THE ARTIST – SARA DE LOS REYES

Born in Oriente, Cuba, Sara and family immigrated the United States in 1969. She arrived New York in March of 1969 during a great snow storm which was a thrilling new experience.

She attended St Adalbert Grammar School in Elizabeth NJ and attended Battin High School the only all girl public school in the US at the time. She then continued her studies at Kean College and graduated with a Bachelor Degree in Economics and Marketing.

She took one art course during her college days, but pursued a conventional career as an IT professional.

You can color your life just like a painting, and you can make an object come alive with just a fresh coat of paint. Enjoy your day to fullest because what you can do today you may not be able to do it tomorrow. This two are Sara's principles of life, live, love, and laughs and create works of art.

Sara designed dresses, painted furniture, and started painting 3 dimensional multimedia works of art as early as 1982.

Sara designed the interior of her homes in South Beach Florida and New York City. She designed furniture, such as wrought iron beds and the SARA3D artworks, NY VIEW, GUGI I & II, Sunset I & II, Flying Fish, Walt Disney Concert Hall, SLOAN at MIT.

Her art work has been sold to art collectors from Maine to Florida.

Sara's art work is inspired by many artists as well as her travels to Latin & Central America, Japan, Germany, France, Mallorca, Spain and Sicily. She lives in South Beach where she gets her inspiration from the beautiful blue ocean.

Sara creates a SARA3D rendition from favorite pictures of your travels. She loves to create the world of SARA3D from views into places and things that people love. She uses glass, paper, crystal objects, and beads, acrylic paints on canvas.

Sara de los Reyes

Sara de los Reyes creates fascinating objects that hang on the wall. As paintings, her objects possess layers of depth and narrative qualities. Yet these quixotic objects are much more than flat pictures. Built with an all-inclusive love of materials, her compositions are piecemeal interpretation of great buildings and exotic lands executed with a flair for matching basic shapes to complex subject matter.

Rectangles become buildings; a blue ground becomes sky or water. She creates subtle, compelling relationships that endow found object materials with a greater meaning. Bright and tactile in disposition, her works invite seeing in the active sense.

The viewer completes Sara de los Reyes' puzzle and in the process learns to reconsider how meaning is built on the tenets of formal relationships. She captures the cacophonous resonance of modern baroque architecture using cut out shapes cobbled together with glue and paint. The result is a primitive and poetic nod towards the pleasures found in the basic constructive process.

A native of Cuba, she currently lives and works in Miami, Florida. Her works have been sold throughout the East Coast.

My name is Ami Glottmann. I was raised in Miami Beach, attended North Beach Elementary, Nautilus and MBSH. Left after graduating HS and came back 30 years ago. I have been married for 28 years, and raised my 3 children here. I had a successful career in retail for over 20 years however when my son Joshua was born 23 years ago with a congenital heart disease, I stopped working to take care of him - Joshua is thriving! I have appreciated my free time and flexibility to take care of my ADORABLE 87 year old mom and my beloved dog Dr. Watson.

I have served on several boards, Mother's Voices, The Cushman School for many years and am still active. Our family has been very involved in Big Brother and Big Sisters for decades, Jack was board chair..but enough about him! As a family we volunteer at Camillus House. Most recently I served as Southern Regional Chair of Save a Childs Heart for 4 years. I am currently in the Guardian ad Litem program. My husband Jack and I are active supporters of the Aspen Institute and believe in implementing those practices in Miami Beach.

Not having a corporate job has been great all these years but now as an empty nester, I would like to give back to my community. I believe in our city and value our many cultural resources. I would be proud to serve on the Cultural Arts Committee and honored to serve our community.

