**B. Purpose of the program:**

- To meet the housing needs of the very low-, low- and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

**C. Fiscal years covered by the Plan:** 2022-2023, 2023-2024, 2024-2025

**D. Governance:** The SHIP Program is established in accordance with Sections 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

**E. Local Housing Partnership:** The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services, and lead agencies of the local continuums of care.

**F. Leveraging:** The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

**G. Public Input:** Public input was solicited through face-to-face meetings with housing providers, social service providers, local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

**H. Advertising and Outreach:** SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

**I. Waiting List/Priorities:** A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted, as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

Special Needs Essential Services Personnel
---

**J. Discrimination :** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

Additionally, the City of Miami Beach Human Rights Ordinance, as codified in Chapter 62 of the City Code, prohibits discrimination in employment, housing, public accommodations, or public services, on the basis of actual or perceived race, color, national origin, religion, sex, intersexuality, sexual orientation, gender identity, familial and marital status, age, ancestry, height, weight, domestic partner status, labor organization membership, familial situation, political affiliation, or disability.

**K. Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: homeownership counseling (Pre and Post), credit counseling, tenant counseling, foreclosure counseling, and transportation.

**L. Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	x
Local HFA Numbers	

**M. Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at [www.floridahousing.org](http://www.floridahousing.org).

*“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments more than the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.*

**N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments, shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county, or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to this annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 30 years or that have remaining mortgages funded under this program, must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. Administrative Budget:** A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

**Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states:** “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

**Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states:** “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. Program Administration:** Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	Income certification of applicants, annual reporting, fiscal management, marketing and outreach.	10%
Third Party Entity/Sub-recipient	N/A	

- R. First-time Homebuyer Definition:** For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes, and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*

**S. Project Delivery Costs:** In addition to the administrative costs listed above, the City will charge reasonable project delivery costs to cover project estimates/construction estimates and project inspections, which will be performed by independent contractors for construction projects. The fee will not exceed five (5) percent of the project cost and will be included in the loan amount, evidenced by a promissory note (“Note”), and secured by a recorded Mortgage and Security Agreement (“Mortgage”) and Declaration of Restrictive Covenants.

**T. Essential Service Personnel Definition (ESP):** **ESP includes** teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, and skilled building trades personnel.

**U. Describe efforts to incorporate Green Building and Energy Saving products and processes:** The City is committed to making the housing stock more energy efficient. Therefore, the City will require the use of the following features when economically feasible in the construction/rehabilitation of homes:

1. Low or No-VOC paint for all interior walls (low-VOC means 50 grams per liter or less for flat; 150 grams per liter or less for non-flat paint);
2. Low-flow water fixtures in bathrooms- WaterSense labeled products or the following specifications:  
Toilets: 1.28 gallons/ flush or less,  
Urinals: 0.5 gallons/ flush,  
Lavatory Faucets: 1.5 gallons/minute or less at 60 psi flow rate,  
Showerheads: 2.0 gallons/minute or less at 80 psi flow rate;
3. Energy Star certified refrigerator;
4. Energy Star certified dishwasher;
5. Energy Star certified ventilation fan in all bathrooms;
6. Water heater minimum efficiency specifications:
  - Residential Electric:
  - Up to 55 gallons= .95 EF or .92 UEF; or
  - More than 55 gallons= Energy Star certified; or
  - Tankless= Energy Star certified;
7. Energy Star certified ceiling fans with lighting fixtures in bedrooms;
8. Air conditioning (choose in-unit or commercial):

11. Insulate heating and cooling system ducts and seal airtight in accordance with §403.29 of the Florida Building Code-Energy Conservation.

**V. Default/Equity Sharing Policy:**

If, during the Affordability Period, the Premises are leased, rented, sold, conveyed, transferred (other than in the manner permitted in subsection (c) below) or refinanced (other than in the manner permitted in subsection (d) below), the Owner shall repay to the City the full Principal Amount at the time of any such lease, rental, sale, conveyance, transfer, or refinance of the Premises. If the net proceeds from such sale, conveyance or transfer are less than the Principal Amount, Owner shall retain the amount of the sales commission related to the sale, conveyance or transfer of the Premises and the cost of any improvements to the Premises which were provided/authorized by the City, and the City will recapture the remaining balance of the proceeds for use in other eligible SHIP Program activities.

Additionally, part of the profit realized from the sale, conveyance or transfer of the Premises shall also be paid to the City (“Profit Recapture Provision”) as follows: if the sale, conveyance or transfer occurs between the first and fifth year, the City shall be paid a percentage of the profit, based upon the percentage of the City’s contribution to the purchase of the Premises; to wit: if the sales price for the Premises was \$100,000 and the City provided a \$50,000 mortgage, the City shall also be paid 50% of the profit; if the sale, conveyance or transfer occurs between the sixth and tenth year, the City shall be paid fifty percent (50%) of the profit; and if the sale, conveyance or transfer occurs between the eleventh and fifteenth year, the City shall be paid twenty-five percent (25%) of the profit. The profit is defined as the sales price at the time of the sale, or fair market value (in the case of a conveyance or transfer), minus the sales price of the Premises at the time the homeowner acquired it with the assistance of the SHIP funds. Fair Market Value shall be determined pursuant to an appraisal, prepared by an appraiser who is licensed in the State of Florida, which shall be procured by the City and paid by the Owner. For assistance related to home improvements, where the homeowner has equity in the property at the time the City awarded funds to be used solely for home improvements (not in the case of when home improvements are awarded simultaneously with a purchase assistance award), the City will only share in the profit which accrues after the date in which the City provides the homeowner with the home improvement award. Additionally, in such case, the percentage of the award will be determined based upon the proportionate share that the home improvement award has to the fair market value of the property at the time of the award. For purposes of illustration, if the homeowner’s property is worth \$500,000 at the time the City provides the home improvement award of \$25,000, and the fair market value of the property increases to \$600,000 at the time of sale, the City would be entitled to 5% of the increased profit of \$100,000, in the total sum of \$5,000.

