Re: Certificate of Appropriateness for Renovation, Restoration and Partial Demolition of Existing 1- and 2-Story Buildings with New 1-Story Addition as Part of a New Restaurant Development and Waivers of Required Off-Street Loading Space and Required Demolition to Preserve Parking Credits and Existing Rear Setback at 224 2nd Street, Miami Beach, Florida 33139

Dear Debbie:

This firm represents Untario SB LP (the "Applicant"), the owner of the property located at 224 2nd Street also identified by 161 Washington Avenue (the "Property") in Miami Beach (the "City"). This letter serves as the required letter of intent in connection with a request for a Certificate of Appropriateness for renovation, restoration and partial demolition of existing 1- and 2-story buildings with a new 1-story addition as part of a new restaurant development and waivers of the required off-street loading space and amount of demolition to preserve parking credits and existing rear setback.

The Property. The Property, further identified by Miami-Dade County Property Appraiser Folio No. 02-3234-006-0040, is zoned Limited Mixed-Use Commercial "C-PS1" and is located at the southeast corner of Washington Avenue and 2nd Street. See Exhibit A, Property Appraiser Summary. The Property is also located within the Ocean Beach Local Historic District. The Property is bounded by streets to the west (Washington Avenue), north (2nd Street) and east (20 foot wide alley). The surrounding properties are as follows: a residential apartment building is west of the Property across Washington Avenue, Washington Park is

located to the north of the Property across 2nd Street, a City-owned dog park is to the east across the alley, and a City-owned surface parking lot is adjacent to the Property to the south.

The Property is currently developed with two buildings with an approximate total floor area of 4,119 square feet on a 6,500 square foot lot. A 1-story office building occupies the western portion of the Property and was originally built in 1917. A 2-story, 4-unit apartment building is located at the eastern portion of the Property and was originally constructed in 1937. The City's Historic Properties Database classifies both structures as "Contributing." See Exhibit B. Notably, through the years, both buildings have been extensively renovated, and remodeled numerous times, including large additions to the east and west of the office building, and a ground floor addition in the north and new second floor to the apartment building. As a result, the original structures have been substantially modified from their original conditions.

In 2014, the Historic Preservation Board issued a Certificate of Appropriateness for a proposed new restaurant, which included a new addition, modified exterior elevations and a "Dining Terrace" in between the existing structures. The prior owner did not act on the approval and it is no longer valid.

Restaurant Concept. The Applicant proposes to bring a new concept to Miami Beach: Impact Kitchen. Founded in 2015 in Toronto, Canada, Impact Kitchen is an all-in-one source for clean eating during breakfast, lunch and dinner while dismissing the common belief that healthy food is bland and boring. Founded on the premise that food has the power to shape our daily lives. That real, wholesome ingredients, prepared simply and with integrity, can provide us with the energy to take on the day with ambition and optimism. Impact Kitchen has been very successful in Canada and plans to bring the same level of success to Miami Beach. See Exhibit C, Impact Kitchen Menu and Supporting Documents.

Proposed Development Program. The Applicant proposes the adaptive reuse of the Property through renovation, restoration and partial demolition of the existing 1- and 2-story buildings and addition of a small 1-story structure unifying the existing buildings for a proposed new restaurant. The proposed renovations include a raised clerestory double-height space surrounded by a grand trellis in the central area of the western structure. This feature will help announce the restaurant at the intersection and provide natural light to the ground floor dining area. Also, a new ground-level addition will connect the existing structures and house the kitchen and other back of house areas for the restaurant.

Immediately to the north of the new addition and in between the 2 existing buildings, the Applicant proposes a courtyard for the restaurant with outdoor seating and lush tree canopy for beauty and shade. Additionally, the Applicant proposes to remove certain existing doors and windows on the east, west and north facades. Particularly on the northeast section of the façade, the Applicant is proposing three (3) floor to ceiling doors. Additionally, the Applicant is proposing full demolition of the ground floors and replacement of same with a hydrostatic floor slabs to ensure the safety and longevity of the building. The existing ground floors are not architecturally or historically significant.

