### **THE PROJECT**

The applicant has submitted plans entitled “Espanola hotel-Matanzas Building” as prepared by DNB Design Group, signed and dated March 22, 2017.

**The applicant is requesting a Certificate of Appropriateness for the partial demolition, renovation and restoration of the existing 3-story structure and a variance to reduce the minimum size required for hotel units.**

### **COMPLIANCE WITH ZONING CODE**

A preliminary review of the project indicates that the application, with the exception of the variance requested herein, appears to be consistent with the City Code.

The above noted comments shall not be considered final zoning review or approval. These and all zoning matters shall require final review and verification by the Zoning Administrator prior to the issuance of a Building Permit.

### **CONSISTENCY WITH 2025 COMPREHENSIVE PLAN**

A preliminary review of the project indicates that the proposed **hotel use** appears to be **consistent** with the Future Land Use Map of the Comprehensive Plan.

### **COMPLIANCE WITH CERTIFICATE OF APPROPRIATENESS CRITERIA**

A decision on an application for a Certificate of Appropriateness shall be based upon the following:

- I. Evaluation of the compatibility of the physical alteration or improvement with surrounding properties and where applicable, compliance with the following criteria pursuant to Section 118-564(a)(1) of the Miami Beach Code (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):
  - a. The Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings as revised from time to time.  
**Satisfied**
  - b. Other guidelines/policies/plans adopted or approved by Resolution or Ordinance by the City Commission.  
**Satisfied**
- II. In determining whether a particular application is compatible with surrounding properties, the Board shall consider the following criteria pursuant to Section 118-564(a)(2) of the Miami Beach Code (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):
  - a. Exterior architectural features.  
**Not Applicable**
  - b. General design, scale, massing and arrangement.  
**Satisfied**
  - c. Texture and material and color.

**Satisfied**

- d. The relationship of a, b, c, above, to other structures and features of the district.  
**Satisfied**
- e. The purpose for which the district was created.  
**Satisfied**
- f. The relationship of the size, design and siting of any new or reconstructed structure to the landscape of the district.  
**Satisfied**
- g. An historic resources report, containing all available data and historic documentation regarding the building, site or feature.  
**Satisfied**
- h. The original architectural design or any subsequent modifications that have acquired significance.  
**Satisfied**

III. The examination of architectural drawings for consistency with the criteria pursuant to Section 118-564(a)(3) of the Miami Beach Code and stated below, with regard to the aesthetics, appearances, safety, and function of any new or existing structure, public interior space and physical attributes of the project in relation to the site, adjacent structures and properties, and surrounding community. The criteria referenced above are as follows (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):

- a. The location of all existing and proposed buildings, drives, parking spaces, walkways, means of ingress and egress, drainage facilities, utility services, landscaping structures, signs, and lighting and screening devices.  
**Satisfied**
- b. The dimensions of all buildings, structures, setbacks, parking spaces, floor area ratio, height, lot coverage and any other information that may be reasonably necessary to determine compliance with the requirements of the underlying zoning district, and any applicable overlays, for a particular application or project.  
**Satisfied**
- c. The color, design, surface finishes and selection of landscape materials and architectural elements of the exterior of all buildings and structures and primary public interior areas for developments requiring a building permit in areas of the city identified in section 118-503.  
**Satisfied**
- d. The proposed structure, and/or additions to an existing structure is appropriate to and compatible with the environment and adjacent structures, and enhances the appearance of the surrounding properties, or the purposes for which the district was created.

**Satisfied**

- e. The design and layout of the proposed site plan, as well as all new and existing buildings and public interior spaces shall be reviewed so as to provide an efficient arrangement of land uses. Particular attention shall be given to safety, crime prevention and fire protection, relationship to the surrounding neighborhood, impact on preserving historic character of the neighborhood and district, contiguous and adjacent buildings and lands, pedestrian sight lines and view corridors.

**Satisfied**

- f. Pedestrian and vehicular traffic movement within and adjacent to the site shall be reviewed to ensure that clearly defined, segregated pedestrian access to the site and all buildings is provided for and that any driveways and parking spaces are usable, safely and conveniently arranged and have a minimal impact on pedestrian circulation throughout the site. Access to the site from adjacent roads shall be designed so as to interfere as little as possible with vehicular traffic flow on these roads and pedestrian movement onto and within the site, as well as permit both pedestrians and vehicles a safe ingress and egress to the site.