When I started my Real Estate Career in 1995 in Miami Beach, I focused on the sale of condos within the Art Deco District. I fell in love with MiMo Architecture & Danish Modern design through my first home purchase at Belle Towers. Early on, I volunteered for several local events, including Winter Party, and the Gay & Lesbian Film Festival. After residing in the Deco District for several years, I moved to North Beach from 1999-2003, then moved back to South Beach, and resided in Lincoln West, before moving to Sunset Harbour, where I resided for 14 years. I became a member of the Commission for Women in 2007, then joined the Mayor's LGBT AdHoc committee in 2008. One of our main goals in this committee was to create Miami Beach Gay Pride. In 2008, my wife and I registered as Domestic Partners, and we married in 2013. We have been together for 15 years now, and have 2 children. We purchased our home in 2016 in Normandy Isle to give our family a unique quality of life that can be experienced in a single-family neighborhood located seaside.

In my professional life, the majority of my sales have been within the boundaries of our great city. I've witnessed the birth of the South of Fifth neighborhood, the renovation of Lincoln Road (circa 1996), the creation of the Sunset Harbour neighborhood, and the public improvements in North Beach. In 2003, my brother and I began our team, Urban Resource, and focused in North Beach, primarily working with property owners who converted their buildings to condos. In 2008, we started offering property management services and opened our first office in Normandy Isle. In 2012, we started a full service real estate brokerage division in Urban Resource, where we help residents find their home in the area, either for rent or for sale, and assist investors purchase multifamily properties.

[THIS MESSAGE COMES FROM AN EXTERNAL EMAIL - USE CAUTION WHEN REPLYING AND OPENING LINKS OR ATTACHMENTS]

Good afternoon, Mayor and Commissioners.

All of you, with the exception of Commissioner Dominguez, received my email below with regard to the GO Bond Oversight Committee. With the Sunshine Law in mind, I am sending this to all of you so everyone receives the same info but understand we will need to have further discussion in individual appointments or at a full Commission meeting.

Mayor Gelber has once again nominated me for one of the new slots on the Committee and, this time, I am more comfortable accepting. I appreciated the thorough discussion I had with the City Attorney and am mindful of potential conflicts regarding the Botanical Garden's project. After further discussions regarding the Oversight Committee's process, it is clearer to me that those conflicts will be the exception rather than the rule. There will be instances where I will need to recuse myself but those are likely to be rare and, as such, would not impede the Committee's process. In addition to the Arts and Culture GO Bond, there are three other bonds that the Committee is charged with overseeing so there are many projects beyond the Garden.

I want to make sure we're all of the same understanding as to what you want from a Committee member. Know that I will consult with the City Attorney and City Staff with regard to any potential conflicts and err on the side of caution. My only objective here is to be of service if I can. I am honored to be considered (twice!). I would be happy to discuss this with you individually or in an open Commission meeting to ensure we are on the same page. If I can be helpful as a member of the Committee, I am happy to do that. If you feel this is not the right fit, that's okay too.

Thank you for your time and I look forward to continuing to work with all of you (in any capacity) in service of this wonderful City.

Warm regards,
Susan

Mayor and Commissioners,

Good morning. I want to thank the Mayor for his confidence in me through his nomination to the GO Bond Oversight Committee and appreciate the time to further clarify what that would mean. Following a conversation with the City Attorney, I have asked the Mayor to withdraw my nomination.

While resigning from the Garden Board is not an issue, my questions surrounded what serving would mean for the Garden's GO Bond projects. The Garden Board has asked me to chair the steering committee that will see this through. If I were to serve on the Oversight Committee, I would have to recuse myself not only from Garden-specific discussions but any item that in any way could affect the Garden (e.g. overall discussions, discussions regarding the Holocaust

Memorial project, funding issues, etc.). Not only would I be an ineffective member, but that situation would not be fair to the other Committee members and organizations impacted.

Over the past year (and building on the prior five years I spent immersed in the City's resiliency and sustainability discussions), I nurtured the Garden's proposal from the beginning..."it's my baby," so to speak, and I am eager to continue to shepherd it through the process. It has the potential to be transformational for the Garden and Miami Beach. It would be my pleasure to serve the City in this way and I look forward to working with you in this capacity.

Again, my thanks to the Mayor for suggesting me for this role and to the consideration and thoughts you've all shared.

Warm regards,
Susan