Compliance with Certificate of Appropriateness for Demolition and Design Criteria. The Applicant's request complies with the Certificate of Appropriateness criteria in that the proposed improvement is compatible with the surrounding properties and the exterior architectural features and general design, scale, massing and arrangement are analogous to those of neighboring properties. The new addition seamlessly merges into the existing structures and its size, design and siting embraces the landscape of the district.

The proposed renovations and addition are appropriate to and compatible with the environment and adjacent structures, and enhance the appearance of the surrounding properties. The design and layout of the proposed site plan, as well as the new addition and existing buildings provide an efficient arrangement of land uses. The proposed new addition has been designed, sited and massed in a manner which is sensitive to and compatible with the existing improvements. Overall, the proposed project will positively impact the historic character of the neighborhood and district.

The proposed project requires partial demolition of the existing structures on the Property. As previously discussed, the Property has been extensively renovated and thus very limited features of the original structures remain. Accordingly, the existing structures could easily be reproduced. The existing structures are also not one of the last remaining examples of their kind in the neighborhood, the county, or the region, and it is not a distinctive example of an architectural or design style which contributes to the character of the district.

While the existing buildings are classified as "Contributing" the building has been extensively remodeled in the past, so it contains limited valuable historical features. Additionally, the Applicant proposes only partial demolition to enhance the existing structures and arrange the property into a unified

development. Accordingly, the Applicant's proposed renovation and partial demolition meet the Certificate of Appropriateness criteria for renovation and partial demolition.

Waiver of Required Off-Street Loading Space. The combination of existing and new square footage of the proposed restaurant requires 1 off-street loading space. However, the Property cannot accommodate the space on-site. Therefore, in accordance with Section 130-101(D) of the City Code, the Applicant requests a waiver of the off-street loading space requirement to place the loading space in the alley to the east of the Property. The Code grants the Historic Preservation Board the authority to waive this requirement for properties located within a locally designated historic district, or historic site, containing a contributing structure provided that a detailed plan delineating on-street loading is approved by the Parking Department. See Section 130-101(D), City Code. The Property is located within the Ocean Beach Historic District and both of the structures on the Property have been classified as "Contributing." Accordingly, the Applicant respectfully requests waiver of the off-street loading space requirement to permit the loading space to be located in the alley.

Waiver of Amount of Demolition. The Applicant proposes full demolition of the ground floors at the Property and proposes to replace them with hydrostatic floor slabs for safety and durability. As stated above, the existing floors do not contain significant architectural features. Section 118-395(b)(2)d.2. of the City Code grants the Historic Preservation Board the authority to waive the amount of demolition permitted under Section 118-395(b)(2)d.1. in order to preserve items such as existing parking credits and setbacks. The Historic Preservation Board may waive the requirements of Section 118-395(b)(2)d.1. if at least one of the Code enumerated criteria are satisfied. In this case, the Property satisfies at least two of the criteria. First, the Property maintains some of the original architecturally significant in terms of design, low-scale and massing. Additionally, in its early years, notable architects such as Henry Hohausser and L Murray Dixon were involved with certain additions and remodeling of the Property. Further, the original building was one of the first structures in the City. Accordingly, the Applicant respectfully requests a waiver of the amount of demolition at the Property in order to preserve the existing parking credits and existing rear setback.

Conclusion. The Applicant seeks approval of the cohesive redevelopment of the existing buildings into a new restaurant to welcome the innovative Impact Kitchen concept. The proposed design, renovation and addition complement the existing design, retain the low-scale profile, and will not have any adverse impact

Deborah Tackett, Chief of Historic Preservation

on the surrounding area. Rather, the proposed renovations and addition will be a visual improvement. We respectfully request your recommendation of approval of the Applicant's requests for a Certificate of Appropriateness and waivers of the off-street loading space and amount of demolition at the Property. If you have any questions or comments with regard to the application, please call me at 305-377-6236.

Sincerely,

Matthew Amster

OUR VALUES

Fuel Evolution

We are dedicated to the constant growth and evolution of our menu, our team, and our community. We create a dynamic environment by learning from experts in our field, supporting the education of our team, and valuing the insight and feedback to our customers.

