## **B. Employee Parking Plan / Transportation Demand Management (TDM) Plan**

1. As contemplated by Policy 5.5 of the Transportation Element of the City of Miami Beach 2025 Comprehensive Plan, the hotel shall provide a bicycle parking area on the property to serve guests and employees.
2. The owner shall offer a program to hotel employees to either obtain monthly passes from Miami-Dade Transit to allow employees to travel to and from the property without the need for automobiles.
3. The hotel shall offer employees, who have been employed for at least ninety (90) days, financial assistance of up to \$100 to cover the cost of purchasing a bicycle to travel to and from work.
4. The hotel shall appoint one employee of the hotel to serve as the Transportation Demand Management (TDM) Program Administrator, whose duties will include encouraging and facilitating employees' use of mass transit or bicycles for travel to work.
5. A bicycle storage room shall be provided on site for use by hotel guests and employees.
6. Showers will be available in the employee locker room for use by employees who travel to and from work by bicycle.
7. Guests shall be encouraged to use ride sharing transportation modes such as Uber or Lyft. As such, the hotel shall provide guests with an Uber Discount Code to encourage and facilitate the use of these services for first time users.
8. Guests shall be provided with promo codes for Citi Bike. Citi Bike currently has two (2) stations in close proximity to the property. We will work with Citi Bike to create a future station at our block.

### C. Parking Plan

1. Valet parking will be offered for all hotel, conference and banquet guests.
2. Mechanical Parking will be used for the valet operation.
3. Self-parking shall be available only to employees parking in areas of the garage not using mechanical parking.
4. There will be no self-parking on the hotel property for guests.
5. The proposed parking garage will be for employees only, and no guests will be utilizing the new parking garage.

### D. Ballroom and Rooftop Facilities

1. Food and drink shall be only during ballroom, conference and pre-function events
2. Alcohol shall be served at ballroom and pre-function events.
3. The rooftop facilities will be primarily used for pre-function events
4. The rooftop uses will never be used past 11pm, unless a Special Event Permit is approved by the City.
5. Outdoor entertainment is not proposed.
6. Outdoor speakers will be used in the rooftop area, but will be limited to ambient background music.

### E. Delivery Schedule

All deliveries shall occur through the designated off-street delivery area proposed within the interior of the property. Additionally, trash pickup will also occur internally within the property, as noted on the plans.

<u>Type of Delivery</u>	<u>Day of Week</u>	<u>Time of Day</u>
Waste/Trash pickup	7 days per week	Morning
Beverage	2 days per week	Morning
Food Products	3 days per week	Morning

## **F. Security Plan**

1. Cameras will be provided throughout the hotel in order to assist with security.
2. Hotel staff or security personnel will be available at all times 24/7 to provide security and address guest concerns.
3. During high occupancy of the ballrooms and rooftop, additional security will be provided.
4. During the evening hours when the ballroom and rooftop are in use, additional personnel will be provided depending on expected occupancy of each event.

Re: 4441 Collins Avenue Miami Beach, FL

To Whomever This May Concern,

I visited the above-mentioned property on Sunday, March 15, 2020 to evaluate 72 trees, verify condition and measurements, take photographs and note any significant defects.

While onsite I discovered an additional two palms and one tree and have added them to the evaluation spreadsheet and survey as appropriate. Please see attached tree table with data collected in the field including species, height, width, diameter at breast height (dbh), clear trunk, condition, condition percentage and notes. A revised tree survey with the additional trees/palms has also been attached. Tree numbers 62, 63 and 68 were not found.

Please find additional details and photographs below.
