (3) Buildings shall have a minimum of one (1) floor located along a minimum of 25 percent of length of the setback line pursuant to the following regulations:
 - a. The building may be recessed from the setback line in order to provide active public plazas that have no floor area located above the plaza.
 - b. The ground floor shall contain habitable space for residential, hotel, or commercial uses with a minimum depth of 20 feet from the building façade for the minimum required length along the setback line.
 - c. Surface Parking shall be setback a minimum of 20 feet from the building façade and shall be concealed from view from the Clear Pedestrian Path.
 - (4) Driveways shall be prohibited on Class D frontages.
 - (5) Loading shall be prohibited on Class D frontages.
 - (6) Ground floor utility infrastructure, including as may be required by Florida Power and Light (FPL) shall be concealed from the public view and be placed within or behind the line of the façade if access from the street is required.
 - (7) Buildings on either side of the frontage shall be permitted to provide one elevated pedestrian walkway to connect to the building on the opposite side of the frontage pursuant to the following restrictions:

- a. The elevated walkway shall be located between a height of 25 feet and 55 feet.
 - b. Elevated walkways shall be setback a minimum 30 feet from Class A, B, or C setbacks.
 - c. Elevated walkways may be enclosed.
 - d. Elevated walkways shall be architecturally treated.
 - e. Elevated walkways shall be no wider than 20 feet, excluding architectural treatments.
- (8) The "Clear Pedestrian Path" may incorporate up to five (5) feet from the setback of the adjacent parcel.

Sec. 142-746. - Nonconforming Structures within Unified Development Sites

- (a) Buildings within the TC-C district that are nonconforming with the regulations of this division and incorporated into a unified development site as part of a land use board approval shall be made conforming with the development regulations of this division.
- (b) Notwithstanding the requirements of subsection (a) above, if said nonconforming building has a tenant with a lease that prevents the structure from being made conforming as part of the land use board approval, then the following shall apply:
 - (1) A phased development permit, pursuant to section 118-259, shall be applied for as part of the land use board approval process. The phased development approval shall require the nonconforming building to be redeveloped into a conforming building. The phasing time limit shall be the minimum necessary to allow for the completion of the lease.
 - (2) A certified copy of the lease shall be provided as part of the Land Use Board application.
- (c) Notwithstanding the requirements of subsection (b) above, buildings constructed prior to 1965 and determined to be architecturally significant by the planning director, or designee, may retain the existing floor area ratio, height, setbacks and parking credits, if the following portions of the building remain substantially intact and are retained, preserved and restored:
 - (1) At least 75 percent of the front and street side facades, exclusive of window openings;
 - (2) At least 50 percent of all upper level floor plates; and
 - (3) At least 50 percent of the interior side walls, exclusive of window openings.

Sec. 142-747. - Public Benefits Program.

Participation in the public benefits program shall be required for floor area that is located above 125 feet up to the Maximum Height. The following options or mix of options are available for participation in the public benefits program:

- (a) **Contribution to Public Benefits Fund.** A contribution to the Public Benefits Fund, in the amount identified in Appendix A shall be required as follows:

TO BE DETERMINED BY MARKET STUDY

- (1) The payment shall be made prior to obtaining a building permit. However, such option may only be chosen within 18 months of the development obtaining approval from the design review board. If the payment is made and a building permit is not obtained within the aforementioned time-frame, the payment shall be forfeited to the City. An extension of time of issued by the design review board for the project, and any applicable State extension of time shall not extend this option.
- (b) **On-Site Workforce or Affordable Housing.** Provide On-Site Workforce Housing or Housing for Low and/or Moderate Income Non-Elderly and Elderly Persons pursuant to the requirements of Articles V and VI of Chapter 58 of the City Code and certified by the Community Development Department. Two square feet of floor may be built above 125 feet for each square foot of Workforce Housing or Housing for Low and/or Moderate Income Non-Elderly and Elderly Persons provided onsite. The following regulations shall apply to such units:
- (1) There shall be no separate entrance or access for such units. Residents of such units shall be permitted to access the building from the same entrances as the market rate units, unless units are on the ground floor, in which case they shall have private entrances from the Clear Pedestrian Path.
- (2) Units shall comply with the minimum unit size requirements for affordable or workforce housing of this division.
- (3) Only the square footage within the unit itself shall count for the square footage above the As of Right Height.
- (c) **Off-Site Workforce or Affordable Housing.** Provide Off-Site Workforce Housing or Housing for Low and/or Moderate Income Non-Elderly and Elderly Persons pursuant to the requirements of Articles V and VI of Chapter 58 of the City Code and certified by the Community Development Department within the City of Miami Beach. 1.5 square feet of floor area may be built above 125 feet for each square foot of Workforce Housing or Housing for Low and/or Moderate Income Non-Elderly and Elderly Persons provided off-site within the City of Miami Beach. The following regulations shall apply to such units:
- (1) Units shall comply with the minimum unit size requirements for affordable or workforce housing of this zoning district.
- (2) Only the square footage within the unit itself shall count for the square footage above the As of Right Height.
- (3) The housing shall be provided prior to the development obtaining a Certificate of Occupancy.
- (4) If the housing cannot be provided prior to the development obtaining a Certificate of Occupancy, a contribution into the public benefits trust fund shall be made in the amount

identified in Appendix A for each 0.5 square feet of floor area that is above the As of Right Height.