Show Respect

We honour the elegant simplicity of ingredients and hold in high esteem the producers and artisans who create them. We are driven by an admiration for our customers and their goal of living well, and we are committed to serving them food created with passion and reverence.

Impact the Community

We believe that when you empower people to make healthy choices, they remain committed to a lifestyle that supports those goals. When we stop counting, obsessing, stressing, and 'dieting' we begin to feel better, love better, look better and live happier. This positive lifestyle has the potential to make a real and lasting impact on ourselves and the world around us.

Eat Real Food

When your food goes through processing, it loses a lot of its original character. Processed foods tend to be lower in nutrients and higher in preservatives.

Our Impact:

Food is perfect just the way it is: unmodified, unrefined, unprocessed. At Impact Kitchen, we only serve the highest-quality, nutrient-rich, real, whole foods.

Be Plant-Powered

From improving cell health to maximizing performance, a diet rich in plants helps keep you lean and healthy.

Our Impact:

Impact Kitchen uses the freshest, highest-quality, local, plant-based ingredients to pack a nutritional and delicious punch.

High Quality Protein is a Must

Protein is made up of amino acids which are the building blocks of bones and tissue. It helps us build muscle, keeps us satiated longer, and aids in increasing bone density. But make sure you reach for clean, ethically raised proteins; if your protein comes from an animal that was fed an unnatural diet and given hormones and antibiotics, then those substances are making their way into your system too.

OUR VALUES / OUR PHILOSOPHY / OUR ACTION

Healthy fats are critical to your overall health and have been shown to support metabolism, absorption of key nutrients, and immunity.

Our Impact:

We proudly incorporate coconut products, olive oil, avocado, nuts, seeds and grass-fed butter into our food.

Drink to Your Health

Hydration helps bring the good stuff to your cells and take the bad stuff out of your body. What you sip to quench your thirst matters.

Our Impact:

From organic cold-pressed juices, to sipping bone broths, smoothies, bold tea blends and coffee boosted with beneficial oils and spices, we make your healthy hydration a priority.

Be Sweet to Yourself

Associated with long-term issues like diabetes, chronic heart disease and obesity. Sugar gets you high and brings you crashing down – fast.

Our Impact:

You'll never find added conventional sugars in our food. At Impact Kitchen, we only sweeten your food with: coconut sugar, honey, and maple syrup.

[ABOUT IMPACT KITCHEN / OUR FOUNDERS / MISSION](#)

ABOUT IMPACT KITCHEN

Impact Kitchen was founded on the belief that food has the power to shape our daily lives. That real, wholesome ingredients, prepared simply and with integrity, can provide us with the energy to take on the day with ambition and optimism.

When we stop counting, obsessing, stressing, and 'dieting' we begin to feel better, love better, look better, and live happier. This positive lifestyle has the potential to make a real and lasting impact on ourselves and the world around us.

So we created a place where anyone can be confident that the food they are eating supports the life they want to lead. We work closely with our farmers and suppliers to ensure all our fresh, local, and organic ingredients are of the highest quality. With the support of our team of chefs, nutritionists, and fitness experts, we are dedicated to ensuring each item on our menu has a nutritional purpose (and tastes amazing too).

Whether you stop in for a coffee in the morning, grab a smoothie packed with antioxidants after a workout, or pull up a chair to connect with friends over a protein-packed meal for lunch or dinner, Impact Kitchen is your daily source of nourishment for your body, mind, and soul.

OUR FOUNDERS

Founded in 2015, Impact Kitchen is the brainchild of former personal trainer and nutrition expert, Josh Broun, and Frank Toskan (co-founder of M+A-C Cosmetics).

Josh had always been inspired by Frank's story of successful entrepreneurship and dedication to impacting the community, and the two built a strong relationship over many years of working together with Josh as Frank's trainer. During their sessions, they would discuss the gap in the Toronto marketplace for healthy places to eat and drink, and over time, an idea began to brew: what if there was a place that made living a healthier lifestyle easy and accessible? A place that served quality coffee, healthier baked goods, smoothies, cold pressed juices, bone broths, and a full breakfast, lunch, and dinner menu. A place where anyone would be able to find high-quality food for any meal of the day, everyday.

