An application has been filed requesting a Certificate of Appropriateness for the construction an accessory b setbacks, lot coverage and open space requirements.

MDPL Position (from Jan 2023):

MDPL is supportive of this proposal to add a modest 2-story accessory structure in the backyard. We a the 1940 contributing single-family home by architect David T. Ellis, especially given the plight of histo applicants for their efforts, and we support the project subject to Staff recommendations.

An application has been filed requesting a Certificate of Appropriateness for the construction of a multi-family residential building.

MDPL Position:

MDPL is supportive of the proposed project, subject to the City of Miami Beach staff recommendations and potential neighbor impacts. We thank the applicant for presenting the project to our Advocacy Committee and for its location in the historic Palm View neighborhood.