**Satisfied**

- g. Lighting shall be reviewed to ensure safe movement of persons and vehicles and reflection on public property for security purposes and to minimize glare and reflection on adjacent properties and consistent with a City master plan, where applicable.

**Not Satisfied**

**An exterior lighting plan has not been submitted.**

- h. Landscape and paving materials shall be reviewed to ensure an adequate relationship with and enhancement of the overall site plan design.

**Satisfied**

- i. Buffering materials shall be reviewed to ensure that headlights of vehicles, noise, and light from Structures are adequately shielded from public view, adjacent properties and pedestrian areas.

**Satisfied**

- j. Any proposed new structure shall have an orientation and massing which is sensitive to and compatible with the building site and surrounding area and which creates or maintains important view corridor(s).

**Not Applicable**

- k. All buildings shall have, to the greatest extent possible, space in that part of the ground floor fronting a sidewalk, street or streets which is to be occupied for residential or commercial uses; likewise, the upper floors of the pedestal portion of the proposed building fronting a sidewalk street, or streets shall have residential or commercial spaces, or shall have the appearance of being a residential or commercial space or shall have an architectural treatment which

shall buffer the appearance of a parking structure from the surrounding area and is integrated with the overall appearance of the project.

**Satisfied**

- l. All buildings shall have an appropriate and fully integrated rooftop architectural treatment which substantially screens all mechanical equipment, stairs and elevator towers.

**Satisfied**

- m. Any addition on a building site shall be designed, sited and massed in a manner which is sensitive to and compatible with the existing improvement(s).

**Not Applicable**

- n. All portions of a project fronting a street or sidewalk shall incorporate an amount of transparency at the first level necessary to achieve pedestrian compatibility.

**Satisfied**

- o. The location, design, screening and buffering of all required service bays, delivery bays, trash and refuse receptacles, as well as trash rooms shall be arranged so as to have a minimal impact on adjacent properties.

**Satisfied**

#### **CERTIFICATE OF APPROPRIATENESS FOR DEMOLITION EVALUATION CRITERIA**

Section 118-564 (f)(4) of the Land Development Regulations of the Miami Beach Code provides criteria by which the Historic Preservation Board evaluates requests for a Certificate of Appropriateness for Demolition. The following is an analysis of the request based upon these criteria:

- a. The Building, Structure, Improvement, or Site is designated on either a national or state level as a part of an Historic Preservation District or as a Historic Architectural Landmark or Site, or is designated pursuant to Division 4, Article X, Chapter 118 of the Miami Beach Code as a Historic Building, Historic Structure or Historic Site, Historic Improvement, Historic Landscape Feature, historic interior or the Structure is of such historic/architectural interest or quality that it would reasonably meet national, state or local criteria for such designation.

**Satisfied**

**The existing structure is designated as part of the Espanola Way Local Historic District; the building is designated as a 'Contributing' structure in the historic district.**

- b. The Building, Structure, Improvement, or Site is of such design, craftsmanship, or material that it could be reproduced only with great difficulty and/or expense.

**Satisfied**

**The existing structure would be difficult and inordinately expensive to reproduce.**

- c. The Building, Structure, Improvement, or Site is one of the last remaining examples of its kind in the neighborhood, the country, or the region, or is a distinctive example of an architectural or design style which contributes to the character of the district.

**Satisfied**

**The existing structure is one of the last remaining examples of its kind and is a distinctive example of an architectural or design style which contributes to the character of the district.**

- d. The building, structure, improvement, or site is a contributing building, structure, improvement, site or landscape feature rather than a noncontributing building, structure, improvement, site or landscape feature in a historic district as defined in section 114-1, or is an architecturally significant feature of a public area of the interior of a historic or contributing building.

**Satisfied**

**The subject structure is designated as a ‘Contributing’ building in the Miami Beach Historic Properties Database.**

- e. Retention of the Building, Structure, Improvement, Landscape Feature or Site promotes the general welfare of the City by providing an opportunity for study of local history, architecture, and design or by developing an understanding of the importance and value of a particular culture and heritage.