Together they found a spot in the up-and-coming wellness community of Corktown on King Street East, and built what has since become a hub for the community, a place where people come in for a quick bite or to linger with friends over a meal prepared by a team that prioritizes the health and well-being of its customers.

LEGAL: Lot 16, Block 9, of the Ocean Beach Subdivision, According to the Plat Thereof, as Recorded in Plat Book 2, Page 38, of the Public Records of Miami-Dade County, Florida.

IN RE: The application for a Certificate of Appropriateness for the partial demolition, renovation and restoration of the existing 1 and 2-story buildings and the construction of a new 1-story detached ground level addition, as part of a new restaurant development.

CORRECTED ORDER

(superseding the order recorded in O.R. Book 29046/Pages 1899-1908)

The applicant, 224 Sofi, LLC., filed an application with the City of Miami Beach Planning Department for a Certificate of Appropriateness.

The City of Miami Beach Historic Preservation Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

- A. The subject structures are classified as 'Contributing' in the Miami Beach Historic Properties Database and are located within the Ocean Beach Local Historic District.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted is consistent with the Certificate of Appropriateness Criteria in Section 118-564(a)(1) of the Miami Beach Code, is not consistent with Certificate of Appropriateness Criteria 'a', 'b' & 'd' in Section 118-564(a)(2) of the Miami Beach Code, is not consistent with Certificate of Appropriateness Criteria 'b', 'c', 'g', & 'l' in Section 118-564(a)(3) of the Miami Beach Code, and is consistent with Certificate of Appropriateness Criteria for Demolition in Section 118-564(f)(4) of the Miami Beach Code.
- C. The project would be consistent with the criteria and requirements of section 118-564 if the

Meeting Date: February 11, 2014

- i. The finish of the low wall facing 2nd Street shall consist of a high quality, non-stucco surface material, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - j. Final details of all exterior surface finishes and materials shall be required, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - k. Manufacturers drawings and Dade County product approval numbers for all new windows, doors and glass shall be required and all new proposed windows shall substantially match the original window configurations, in a manner to be reviewed and approved by staff, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - l. The final design and details of all exterior lighting shall be provided, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board. Interior lighting shall be designed in a manner to not have an adverse overwhelming impact upon the historic structure or the surrounding historic district.
 - m. All roof-top fixtures, air-conditioning units and mechanical devices shall be clearly noted on a revised roof plan and elevation drawings and shall be screened from view, and all kitchen exhaust ducting shall be contained within the building from the first floor through to the roof, in a manner to be reviewed and approved by staff, consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board. Any rooftop mechanical equipment, structures or screening not shown on the plans approved by the Board may require later Board approval.
 - n. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all applicable FPL transformers or vault rooms; such transformers and vault rooms, and all other related devices and fixtures, shall not be permitted within any required yard or any area fronting a street or sidewalk. The location of any exterior transformers, and how they are screened with landscape material from the right-of-way, shall be clearly indicated on the site and landscape plans, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - o. Prior to the issuance of a Certificate of Occupancy, the Architect for the project architect shall verify, in writing, that the project is consistent with the elevations, floor plans, site plan and landscape plans approved by the Planning Department for Building Permit.
2. A revised landscape plan, prepared by a Professional Landscape Architect, registered in the State of Florida, and corresponding site plan, shall be submitted to and approved by staff. The species type, quantity, dimensions, spacing, location and overall height of all

