I want to know , what and how much Gelber and his Evil group made of Levine has promised you Inept people, who does nothing besides Kissing Gelber's ugly behind.

I suggest you brush your teeth very well after you do lick Gelber's behind and I surely hope you spend all the money you get from your corruptions on medications with your kids. For ruining and allowing Gelber the Pig with Levin the Pig to ruin Miami Beach, to fill up their pockets , you are shameless Evil pigs who deserve to to live horrible lives. After how you screwed Washington Avenue to allow

***few rappers to build new hotels and
bring in Perpetrators , May God Dam
you and your family !***
