Subject: FW: MBSHS Uniform Quote

Mrs. Gonya,

Based on the draft design and rough idea of the uniforms, we're looking at \$450 each. I asked for a quote of 40, but purchasing more does reduce the price. In fact, many things can vary the price... BUT, \$450 X 40 is \$18,000. So uniforms ALONE could cost just under \$20,000.

Instrument purchases and repair I am estimating about \$10,000. An itemized estimate will take a little bit longer, but the initial investment would be around \$40,000, and then an annual budget of about \$10,000 for marching staff, music, and drill (the formations we make on the field) if we go that far with this.

Thanks!

Tyson
