STAFF ANALYSIS

The subject property contains four buildings; the Contributing Sea Crest Apartments building located at 121 Ocean Drive, the Contributing Walburne Hotel building located at 125 Ocean Drive and two Non-Contributing buildings constructed in 2008, as part of the redevelopment of the site. The currently proposed scope of work is limited to the rear 7-story Non-Contributing building.

The applicant is requesting approval for modifications to the existing roof deck areas of the southern penthouse unit. Units 603 and 703 are proposed to be combined including the introduction of a new internal staircase accessing both levels, as well as the roof deck. Additionally, a new external spiral stair is proposed to be introduced to access the roof deck from the 7th level. Other modifications include the introduction of several shade structures, the extension of the terrace at the 7th level and the extension of the raised pool deck at the upper roof level. The roof deck areas are minimally, if at all visible from Ocean Drive and the modifications proposed will have no adverse impact on the two Contributing buildings on the site or the surrounding historic district.