**Satisfied**

**The retention of this structure is critical to developing an understanding of important Miami Beach architectural styles.**

- f. If the proposed demolition is for the purpose of constructing a parking garage, the Board shall consider it if the parking garage is designed in a manner that is consistent with the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings, U.S. Department of the Interior (1983), as amended, and/or the design review guidelines for that particular district.

**Not Applicable**

**The demolition proposed in the subject application is not for the purpose of constructing a parking garage.**

- g. In the event an applicant or property owner proposes the total demolition of a contributing structure, historic structure or architecturally significant feature, there shall be definite plans presented to the board for the reuse of the property if the proposed demolition is approved and carried out.

**Not Applicable**

**The applicant is not proposing total demolition of the existing ‘Contributing’ building.**

- h. The Dade County Unsafe Structures Board has ordered the demolition of a Structure without option.

**Not Applicable**

**The Miami-Dade County Unsafe Structures Board has not ordered the demolition of any part of the subject building.**

**STAFF ANALYSIS**

The subject structure originally known as the ‘Matanzas Hotel’ was constructed in 1925 and designed by Robert A. Taylor in the Mediterranean Revival style of architecture. The applicant is proposing the partial demolition, renovation and restoration of the existing 3-story ‘Contributing’ structure including design modifications to the original lobby space. The demolition requested is

related to the introduction of a new elevator adjacent to the original lobby. Staff has no objection to this request as the new elevator is not proposed to be located within and should not have any adverse impact on the original lobby space.

On February 14, 2017 the Board reviewed and continued the subject application to a date certain of April 10, 2017. Since the February meeting, the applicant has met with staff and has submitted revised plans in response to concerns expressed by the Board and staff. The currently proposed plans include the following modifications:

- A frameless glass window and door system is proposed to be installed within the lobby approximately 3'-0" behind the existing entryway.

Staff believes that the proposed modification outlined above addresses the concerns of the Board and should significantly reduce potential adverse impacts on the character of the Contributing building and the surrounding historic district.

### **RECOMMENDATION**

In view of the foregoing analysis, staff recommends the application be **approved**, subject to the conditions enumerated in the attached draft Order, which address the inconsistencies with the aforementioned Certificate of Appropriateness criteria and Practical Difficulty and Hardship criteria, as applicable.

**HISTORIC PRESERVATION BOARD**  
**City of Miami Beach, Florida**

MEETING DATE: May 9, 2017

FILE NO: HPB16-0082

PROPERTY: 1436 Drexel Avenue

APPLICANT: Clay Hotel Partnership, LTD c/o Infinity Real Estate.

LEGAL: Lots 1 and 2, Block 4-B, First Addition to Whitman's Subdivision of Espanola Villas, Plat Book 9, Page 147 of the public records of Miami Dade County, Florida.

IN RE: The application for a Certificate of Appropriateness for the partial demolition, renovation and restoration of the existing 3-story structure and a variance to reduce the minimum size required for hotel units.

**CONSOLIDATED ORDER**

The City of Miami Beach Historic Preservation Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

**I. Certificate of Appropriateness**

- A. ~~The Certificate of Appropriateness request shall be reviewed and approved by the Board at a later date, prior to the issuance of a Building Permit. The subject site is located within the Espanola Way Local Historic District.~~
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted:
  1. Is consistent with the Certificate of Appropriateness Criteria in Section 118-564(a)(1) of the Miami Beach Code.
  2. Is consistent with Certificate of Appropriateness Criteria in Section 118-564(a)(2) of the Miami Beach Code.
  3. Is not consistent with Certificate of Appropriateness Criteria 'g' in Section 118-564(a)(3) of the Miami Beach Code.
  4. Is consistent with Certificate of Appropriateness Criteria in Section 118-564(f)(4) of the Miami Beach Code.
- C. The project would be consistent with the criteria and requirements of section 118-564 if the following conditions are met:

1. Revised elevation, site plan and floor plan drawings shall be submitted and, at a minimum, such drawings shall incorporate the following:
  - a. Final design and details of the lobby, including material and finish samples shall be provided, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
  - b. Final design and details of the proposed shutters shall be provided, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board. The shutters shall be designed in a manner substantially consistent with available historical documentation. The shutters shall be a neutral color. Black or dark grey color shutters shall not be permitted.