In the event that a foreclosure proceeding is commenced against the property by a senior mortgage holder, the City will make an effort to recapture funds through the legal process if it is determined that adequate funds may be available to justify pursuing a repayment.

If the owner sells or transfers the property during the Affordability Period, the City shall be given the first right to purchase the property based upon the same material terms being offered to the owner (the “Right of First Refusal”).

The owner will be allowed to refinance a senior mortgage without having to pay off the City’s loan, so long as the new loan amount does not exceed the then outstanding balance of the senior mortgage (without additional cash out) and will serve to lower the mortgage payment and/or interest rate.

In the event that title to the property is transferred by the death of the owner to a surviving heir, and said heir occupies the property as a principal residence, within six (6) months from the date of the owner’s death and meets the SHIP Program eligibility requirements, as determined by the City Manager, in his reasonable discretion, the City will approve the transfer.

**W. Describe efforts to meet the 20% Special Needs set-aside:**

The City will prioritize the following strategies for Special Needs categories:

- Purchase Assistance with Rehabilitation
- Owner-occupied Rehabilitation
- Disaster Repair

The City will add Special Needs qualification questions to its program eligibility application and utilize the City’s various communications resources (including its website, Facebook, Twitter, and e-newsletter) to advise the community of these resources.

In addition, the Office of Housing and Community Services (City department responsible for SHIP Program administration) operates the Success University Program, All Stars Program and the Parent Child Home Program. These programs are comprehensive family support programs that assist low-income families with various needs, including housing and food. The programs partner with more than 30 community-based human services and support agencies, and offer an increased opportunity for identification and referral of eligible households.

The City also serves as a Department of Children and Families ACCESS Center and will provide referral information to households receiving SSI/ SSDI and other benefits. Staff collaborates with the City’s American Disability Agency (ADA) Coordinator to promote services to vulnerable populations. Additionally, staff works with Miami Beach Police Department when encountering victims of domestic violence seeking services.

**X. Describe efforts to reduce homelessness:**

The Office of Housing and Community Services is the City department responsible for the Homeless Outreach Program. As such, it has direct contact with individuals who are homeless and living in the streets, as well as individuals/families that are facing the threat of homelessness. The City provides the following services: shelter beds, relocation services, identification document replacement services, and rent assistance to serve its homeless population. The current efforts balance accountability, compassion and efficacy while expecting the same from those the City serves.

Our community is one of the leaders in the County in its municipal efforts to address homelessness and curb its impacts. As one of only two municipal teams in the County, our City is the only municipality that operates a walk-in center where the homeless population can seek services in person. The City is leading local efforts to move away from the traditional case management model that centralizes services through a third party (not the client) to a care coordination model that empowers clients to take charge of their lives and creates the culture and skill-set to discourage the return to homelessness.

The City has created a comprehensive homeless strategy that emphasizes personal accountability, intradepartmental collaboration and innovation that responds to our community’s unique needs and assets while firmly founded upon compassion, integrity and efficacy. We have:

- Increased the number of shelter beds bought by the City and engaged more shelters such as Lotus House and Camillus House to ensure that we can offer the appropriate, culturally-competent support to any homeless persons or families seeking to end their homelessness. The City currently contracts shelter beds from: Miami Rescue Mission, Camillus House, The Salvation Army and Lotus House.
- Trained our emergency shelter partners on care coordination services so that clients take ownership of their personal success while having the supports and knowledge at their disposal to leave homelessness with an expectation – and the skills – not to return to the streets.
- The City is the only outreach team in the County that employs the homeless it places in shelter to serve as ambassadors to engage the homeless that remain on the streets. Through this program piloted in FY 16/17, the homeless are able to strengthen their engagement skills and transition back into an employment culture while looking for full-time employment and earning much-needed money to buy interview clothes and personal items. In turn, the City obtains the insight and knowledge base familiar with living in the streets and identifies the places and mindsets of those who remain for us to engage. This win/win model has also succeeded in shortening the length of time between placement in shelter and the securing of permanent employment.
- Encouraged intradepartmental collaboration between Police and the Homeless Outreach Services Program so that the first approach to those who are breaking our laws because they see themselves as homeless is to offer them shelter and the opportunity to end their homelessness -- rather than encourage a passive acceptance of their circumstances as an intractable fate.
- The Lazarus Project is a specialized, multi-disciplinary mobile outreach team that works to engage, assess, treat, and secure supportive permanent housing for service-resistant chronically homeless individuals who are severely mentally ill.
- The City has entered into an agreement with the Miami Dade County Homeless Trust to subcontract a comprehensive outreach team that provides specialized care for homeless individuals that suffer from substance abuse and/or co-occurring disorders.