- b. Street trees shall be required along 2nd Street and Washington Avenue, placed with a minimum 36" clear space between the tree trunk and the back of curb, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
- c. Silva Cells in tree pits, with the City Standard black and white bound aggregate system and fertilization trench, irrigation, and two (2) up-lights per City standards, shall be required for all street and shade trees, in a manner to be reviewed and approved the Board.
- d. The utilization of root barriers and/or Silva Cells, as applicable, shall be clearly delineated on the final revised landscape plan.
- e. A fully automatic irrigation system with 100% coverage and an automatic rain sensor in order to render the system inoperative in the event of rain. Right-of-way areas shall also be incorporated as part of the irrigation system.
- f. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all backflow prevention devices. Backflow prevention devices shall not be permitted within any required yard or any area fronting a street or sidewalk, unless otherwise permitted by the Land Development Regulations. The location of all backflow prevention devices, and how they are screened from the right-of-way, shall be clearly indicated on the site and landscape plans and shall be subject to the review and approval of staff. The fire department shall require a post-indicator valve (PIV) visible and accessible from the street.
- g. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all post-indicator valves (PIV), fire department connections (FDC) and all other related devices and fixtures, which shall be clearly indicated on the site and landscape plans, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
- h. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all applicable FPL transformers or vault rooms; such transformers and vault rooms, and all other related devices and fixtures, shall not be permitted within any required yard or any area fronting a street or sidewalk. The location of any exterior transformers, and how they are screened with landscape material from the right-of-way, shall be clearly indicated on the site and landscape plans in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.

Meeting Date: February 11, 2014

- i. Prior to the issuance of a Certificate of Occupancy, the Landscape Architect for the project architect shall verify, in writing, that the project is consistent with the site and landscape plans approved by the Planning Department for Building Permit.
3. All building signage, with the exception of historic signage, shall be composed of flush mounted, non-plastic, individual letters and shall require a separate permit.
4. The final exterior surface color scheme, including color samples, shall be subject to the review and approval of staff and shall require a separate permit.
5. A traffic mitigation plan, which addresses all roadway Level of Service (LOS) deficiencies relative to the concurrency requirements of the City Code, if required, shall be submitted prior to the issuance of a Building Permit and the final building plans shall meet all other requirements of the Land Development Regulations of the City Code.
6. All new and altered elements, spaces and areas shall meet the requirements of the Florida Accessibility Code (FAC).
7. The project shall comply with any landscaping or other sidewalk/street improvement standards as may be prescribed by a relevant Urban Design Master Plan approved prior to the completion of the project and the issuance of a Certificate of Occupancy.
8. The Applicant agrees to the following operational conditions for any and all permitted primary and accessory uses and shall bind itself, lessees, permittees, concessionaires, renters, guests, users, and successors and assigns and all successors in interest in whole or in part to comply with the following operational and noise attenuation requirements and/or limitations.

a. OUTDOOR CONDITIONS

- i. The applicant shall ensure through appropriate contracts, assignments and management rules that these restrictions are enforced. Owner agrees to include the rules and regulations set forth in these conditions in any lease, contract or assignment.
 - ii. Exterior speakers, except those required to address Building and Life Safety Codes, shall not be attached to the exterior of any building or structure on the property. A distributed sound system may be permitted for ambient, background music, which does not interfere with normal conversation. An acoustic plan certified by an acoustic engineer for the proposed distributed sound system shall be submitted, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - iii. All music played at the establishment, both inside and outside, shall be limited to ambient, background music.

Page 6 of 10
HPB File No. 7413
Meeting Date: February 11, 2014

- iv. The restrictions on DJs, live music and special events at the subject property shall apply.
- v. Accessory outdoor bar counters are prohibited.
- vi. The applicant will prohibit patrons from operating electronic amplification devices on outdoor and open air areas, with the exception of headphones or earphones.
- vii. Owner agrees to install an exhaust system, if required by code, for any kitchen, that will substantially reduce grease and smoke that would otherwise escape to the surrounding area. This may include the installation of a fan in connection with the kitchen exhaust system within the interior of the building in order to reduce noise levels at the exhaust outlet. All duct work shall be chased internally.
- viii. There shall be no service or consumption of alcohol within the outdoor seating area after 2A.M.

b. NOISE CONDITIONS

- i. The Historic Preservation Board (HPB) and the Planning Director shall retain the right to call the owners and/or operators back before the HPB, at the expense of the owners and/or operators, to impose and/or modify any operating conditions, should there be a valid violation (as determined by Code Compliance) about loud, excessive, unnecessary or unusual noise or other conditions of this approval. An adverse adjudication of a violation against the owner or operator is not necessary for the board to have jurisdiction over the matter under this condition. This condition vests jurisdiction independent of any other condition hereof.
- ii. A violation of Chapter 46, Article IV, "Noise," of the Code of the City of Miami Beach, Florida (a/k/a "noise ordinance"), as amended, shall be deemed a violation of this approval and subject the approval to modification in accordance with the procedures for modification of prior approvals as provided for in the Code, and subject the applicant to the review provided for in the first sentence of this subparagraph.