**In accordance with Section 118-537, the applicant, the owner(s) of the subject property, the City Manager, Miami Design Preservation League, Dade Heritage Trust, or an affected person may appeal the Board's decision on a Certificate of Appropriateness to a special master appointed by the City Commission.**

## **II. Variance(s)**

- A. The applicant filed an application with the Planning Department for the following variance(s):
  1. A variance from the minimum 200 s.f. required hotel unit size within the "Contributing building to allow 31 hotel units ranging from 163 s.f. to 192 s.f.
- B. The applicant has submitted plans and documents with the application that satisfy Article 1, Section 2 of the Related Special Acts, allowing the granting of a variance if the Board finds that practical difficulties exist with respect to implementing the proposed project at the subject property.

The applicant has submitted plans and documents with the application that also indicate the following, as they relate to the requirements of Section 118-353(d), Miami Beach City Code:

That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district;

That the special conditions and circumstances do not result from the action of the applicant;

That granting the variance requested will not confer on the applicant any special privilege that is denied by this Ordinance to other lands, buildings, or structures in the same zoning district;

That literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of this Ordinance and would work unnecessary and undue hardship on the applicant;

That the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure;

That the granting of the variance will be in harmony with the general intent and purpose of this Ordinance and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare; and

That the granting of this request is consistent with the comprehensive plan and does not reduce the levels of service as set forth in the plan.

- C. The Board hereby grants the requested variance(s) and imposes the following condition based on its authority in Section 118-354 of the Miami Beach City Code:
1. Substantial modifications to the plans submitted and approved as part of the application, as determined by the Planning Director or designee, may require the applicant to return to the Board for approval of the modified plans, even if the modifications do not affect variances approved by the Board.

**The decision of the Board regarding variances shall be final and there shall be no further review thereof except by resort to a court of competent jurisdiction by petition for writ of certiorari.**

**III. General Terms and Conditions applying to both 'I. Certificate of Appropriateness' and 'II. Variances' noted above.**

- A. This Final Order consolidates all conditions and requirements for Certificate of Appropriateness and Variance approval as same as are contained herein, in the original Order dated February 14, 2017. Accordingly, this Order shall serve as the Final Order for the proposed project and, in the event of conflict between the provisions hereof and those of the February 14, 2017 Order, the provisions hereof shall control.
- B. A Construction Parking and Traffic Management Plan (CPTMP) shall be approved by the Parking Director pursuant to Chapter 106, Article II, Division 3 of the City Code, prior to the issuance of a Building Permit.

- C. Where one or more parcels are unified for a single development, the property owner shall execute and record a unity of title or a covenant in lieu of unity of title, as may be applicable, in a form acceptable to the City Attorney.
- D. All applicable FPL transformers or vault rooms and backflow prevention devices shall be located within the building envelope with the exception of the valve (PIV) which may be visible and accessible from the street.
- E. A copy of all pages of the recorded Final Order shall be scanned into the plans submitted for building permit, and shall be located immediately after the front cover page of the permit plans.
- F. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
- G. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
- H. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
- I. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
- J. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended and adopted by the Board, that the application is GRANTED for the above-referenced project subject to those certain conditions specified in Paragraph I, II, III of the Findings of Fact, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans entitled "Espanola hotel-Matanzas Building" as prepared by DNB Design Group, signed and dated December 21, 2016 and March 22, 2017, as approved by the Historic Preservation Board, as determined by staff.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the

conditions set forth in this Order. No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order, have been met.

The issuance of the approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required. When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original approval was granted, the application will expire and become null and void, unless the applicant makes an application to the Board for an extension of time, in accordance with the requirements and procedures of Chapter 118 of the City Code; the granting of any such extension of time shall be at the discretion of the Board. If the Full Building Permit for the project should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the application will expire and become null and void.

In accordance with Chapter 118 of the City Code, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations of the City Code. Failure to comply with this **Order** shall subject the application to Chapter 118 of the City Code, for revocation or modification of the application.
