

**DESIGN REVIEW BOARD**  
**City of Miami Beach, Florida**

MEETING DATE: April 5, 2016

FILE NO: 22959

PROPERTY: **600-700 Alton Rd– Waves**  
(500-702 Alton Road, 501-651 West Avenue)

APPLICANT: South Beach Heights I, LLC, 500 Alton Road Ventures, LLC, and 1220 Sixth, LLC.

LEGAL: See attached - 'Exhibit A'

IN RE: The Application for Design Review Approval requesting modifications to a previously issued Design Review Approval for the construction of a new mixed-use residential and commercial project including previously approved variances. Specifically, the applicants are requesting to increase the two new residential towers building heights (from 53'-0") to the maximum permitted building height (to 60'-0") and a variance to exceed the maximum permitted building height by 3'-0" (to 63'-0").

**MODIFIED SUPPLEMENTAL ORDER**

The applicant filed an application with the City of Miami Beach Planning Department for Design Review Approval and for one or more variances.

The City of Miami Beach Design Review Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

**I. Design Review Approval**

- A. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted is inconsistent with Design Review Criteria 3 and 8 in Section 118-251 of the Miami Beach Code.
- B. The project would remain consistent with the criteria and requirements of section 118-251 if the following conditions are met:
  - 1. All of the original conditions of approval by this Board shall remain in full force and effect under the Supplemental Final Orders dated May 5, 2015 and June 2, 2015 for DRB File No. 22959 except as modified herein.

**In accordance with Section 118-262, the applicant, or the city manager on behalf of the city administration, or an affected person, Miami Design Preservation League or Dade Heritage Trust may seek review of any order of the Design Review Board by the city**

**commission, except that orders granting or denying a request for rehearing shall not be reviewed by the commission.**

**II. Variance(s)**

A. The applicant filed an application with the Planning Department for the following variance(s):

1. A variance to exceed by three feet (3'-0") the maximum building height of 60'-0" within the CD-2 District in order to construct a new 5-story residential development up to 63'-0" measured from elevation of 9.00' NGVD.

B. The applicant has submitted plans and documents with the application that satisfy Article 1, Section 2 of the Related Special Acts, allowing the granting of a variance if the Board finds that practical difficulties exist with respect to implementing the proposed project at the subject property.

The applicant has submitted plans and documents with the application that also indicate the following, as they relate to the requirements of Section 118-353(d), Miami Beach City Code:

That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district;

That the special conditions and circumstances do not result from the action of the applicant;

That granting the variance requested will not confer on the applicant any special privilege that is denied by this Ordinance to other lands, buildings, or structures in the same zoning district;

That literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of this Ordinance and would work unnecessary and undue hardship on the applicant;

That the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure;

That the granting of the variance will be in harmony with the general intent and purpose of this Ordinance and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare; and

That the granting of this request is consistent with the comprehensive plan and does not reduce the levels of service as set forth in the plan.

C. The Board hereby grants the requested variance(s) and imposes the following conditions based on its authority in Section 118-354 of the Miami Beach City Code:

1. Substantial modifications to the plans submitted and approved as part of the application, as determined by the Planning Director or designee, may require the applicant to return to the Board for approval of the modified plans, even if the modifications do not affect variances approved by the Board.

**The decision of the Board regarding variances shall be final and there shall be no further review thereof except by resort to a court of competent jurisdiction by petition for writ of certiorari.**

**III. General Terms and Conditions applying to both 'I. Design Review Approval and 'II. Variances' noted above.**

- A. A Construction Parking and Traffic Management Plan (CPTMP) shall be approved by the Parking Director pursuant to Chapter 106, Article II, Division 3 of the City Code, prior to the issuance of a Building Permit.
- B. Where one or more parcels are unified for a single development, the property owner shall execute and record a unity of title or a covenant in lieu of unity of title, as may be applicable, in a form acceptable to the City Attorney. If there is a roadway or right-of-way between parcels, that parcel separated from the remaining development shall not be considered a unified development site and shall not be joined into the covenant in lieu of unity of title or unity of title for the actual unified development site. A separate covenant in lieu of unity or unity of title may be required for the 500 block.
- C. The final building plans shall meet all other requirements of the Land Development Regulations of the City Code.
- D. The Modified Supplemental Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
- E. Without exception, all concurrency fees shall be paid prior to the issuance of a Temporary Certificate of Occupancy or Certificate of Occupancy.
- F. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
- G. The Modified Supplemental Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
- H. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
- I. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations which were adopted by the Board, that the Application for Design Review approval is GRANTED for the above-referenced project subject to those certain conditions specified in Paragraph I, II, III of the Findings of Fact, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans approved by the Design Review Board, as determined by staff, entitled "600 Alton" as prepared by **Urban Robot, LLC**, dated 2/12/2016, modified in accordance with the conditions set forth in this Order and staff review and approval.

No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance as set forth in this Order have been met. The issuance of Design Review Approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original Design Review Approval was granted, the Design Review Approval will expire and become null and void, unless the applicant makes application to the Board for an extension of time, in accordance with the requirements and procedures of Chapter 118 of the City Code; the granting of any such extension of time shall be at the discretion of the Board. At the hearing on any such application, the Board may deny or approve the request and modify the above conditions or impose additional conditions. If the Full Building Permit should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the Design Review Approval will expire and become null and void.

Dated this 6<sup>th</sup> day of April, 2016.

DESIGN REVIEW BOARD  
THE CITY OF MIAMI BEACH, FLORIDA

BY:   
DEBORAH J. TACKETT  
DESIGN AND PRESERVATION MANAGER
