Re: "1212 Lincoln" Phased Development - Elevation Changes and Variances for Roof Deck.

Dear Tom:

This firm represents ARRP Miami, LLC, 1212 Lincoln, LLC, and Wells Fargo Bank (collectively the "Applicant") the owners of an assemblage of land located on the west side of Alton Road between 16 Street and Lincoln Road. Please consider this letter the Applicant's letter of intent in support of a modification of the approved of the 1212 Lincoln development in order to adjust the elevation to incorporate a taller first floor and for two minor variances related to the pool deck for the proposed hotel use.

The Property. The "1212 Lincoln" project spans the entire block on the west side of Alton just south of Lincoln Road: 1600, 1614, 1616, 1620, 1624, 1628, and 1634 Alton Road (hereinafter "the Property"). The Property is zoned Commercial Medium Intensity (CD-2) under the City's land development regulations and is located in the recently created Parking District No. 6 for the Alton Road corridor.

The subject property is developed with four commercial buildings of varying ages as well as a surface parking lot. Two structures have been recently demolished to make way for the proposed development.

Approved Development. The Design Review Board approved the development of most of the Property with an innovative commercial building and associated structured parking. The approved plan includes retail/market/restaurant uses on the first and second floors, addressing both Alton Road and Lincoln Road. The center of the project will be taken up with a pedestrian-friendly food hall or "mercado" area that is proposed to be the home of multiple small establishments, including multiple food and beverage uses and food purveyors. In essence, the Applicant seeks to develop this portion of the project as a modern version of a traditional marketplace.

We believe that this design concept will attract pedestrian activity along Alton Road in a manner simply not seen today. Pedestrian access to the mercado area will be from both Alton Road and 16 Street and has been encouraged by the architecture and orientation of the building. The design encourages pedestrian activity through the introduction of wide openings at the street level, attractive stairs leading from the Alton Road sidewalk to the second level, and the additional setback provided along approximately 60% of the Alton Road frontage. There is no ground floor pedestrian access to the alley currently proposed.

The next two levels and rooftop of the southern portion of the building will be devoted to parking. The northern portion of the project, separated from the south portion by a "grand stair" providing pedestrian access from Alton to the second floor, will consist of additional retail/service uses, including the relocated Wells Fargo bank branch, as well as the hotel use.

Proposed Modification. The Applicant has begun the permitting drawings for the project in earnest. During that process, it became obvious that some small changes will be necessary. The Applicant has determined that the project should be developed in a manner that accounts for the future rise in the streets surrounding the Property and therefore is proposing to raise the first floor of the building to twenty (20) feet, from the original sixteen (16) feet. This change is contemplated by the City's Land Development Regulations as a mechanism to ensure future compatibility of development in the City's commercial zones.

The Applicant has also further refined the roof plan for the building, which will include the hotel pool deck and landscaping. In order to accommodate the pool and create a pleasant and safe pool deck area, the Applicant has recognized the need to raise the decking surrounding the pool. Accordingly, the Applicant is proposing to create a pool deck of four feet above the roof line. Moreover, because the City is not recognizing the entirety of the proposed building as consisting of "the enclosed floor area

immediately one floor below" the roof, the Applicant is requesting a variance of the 50% maximum for roof decks. See Miami Beach Land Development Regulations 142-1161(a)(3)"

Variances. In order to realize its development plan, the Applicant is hereby requesting the following variances:

1. A variance to allow a roof deck to be located at five (5) feet above the roof where three (3) to four (4) feet would be permitted.
2. A variance to allow a roof deck to exceed 50% of the enclosed floor below.

Code Standards. The relevant listed standards in Section 118-353(d) are below and will be followed by a brief analysis. In general, these variances are minimal in nature and will have no impact on surrounding uses as the deck area will be buffered from adjacent residential uses by heavy landscaping.

- (1) special conditions exist that are peculiar to the applicant's land;

*This site is uniquely burdened by location, size, and surrounding development. The phasing of the development will require all roof decking to be located on the far north of the site. Moreover, the City's regulations do not allow the vast majority of the building to be considered for purposes of the analysis in Section 142-1161(a)(3). If the rest of the building was to be used in the percentage analysis, there would be no variance needed of that section of the Regulations.*

- (2) the special conditions were not created by the applicant;

*The Applicant did not create the special conditions inflicted on the Property, including the unusual application of the Regulations to this unique situation.*

- (3) granting the requested variance would not confer upon the applicant special privileges;

*The approval of the requested variances will only serve to allow the Property to operate properly as approved.*

- (4) literal application of the City's standards would result in unnecessary and undue hardship;

*This Property is so uniquely impacted by the above-described issues that it would cause unnecessary hardship on the Applicant if the variances were not approved.*

- (5) the variance would be the minimum necessary for a reasonable use of the land, building, or structure;

*The requested variances are minimal in nature and essentially invisible from surrounding properties. The variances have not been proposed in a manner that would lead to increased impacts on surrounding neighbors.*

- (6) the variance would be in harmony with the general intent of the City's regulations; and

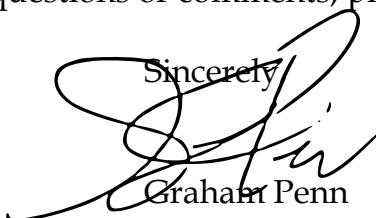

*The approval of the requested variances would permit the operation of an innovative and compatible development on this Property. The City's regulations are intended to promote compatible development throughout the City. The instant application seeks approval of a project that is compatible with its surroundings.*

- (7) the granting of the variance would be consistent with the City's comprehensive plan and does not reduce minimum levels of service established in the comprehensive plan.

*The requested variance will keep the development consistent with the Comprehensive Plan and will not intensify the development of the land in a manner inconsistent with established levels of service.*

Conclusion. The Applicant is excited to bring this new development to the Lincoln Road area. We look forward to your recommendation on this portion of our application. If you have any questions or comments, please call me at 305-377-6229.

Sincerely

Graham Penn