- (d) **LEED Platinum Certification.** Obtain LEED Platinum Certification or International Living Future Institute Living Building Challenge Certification. An additional 75 feet of height above 125 feet shall be provided for this option. This option shall be regulated per the Green Building Program in Chapter 133, Division 1; however, it requires that the participant post a sustainability fee payment bond or issue full payment of the sustainability fee in the amount of ten (10) percent of the total construction valuation of the building permit, as opposed to the five (5) percent as required in section 133-6(a) and that the following Compliance Schedule be utilized:

Certification Compliance Schedule

<u>Level of Certification Achieved</u>	<u>Sustainability Fee Reimbursement to Participant for Meeting Certain Green Building Certification Levels</u>
<u>Failure to obtain Certification</u>	<u>0% refund of bond or payment of Sustainability Fee</u>
<u>LEED Certified</u>	<u>30% refund of bond or payment of Sustainability Fee</u>
<u>LEED Silver Certified</u>	<u>40% refund of bond or payment of Sustainability Fee</u>
<u>LEED Gold Certified or International Living Future Institute Petals or Net Zero Energy Certified</u>	<u>60% refund of bond or payment of Sustainability Fee</u>
<u>LEED Platinum or International Living Future Institute Living Building Challenge Certified</u>	<u>100% refund of bond or payment of Sustainability Fee</u>

- (e) **Self-Sustaining Electrical and Surplus Stormwater Retention and Reuse.** Provide storm water retention that is over and above the minimum requirements in order to accommodate offsite storm water, including the reuse of such storm water through purple pipes throughout the building, in a manner to be reviewed and approved by Public Works. Additionally, the entire building shall be fully self-contained in terms of electrical power through the use of solar panels and similar electricity generating devices. An additional 75 feet of height above 125 feet shall be provided for this option.
- (f) **Public Recreation Facilities.** Provide active recreation facilities that are available to the general public. Two (2) square feet of floor area may be built above 125 feet for each square foot of recreation facilities provided. The facilities shall serve a recreational need for the North Beach community, and consultation with the City's Parks and Recreation Department shall be required prior to submitting an application for Land Use Board Approval in order to determine the types of facilities that are most in need for the area. The facilities can include, but are not limited to, soccer fields, football fields, basketball courts, tennis courts, gyms, pools, and playgrounds. Such facilities can be located on ground levels, rooftops, above parking garages, or within habitable buildings. An operating agreement shall be submitted to the City and approved by the City Manager or designee. The operating agreement shall contain minimum hours of operation, cost of admission to cover

maintenance and operating costs, organized league information, signage to ensure the public is aware of the public nature of the facility, security requirements, reservation requirements, and other requirements as applicable. The agreement shall also ensure that residents of the building are not prioritized over the general public.

- (g) **Obtain Full Building Permit Within Three (3) Years.** Obtain a full building permit for a development project within three (3) years of the effective date of this ordinance. An additional 75 feet of height shall be provided for this option. The three (3) year period shall not be eligible for any extension of time and cannot be tolled by extensions or modifications of board orders or state extension of development orders. If a full building permit is not obtained within three (3) years, participation in an alternative option shall be required in order to achieve the additional height.

Sec. 142-747. – North Beach Public Benefits Fund.

- (a) The city has established a North Beach Public Benefits Fund. The revenue generated through the Public Benefits Program in section 142-748 shall be deposited in the North Beach Public Benefits Fund. Interest earned under the account shall be used solely for the purposes specified for funds of such account.
- (b) Earned fees in the North Beach Public Benefits Fund shall be utilized for the purposes outlined herein:
- (1) Sustainability and Resiliency grants for properties in North Beach Historic Districts;
 - (2) Uses identified for the Sustainability and Resiliency Fund, as identified in section 133-8(c) for North Beach;
 - (3) Improvements to existing parks in North Beach;
 - (4) Enhancements to public transportation and alternative modes of travel, including rights of ways and roadways that improve mobility in North Beach;
 - (5) Acquisition of new parkland and environmental and adaptation areas in North Beach;
 - (6) Initiatives that improve the quality of life for residents in North Beach.
- (c) For the purposes of this section, North Beach shall be defined as the area of the City located north of 63rd Street, excluding the La Gorce neighborhood, La Gorce Island, and Allison Island.
- (d) All expenditures from these funds shall require City Commission approval and shall be restricted to North Beach. Prior to the approval of any expenditure of funds by the City Commission, the City Manager or designee shall provide a recommendation.
