Re: Request for Conditional Use Permit - Soul Tavern - 1801 West Avenue

Dear Tom:

This firm represents Soul Tavern 1, LLC (the "Applicant"), the Applicant for the property located at 1801 West Avenue ("Property"). The Applicant is proposing to convert the Property from its existing office use to a restaurant/bar use, with some remaining office use. Please consider this letter the Applicant's letter of intent in support of an application for a conditional use permit to allow the restaurant to exceed and occupant load of 125 persons in the Parking District No. 5.

The proposed restaurant on the site will be called Soul Tavern. The restaurant will be a rustic gastropub serving food developed from the five elements of Chinese medicine. Soul Tavern is a vegetarian concept offering a soulful experience to help cleanse the mind, body and soul in a relaxed and comforting space.

Description of the Property. The Property is approximately 8,000 square feet (approximately 0.18 acres) and is developed with a one (1) story office structure of approximately 3,876 square feet. The Property is located at the northeast corner of the intersection of 18th Street and West Avenue. The front of the Property consists of a parking area abutting 18th Street.

Development Plan. As you will see from the enclosed plans, the Applicant proposes to renovate the existing structure on the Property and repurpose it to provide for the proposed restaurant use (the "Proposed Development"). The renovation will consist of minimal exterior demolition and a re-roofing. Specifically, the plan provides for removal of portions of wall along the south and western frontage to place new window and door openings to increase accessibility to the structure. The existing

storefront will remain with the addition of some wood cladding on the façade. A new wood entry feature will also be added along the 18th Street frontage. Additionally, the plan provides for the removal of the existing asphalt and concrete paving that currently makes up the parking area on the Property.

Need for Conditional Use Approval. According to Section 130-33(b)(1) of the City's Land Development Regulations, an establishment for consumption of food or beverages with more than 100 seats and an occupancy load in excess of 125 persons shall be subject to the conditional use procedures in Section 118-193 of the City Code. The Proposed Development will have less than 100 seats, but will have an occupancy load of 205.

Operational Details. The proposed menu of the restaurant and details as to the Operational Plan are attached. The following is additional information on the proposed use:

<u>Number of Employees:</u>	Approximately 30 to 35 employees.
<u>Seats:</u>	The Applicant proposes to provide 127 seats at the restaurant, with 64 seats inside and 63 seats outside.
<u>Occupancy:</u>	The Proposed Development will have a maximum occupancy of 205 occupants, with a maximum of 93 occupants inside and a maximum of 112 occupants outside.
<u>Hours:</u>	Monday through Friday - 11:00 AM to 2:00 AM. Saturday and Sunday - 9:00 AM to 2:00 AM.
<u>Music:</u>	Outdoor speakers are proposed but will be limited to ground mounted speakers that are intended to keep the sound contained to the site. The speakers shall be placed throughout the outdoor area of the Property in a manner that will evenly distribute the sound in limited areas, so as to ensure that the sound will not project to other properties. The speakers are intended to be used while the restaurant is in operation.

Additionally, the property is not adjacent to any residential buildings.

Parking:

While no parking is required for the Proposed Development pursuant to Section 130-33(c)(7), the Property is next door to a large public garage which can service the restaurant. The Applicant does not propose to use valet parking; however, should valet parking be considered in the future, the Applicant agrees to come back to the Planning Board for review of a valet parking plan.

Garbage:

Soul Tavern will contract for private refuse disposal services. The current design approval provides for an air conditioned trash room, and will have up four large rolling bins for waste and compost. This should allow more than ample storage capacity for a single daily pickup, six days per week. Trash containers will be wheeled out of the trash room for curbside pickup between 7AM and 9AM & returned to the trash room. Except when otherwise being emptied or serviced, the containers will kept inside the building & not left out visible to the street.

Loading:

The Proposed Development provides for one loading space of approximately 200 square feet on the southeast portion of the Property.

Compliance with Relevant Code Standards. We believe the application, as submitted, is consistent with all of the relevant criteria of the City's Land Development Regulations. This letter will address each relevant criterion in turn.

Standard Conditional Use Criteria. Every conditional use application requires the Planning Board to determine an application's consistency with seven (7) criteria. Those criteria, codified in Section 118-192(a), are below, along with a description of the application's consistency with each:

1. The use is consistent with the comprehensive plan or neighborhood plan if one exists for the area in which the property is located.

The proposed development for the Property is consistent with the policies of the City's comprehensive plan. Restaurant use is a permitted use in the I-1 district.

2. The intended use or construction will not result in an impact that will exceed the thresholds for the levels of service as set forth in the comprehensive plan.

The renovation to the existing structure to transform from office use to restaurant use will not result in exceeding the threshold for levels of service set forth in the comprehensive plan. The new proposed restaurant use will be a welcomed addition to serve the neighborhood.

3. Structures and uses associated with the request are consistent with these land development regulations.

Both the existing building and the restaurant use are consistent with the I-1 zoning regulations.

4. The public health, safety, morals, and general welfare will not be adversely affected.

The proposed development will have no impact on the public's health, safety or welfare. The proposed commercial development is consistent with the pattern of commercial development to serve light industrial uses.

5. Adequate off-street parking facilities will be provided.

While no parking is required for the Proposed Development pursuant to Section 130-33(c)(7), the Property is next door to a large public garage which can service the restaurant.

6. Necessary safeguards will be provided for the protection of surrounding property, persons, and neighborhood values.

The proposed use will create no issues for neighboring property owners or persons.

7. The concentration of similar types of uses will not create a negative impact on the surrounding neighborhood. Geographic concentration of similar types of conditional uses should be discouraged.

The proposed small restaurant is meant to serve the mix of commercial and industrial uses in the area and is of a type encouraged in the Sunset Harbour area.

Conclusion. The Applicant is excited to bring this new restaurant to the Sunset Harbour area. We look forward to your recommendation on our application. If you have any questions or comments, please call me at 305-377-6229.

Sincerely,

A handwritten signature in blue ink, appearing to be 'MM' with a stylized flourish.