c. OPERATIONAL CONDITIONS

- i. All trash containers shall utilize inflatable or other noise mitigating rubber wheels, or the path for the trash containers shall consist of a suitable finish that reduces noise, in a manner to be reviewed and approved by staff.
- ii. Adequate trash room space, air conditioned and noise baffled, shall be provided, in a manner to be approved by the Planning and Public Works Departments. Doors shall remain closed and secured when not in active use.

Page 7 of 10
HPB File No. 7413
Meeting Date: February 11, 2014

- iii. The trash room shall be located so as to be operationally accessible from Collins Court.
 - iv. Sidewalk café use adjacent to the property shall not be permitted, unless sidewalk cafe permits are issued for other restaurants on the south side of Second Street between Washington Avenue and Collins Avenue
 - v. Any kitchens and other venting shall be chased to the nearest roof and venting systems shall be employed as necessary to minimize or dissipate smoke, fumes and odors.
 - vi. Equipment and supplies shall not be stored in areas visible from streets, alleys or nearby buildings.
9. The applicant may be required to submit a separate analysis for water and sewer requirements, at the discretion of the Public Works Director, or designee. Based on a preliminary review of the proposed project, the following may be required by the Public Works Department:
- a. A traffic and neighborhood impact study shall be conducted as a means to measure a proposed development's impact on transportation and neighborhoods. The study shall address all roadway Level of Service (LOS) deficiencies relative to the concurrency requirements of the City Code, and if required, shall be submitted prior to the issuance of a Building Permit. The final building plans shall meet all other requirements of the Land Development Regulations of the City Code. The developer shall refer to the most recent City of Miami Beach's Traffic and Neighborhood Impact Methodology as issued by the Public Works Department.
 - b. Remove/replace sidewalks, curbs and gutters on all street frontages, if applicable. Unless otherwise specified, the standard color for city sidewalks is red, and the standard curb and gutter color is gray.
 - c. Mill/resurface asphalt in rear alley along property, if applicable.
 - d. Provide underground utility service connections and on-site transformer location, if necessary.
 - e. Provide back-flow prevention devices on all water services.
 - f. Provide on-site, self-contained storm water drainage for the proposed development.
 - g. Meet water/sewer concurrency requirements including a hydraulic water model analysis and gravity sewer system capacity analysis as determined by the Department and the required upgrades to water and sewer mains servicing this project.

Page 8 of 10
HPB File No. 7413
Meeting Date: February 11, 2014

- h. Payment of City utility impact fees for water meters/services.
 - i. Provide flood barrier ramps to underground parking or minimum slab elevation to be at highest adjacent crown road elevation plus 8".
 - j. Right-of-way permit must be obtained from Public Works.
 - k. All right-of-way encroachments must be removed.
 - l. All planting/landscaping in the public right-of-way must be approved by the Public Works and Parks Departments.
10. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
11. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
12. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
13. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
14. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended by the Board, that the Certificate of Appropriateness is GRANTED for the above-referenced project subject to those certain conditions specified in paragraph C of the Findings of Fact (Condition Nos. 1-14 inclusive) hereof, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans approved by the Historic Preservation Board, as determined by staff, "224 2nd Street", as prepared by STA Architectural Group dated December 18th, 2013.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Final Order. No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance, as set forth in this Final Order, have been met.

Page 9 of 10
 HPB File No. 7413
 Meeting Date: February 11, 2014

The issuance of this Certificate of Appropriateness does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required. When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original Certificate of Appropriateness was granted, this Certificate of Appropriateness will expire and become null and void. If the Full Building Permit for the project should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), this Certificate of Appropriateness will expire and become null and void.

In accordance with Section 118-561 of the City Code, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations of the City Code. Failure to comply with this **Order** shall subject this Certificate of Appropriateness to Section 118-564, City Code, for revocation or modification of the Certificate of Appropriateness.

Dated this 5th day of December, 2014.
