Letter of Intent / Scope of Work

1045 Pennsylvania Avenue
Miami Beach, FL 33149

This project consists of the restoration, renovation and modification of an existing, two story, main and secondary buildings along with associated site improvement. The intended use of the property is residential. The proposed design lowers the first-floor structure and raises the roof structure to accommodate a greater head height on both levels of the main building in complying with FEMA guidelines. The exterior architectural characteristics of both buildings shall remain intact and/or be restored to the original c.1925 design. The new program proposes minor modifications to the existing window and door openings. The only additional floor usage is the proposed roof terrace. This work is reflected within the design documents provided for this submittal.
