Comment 1: Please provide a narrative response to the comments listed below.

1. APPLICATION

- a. In the LOI respond to the Lincoln Road Signage District criteria outlined in Section 6.4.1(b)(ii) of the Land Development Regulations.

Response: Refer to revised LOI.

- b. The application in the application form should be TD Bank.

Response: Applicant information revised with TD Bank.

Comment 2: DEFICIENCIES IN PRESENTATION

- a. Provide historic resources report.
Response: Provided in revised HPB Package.
- b. The cover photo should be an existing photo of the 350 Lincoln Road building or a proposed rendering of the 350 Lincoln Road building.
Response: Revised cover photo with existing exterior photo.
- c. Remove sheet S06.
Response: Removed.
- d. In section on sheet TDB-FINS indicate the granite cladding in the drawing. It is not clear if the fin structures are proposed to be attached to the granite. Show the proposed LED lighting mounted to the back of the fins in the section. In the rendering, the fins appear to flat and illuminated but based on the plans, the fins are 6" deep and backlit. Please revise renderings to be more realistic.
Response: Fin details attached to the granite updated. Please refer to revised Architectural Plans and Exhibits in revised HPB Package.
- e. Provide a close up rendering of the fins daytime/nighttime that is realistic.
Response: Please refer to revised Architectural Plans and Exhibits with close up day & nighttime renderings in revised HPB Package and GIF file of animation of fins lighting.

Comment 3: DESIGN/APPROPRIATENESS COMMENTS (Recommendations)

- a. Staff believes the signage as proposed does not meet the intent of the Lincoln Road Signage District which is to provide well designed, unique and

proportional graphics and signage, that is consistent with the historic period of significance and which does not detract from the architectural character of the building. First, staff is concerned with the number of holes that would be drilled into the granite in order to install the fins. Second, the signage proposed appears to be typical corporate TD Bank signage. Also, similar fins appear to have been installed at the TD Bank location at 3140 N Miami Ave. Signage that takes advantage of the Lincoln Road Signage District regulations should be unique and artistic (see signage at CVS, Alvin Island and Wings).

Response: Please refer to revised Architectural Plans and Exhibits in revised HPB Package.

- b. Staff is not supportive of the currently proposed design and would recommend that the proposed signage follow the standard sign regulations or be redesigned in a manner that is more consistent with the Lincoln Road Signage District criteria.

Response: Please refer to revised Architectural Plans and Exhibits in revised HPB Package.

 Final Submittal File Naming

All PDF files must be named with the submittal deadline date and the type of document in the following format 'MM-DD-YYYY Document Name'. For example, if the deadline for first submittal is October 29, 2017 the file name would be '10-29-2017 Application'. Use this naming format for first and final CSS submittals. The uploaded file retains the name as it has been saved on your computer. The file name cannot be changed, and the file cannot be deleted once it is uploaded.
